

A personal Catalogue of Known Personalized Stamps issued 18 June 2019 – 31 December 2019

NZ Post introduced a new type of Personalized Stamp on 18 June 2019. CAL's (Customised Advertising Labels) were discontinued on 17 June 2019. The new personalized Stamps are similar to CAL's but have several salient features.

- Unlike previous NZ Post Personalised Stamps, the image is now part of the stamp, not just printed on the side tab.
- Unlike the new Personalised Stamps, from 2007 onwards CAL's had a red (or white) strip down one side, showing only the NZ Post logo and denomination. Issues from 2004 – 2006 had either a gray, caramel, or red strip down the right hand side, along with the NZ Post logo, and denomination. No word 'New Zealand'.
- The new Personalised Stamps have a white area on the right hand side, with 'New Zealand' printed in red, along with the NZ Post logo, and stamp denomination. They were available at 2019 postal rate values in 3 denominations, either gummed or S/A (self adhesive) formats: \$1.30 (local post), \$2.60 (large letter), and \$3.30. Minimum run number for printing is 1 sheet (50 stamps). Booklets of 10 stamps can also be printed, with a minimum run of 100 booklets.
- There will be no annual Collector's Pack, or 'catalogue' of the new personalized Stamps provided by NZ Post.
- This listing only has those stamps that we have sighted in person. There will have been many more issues produced that we are unaware of. Reprints are listed with a different reference number only where there is a distinguishable difference. If you know of other stamps that have been commissioned please feel free to send details to either warm@bigpond.net.au or jj.blyth@farmside.co.nz so that we can authenticate their existence and add them to an appendix.

Known NZ Personalised Stamps 2019
