* In principal streets only. † And after arrival of steamers. ‡ And on Saturday, after arrival of Christchurch mail, letters only, in business portions of town. § And after arrival of steamers from Auckland up to 6 p.m. ¶ And on Wednesday and Saturday on arrival of Auckland mails.

NOTE.—Letter-carriers' weekly half-holiday: No afternoon delivery on (a) Wednesday, (b) Thursday, (c) Friday, (d) Saturday. Correspondence may be obtained on application at the delivery-counter of the post office.

Business Hours.

All post-offices are opened for delivery of letters, sale of stamps, receipt and delivery of parcels, and registration of letters, &c., from 9 a.m. to 5 p.m. on week-days only. Money-order and savings-bank business is transacted at certain offices and hours named at pages 119-122 of the Postal Guide, on week-days only.

Certain post-offices specially authorized by the Postmaster-General may be closed during the periods of sorting and despatching mails.

Telegraph.—The hours of attendance at offices where telegraph business is transacted, and a list of these offices, will be found at pages 127-141 of the Postal Guide.

Post Office and Telegraph Holidays.—The statutory post-office and telegraph holidays are New Year's Day, Good Friday, Queen's Birthday, Prince of Wales's Birthday, and Christmas Day.

Delivery.

Deliveries from office counters, &c., are made from 9 a.m. to 5 p.m. on week-days, but certain Post Offices specially authorized by the Postmaster-General may be closed during the periods of sorting and despatching mails.

Letter-carriers and messengers are prohibited from distributing any letters, newspapers, &c., except such as have passed through a Post Office. They are not allowed to deliver in the street or elsewhere except at houses or places of business, even to addressees; nor are they allowed to deliver under doors. They are not permitted to receive any payment beyond the postage for the delivery or collection of any letter or newspaper, or to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas gratuities. For delivery of parcels by parcel post, see regulations under "Inland Parcel Post," page 87-88 of the Postal Guide.

No person living within the town free delivery can claim to have his letters delivered at the office if a delivery by letter-carrier is about to take place; but letters which arrive by a mail, after which there is no immediate delivery by letter-carrier, may be obtained by any person on application at the office, so long as it is open for delivery.

Receipts must be given for all registered articles upon delivery thereof.

Letters addressed to the Post Office, or to be kept till called for, may be obtained at the office, except where it is ascertained that it is the practice of persons living within the town delivery to have their letters so addressed, in which cases they will be sent out by letter-carrier. Letters for persons residing beyond any official delivery will be delivered on application at the office. It is not permitted to return any letter to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon (except under the provisions for special request, see "Special Request Letters"), as every letter must be delivered to the person to whom it is originally directed, and to him alone. No information must be given by a postal officer respecting letters, &c., which pass through a Post Office, except to the persons to whom they are addressed.

Private Boxes and Bags.

Private letter-boxes are provided for merchants and others upon payment, in advance, of the following fees:—

- (a.) For a term exceeding six calendar months and not exceeding one year, one pound (£1).
- (b.) For a term not exceeding six calendar months, ten shillings (10s.); and
- (c.) Provided that no private box shall be let for a term less than six months, to date from the day on which the same shall be let; and that, where there are two or more applicants for the same box at the same time, the preference shall be given to the person desiring to have the same for the longest term.

No private box can be held in the joint names of a number of persons unless it be known that the applicants are in business partnership. Private persons are not permitted to join in renting a private box. Subject to the above restrictions, any person can have a private box who is willing to pay the appointed rent. No person can be permitted to engage a private box for Sunday or certain day or days only.

Letters directed to any person renting a private box, and letters directed to members of the family or servants, also letters directed to the care of the box-holder, will be deposited in the box (unless written notice be given to the contrary). The registered and

unpaid correspondence will be retained by the delivery-clerk, and the box-holder notified by means of cards placed in the box.

Each box is provided with a door, lock and key, which must be kept in repair at the holder's expense.

Private box-lobbies at chief post offices are open on week-days from 8 a.m. to 10 p.m. At all other offices the hours are irregular, and vary from 8 a.m. to 10 p.m., and 9 a.m. to 8 p.m., according to local requirements. The lobbies are also open on Sundays and holidays but at irregular hours.

Persons residing upon mail routes requiring the accommodation of private bags can obtain the same upon payment, in advance, of the under-mentioned fees to the Chief Postmaster of the district, and subject to the following regulations:—

- (a.) The fees payable for private mail bags shall be—For a term exceeding six calendar months and not exceeding one year, two pounds (£2); for a term not exceeding six calendar months, one pound (£1). Provided that no private mail bag shall be let for a term less than six months, to date from the day on which the same shall be let.
- (b.) The bag must be of leather, with a lock and two keys, and provided and kept in repair at the cost of the person requiring it. When empty it must not exceed two pounds in weight. All private bags must be approved by the Postmaster.
- (c.) The Postmaster must securely lock the bag before despatching it, and it must be returned to the Postmaster in the same manner.
- (d.) The bag must only contain correspondence for persons connected with the establishment of the owner of the bag, or who may be in his employment; and it must be distinctly understood that such owner is responsible for the postage of all unpaid letters, and for returning receipts for all those which may be registered.

Mail contractors are bound to convey and deliver, free of charge to the holders, all private bags given to them by Postmasters or under their instructions, but are not required to deviate from the prescribed mail route, and are on no account to be delayed. Should a return bag not be ready at the appointed time and place, the Contractors are not required to wait for it.

Unclaimed Letters.

On the first day of each month a list is exhibited at each Post Office in the Colony of the addresses of all letters received from places beyond the Colony that have remained unclaimed for two months at such Post Office, exclusive of the month in which they were received; and such of these letters as remain unclaimed at the end of a further period of one month are then forwarded to the Dead Letter Office, to be returned unopened to the countries where they originated. Unclaimed letters originating in the Colony are not advertised, but at the end of one month are forwarded (excepting special-request letters) to the Dead Letter Office, Wellington, there to be opened and returned to the writers.

Special Request Letters.

Letters posted in the colony, having the names and addresses of the senders written, printed, or embossed on the address side or on the fly of the envelopes, are returned unopened to the writers or senders by Chief Postmasters, when not claimed within thirty days; and all such letters which have, in addition, a request on the address side of the cover that the letters be returned if not claimed within a stated period, are also returned unopened by Chief Postmasters. No such letters, however, will be returned unless they have remained in the Post Office to which addressed at least ten days.

Letters of this class originating at hotels, clubs, or places of public resort are not returned unopened by Chief Postmasters unless, in addition to the printed or embossed address on the cover, the name of the actual sender also appears.

The above instructions do not apply to the following classes of letters, which are sent to the Dead Letter Office:—Registered and official letters (excepting those otherwise specially directed), surcharged letters, and letters containing coin.

Times for Posting Correspondence.

Seaborne mails, as a general rule, are closed for ordinary correspondence one hour previous to the despatch of the mails from the Post Office, but by payment of a late fee (see § 4, page 76), letters may be posted until within twenty minutes of the time the mail leaves the office.

Late letters may also be posted on board steamers, and in the travelling post office and guards' vans of the principal trains. The late fee in all cases is, for places beyond the colony, an extra single rate of postage; and, for delivery within the colony, one penny additional postage.

Postage and Revenue Stamps, Registered-letter Envelopes, Post Cards, and Newspaper Wrappers.

Every Postmaster is required to keep for sale to the public a sufficient stock of the various postage and revenue labels and post-cards in use in the colony, and to sell them at the following prices:—

	s.	d.		£	s.	d.
Halfpenny labels	...	0 1	Eightpenny labels	...	0 0 8	each

Registered-letter envelopes are for foreign as well as inland letters. Sizes: 5½in. by 3½in., 6in. by 3½in., price 1d. each; 9in. by 5in., price 1d. each.

No person excepting a postal officer may, unless specially licensed by the Stamp Department, sell postage-stamps, post-cards, or newspaper wrappers. The penalty for such illegal sale is ten pounds.

To prevent the purloining of postage-stamps by the employees in large establishments, the stamps may be perforated with the initials of the firms, &c., so as to render the improper sale of such stamps a matter of difficulty. The perforation with initials of the stamps on post-cards and newspaper wrappers is also allowed; but permission in all cases must first be obtained from the Postmaster-General.

Stamps should be placed on the front of the letter, and upon the right-hand corner of the upper side. On re-directed letters, care should be taken not to place fresh stamps over the stamps which have been previously used.

Stamps which have been torn, cut, or otherwise rendered imperfect, except by perforation, cannot be used.

English, Victorian, and New South Wales postage-stamps may be obtained by persons desirous of sending a stamp or stamped envelope to their relatives or friends in the United Kingdom, Victoria, and New South Wales, in order to relieve them of the postage when sending replies. These stamps cannot be purchased in quantities of more than two shillings and sixpence worth at one time, nor are they permitted to be used for the purpose of making remittances.

Re-purchase of Stamps.

Postmasters in charge of money order offices are permitted, though not compelled, to purchase from the public New Zealand postage-stamps of not less value than 10s. (provided the stamps be not soiled or otherwise damaged), at a discount of 5 per centum.

To prevent the temptation to steal stamps attached to letters, which might be afforded by facilities for selling them, single stamps cannot be purchased. The stamps must in all cases be presented in strips of not less than two.

Rates of Postage.

Prepayment of postage can only be effected by means of postage-stamps.

CONDITIONS OF TRANSMISSION.

LETTERS.

Rates of postage.

- The rates of postage on letters posted in New Zealand are—
 - For delivery within the colony—
 - From the post office at which they are posted } 1d. for each ½ oz. or fraction thereof.
 - From any other post office than that at which posted } 2d. for each ½ oz. or fraction thereof.
 - Australian Colonies, and the South Sea Islands enumerated in Table A, page 72 } 2d. for each ½ oz. or fraction thereof.
 - Great Britain, British Colonies, and Foreign Countries (see list in Table B, pages 72 to 76) } 2½d. for each ½ oz. or fraction thereof.

Insufficiently-prepaid letters

- Letters not fully prepaid or posted wholly unpaid are charged double the deficiency at the prepaid rate, on delivery.

Dimensions.

- No letter should exceed 2ft. in length or 1ft. in width or depth.

Late letters.

- For sea-borne mails late letters may be posted till within twenty minutes of the time the mail is to leave the office. Late letters may also be posted on board steamers, in the railway travelling post office and in guards' vans of the principal trains. A late fee of 1d. must be affixed to late letters addressed to places within the colony, and of one additional single rate to all places beyond the colony.

Late fee.

5. Redirected letters are treated as if they were addressed direct from the first office of posting to their ultimate destination, no charge whatever being made for intermediate redirections. When letters are fully prepaid for their first destination, they are only charged on delivery the actual difference between the postage from the first office of posting to the ultimate place of destination, and the postage originally affixed to the letters. Thus, a ½ oz. letter prepaid 2d. and posted at Wellington for Auckland would be redirected free of charge thence to Dunedin, or to any place in Australia, but if subsequently redirected, say from Dunedin to London, it would be charged on delivery "1d." i.e., the postage from Wellington to London 2½d. less stamps affixed 2d. Redirected letters not fully prepaid for their first destination are charged double the difference between the postage from the original office of posting and the last place of redirection, and the postage affixed to the letters.

Redirected letters fully prepaid.

Insufficiently prepaid.

6. Letters, &c., from places beyond the colony, which have not been regularly posted at the office of despatch, are charged on delivery with full postage as from the country of origin, unless they are letters which it is not compulsory by law to send by post, in which case the inland letter rate only will be collected.

Letters from beyond the Colony not regularly posted.

7. Letters containing valuable articles should invariably be registered. If any unregistered letter is discovered to contain coin or bank-notes, it will be compulsorily registered and surcharged 6d.

Letters containing valuable articles, bank-notes, &c.

8. Letters addressed to or forwarded by any non-commissioned officer, members of the Cape regular service, army schoolmaster (not of the first class), army schoolmistress, soldier, or seaman, while actually employed in Her Majesty's service, may be transmitted within the colony, and between the colony and the Australian Colonies, India, British Ports in the Mediterranean, and the United Kingdom, at a charge of 1d. each; and to any post office within the British Dominions, via the United Kingdom, by British mail packet, at 2d. each, provided that the following regulations are observed:—

Soldiers' and sailors' letters may be forwarded at 1d.

- Each letter must not exceed ½ oz. in weight.
- If sent by any such privileged person, it must be superscribed with the name of the writer, his description or class in the regiment or vessel, and signed by the officer at the time in command.
- If addressed to any such privileged person, his description or class in the regiment or vessel must be specified thereon.
- If posted within the colony, the postage must be prepaid.

Letters of this description posted or received in the colony, not in accordance with the foregoing regulations, or if addressed to foreign countries, will be treated as ordinary letters.

9. For particulars as to letters not accepted for transmission, see "Articles not allowed to be sent by post," page 85.

Prohibited letters.

POST-CARDS.

Rates of postage.

- The rates of postage are—
 - For delivery within the Colony, Australia, and the South Sea Islands (mentioned at Table A, page 72) } Each single post-card, 1d.
Each reply-paid post-card, 2d.
 - For delivery in any other country (see Table B, pages 72 to 76) } Each single Postal Union post-card, 1½d.
Each reply-paid Postal Union post-card, 3d.

(Postal Union post-cards will be applicable to any of the countries mentioned at Table B, pages 72 to 76. Until these are printed and issued, affixing a 1d. stamp next the printed stamp on "single," and on each half of the "reply-paid" cards).

2. No post-cards other than those issued by the Government, or private post-cards stamped by the Government under the special authority of the Postmaster-General, can be used for the purpose of making a communication through the Post Office, unless such cards be prepaid the ordinary letter rate.

Only post-cards issued or stamped by Government admissible.

Conditions for
receiving and
stamping
private cards.

3. Private cards will be received from the public, and impressed with the penny postage-stamp, under the following conditions: A week's notice is to be given by the applicant, and a sample of the card to be used to be forwarded for the Postmaster-General's inspection. None but cards of approved quality and colour will be accepted. Each sheet must be of the size of 22in. by 15in., and must not exceed 2oz. in weight. Not fewer than fifty sheets of card can be received at one time. On each sheet presented for impression, the applicant's name or monogram is to be embossed or printed, and any printing must be thoroughly dry. Cards when impressed will be returned to the applicant in sheets of twenty-one impressions. No fee will be charged for stamping. Cash must accompany all cards to be impressed. No commission will be allowed upon private cards impressed for licensed vendors.

General conditions.

4. Post-cards must be sent unenclosed. The face is reserved for the postage-stamp, for inscriptions relating to the Postal Service—such as "Registered," "Acknowledgment of Delivery," etc.—and for the address, which may be written, or shown on a gummed label, not exceeding 2in. in length by 1in. in width.

The sender has also the option of indicating his name and address on the face or on the back of the card, either in writing or by means of a stamp, autograph-stamp, or any other typographical process.

On the reverse side, any communication, whether in the nature of a letter or otherwise, may be written, printed, engraved, or designed, except as provided in section 6. Excepting stamps for prepayment, and the address-labels above-mentioned, nothing whatever must be joined or attached to a post-card, unless it be addressed for delivery within the colony, in which case a receipt-stamp may be affixed to the back.

Reply-paid
post-cards.

5. The reply-half of a post-card received from any place outside of the colony can only be sent without extra charge to the country in which it originated; if addressed to any other country it is treated as an unpaid letter. 8. If "commercial papers" are included in a pattern or sample packet, then the rates applicable to "commercial papers" must be paid on such packets. "Printed papers" may also be enclosed with pattern and sample packets.

9. Pattern- and sample-packets bearing or containing writing beyond that authorised in section 5 of these rules, or such as may be closed against inspection, or contain enclosures not authorised by the foregoing rules (except such as are absolutely prohibited), if posted for any place within the colony, are sent to destination surcharged simple letter rate, less the postage already affixed. (The fine thus imposed on open packets must not exceed 6d. if the written matter does not represent more than a foolscap sheet of writing.) If addressed to any place beyond the colony, such packets will be detained, and sent to the Dead Letter Office for disposal.

10. Live bees and entomological specimens may be forwarded at sample-post rates to any place within the colony and to the United States, provided they are enclosed in covers so constructed as to avoid all danger and to allow the contents to be ascertained. The full title and date of publication shall be printed at the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page.

4. A supplement to a newspaper shall be deemed to be part of such newspaper for the purposes of the regulations, and shall consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets or on a piece or pieces of paper, or consisting wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper. The supplement shall in every case be published with the newspaper, and shall have the title and date of publication of the newspaper printed at the top of every page, or, if it consist of engravings, prints, or lithographs, at the top of every sheet or side.

5. A newspaper for any place within the colony must not contain any enclosure other than the supplement or supplements proper to the newspaper. Any other enclosure not in contravention of the rules for "printed papers" will render the newspaper liable to the charge for "printed papers."

6. If a "commercial paper" or some article coming within the definition of the "pattern- and sample-post" be enclosed in a newspaper, such paper and enclosure will be charged and treated under the regulations for "commercial papers" and "pattern and sample post" respectively.

7. A newspaper may either be forwarded like other printed papers under the regulations for "printed papers" or at the above rates for newspapers. This rule does, however, not apply to newspapers for the United Kingdom, the Australian Colonies, and the South Sea Islands, mentioned at Table A, page 72, which are subject to a uniform charge of 1d. each.

8. If more than one newspaper be enclosed in a packet sent by newspaper-post addressed to any place within the colony, an additional rate should be affixed for each newspaper. But such packet is not chargeable with a higher rate than would be payable on a book-packet of the same weight.

9. Packets of, or single, newspapers, if addressed to places beyond the colony and posted unpaid, are detained and advertised the same as ordinary "printed papers." Unpaid and insufficiently prepaid newspapers intended for delivery within the colony, and insufficiently prepaid newspapers for places beyond the colony, are forwarded to destination charged double the deficiency at the prepaid rate.

If directed to the care of the officer or to a name at the institution they shall be treated as ordinary newspapers.

11. "Newspaper exchanges" (i.e., newspapers exchanged between newspaper offices in the colony) are permitted to pass through the post free of postage, provided they are posted in single numbers, and addressed to the Editor, Proprietor, Publisher, or Manager. The title of the newspaper and the words "Newspaper Exchange only" must be written or printed on each cover above the address. Newspaper exchanges not complying with these rules will be charged as ordinary newspapers.

12. Not more than one copy of any issue of a newspaper intended for free transmission under the rules contained in the two preceding paragraphs will be forwarded free of charge. If more than one be posted not prepaid with postage a charge of 1d. shall be made for each extra newspaper enclosed.

3. The sender of a registered article may obtain an acknowledgment of its due receipt by the addressee, on payment, in advance, of an "acknowledgment fee" of 2½d., in addition to the ordinary registration fee.

4. The registration of an article renders its transmission much more secure; and the loss of a registered packet is a very rare occurrence. Nevertheless, the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account.

5. Valuable articles sent in unregistered letters are exposed to risk. All inland and Australian letters or packets, therefore, which unquestionably contain coin or bank-notes, even though they be posted without registration, are treated as "registered," and charged double the registration-fee, in addition to the ordinary postage; and any such letters, &c., which cannot be registered in time to be forwarded by the mail for which they are posted are detained for the next despatch.

6. It is prohibited to send to any of the countries mentioned at Table B, pages 72 to 76, any registered article marked on the outside with the declared value of the contents; and Postmasters must refuse to receive articles which are so marked.

7. It is forbidden to send coin, jewellery, or precious articles by letter-post to any of the countries enumerated at Table B, pages 72 to 76, which are not marked (b). Silver or gold coin may, however, be addressed to the United States in registered letters.

9. The registration to some countries is incomplete. In such cases articles are as a rule registered to the port of arrival, and the continuation of the registration thence to destination is left at the discretion of the country of arrival.

10. Every letter, &c., to be registered should be presented at the counter, and a receipt obtained for it, and must on no account be dropped into the letter-box.

11. No letter-carrier, messenger, or other servant of the Post Office is allowed to carry a letter for any person to be registered.

12. Letters may be registered during ordinary office hours, and for despatch by any mail, up to within one hour before the closing of such mail.

13. No article addressed in pencil, or directed to initials, or to a fictitious name can be registered.

(Under the Inland Parcel-post, however, fish, meat, game, eggs, &c., razors, scissors, needles, knives, forks, or other sharp instruments, are permitted to be forwarded if so packed as to prevent all risk of injury to other parcels or to the officers of the Post Office. Liquids, or semi-liquids, such as paint, &c., or glass in any form, are also received if so packed as to be secure from breakage.)

The transmission by post of gold, silver, precious stones, jewellery, &c., is prohibited in all countries mentioned at Table B, pages 72 to 76, which are not marked (b). Such articles may, however, be sent to such of the countries not so marked as have parcel-post exchanges with New Zealand, except in cases where the Parcel-post Regulations specially exclude their admission.

In Luxembourg the registration of packets containing gold, silver, jewellery, &c., is compulsory, and everything of value, except coin or bullion, is liable to duty.

In the undermentioned colonies, viz.—

 Articles of value are transmissible, and, with the exception of jewellery addressed to Ceylon, Newfoundland, and St. Vincent, are exempt from Customs duty. Their transmission is also permitted in

Letters for Italy or other countries sent forward on Italy, if containing gold or silver money, jewels or precious articles, registered or otherwise, are opened, the articles confiscated, and the letters sent on to destination.

In Spain and Victoria jewellery is dutiable, and liable to confiscation. Such trifling articles as photographs and Christmas cards are liable to duty, though a single photograph may be sent to Russia by post. All letters or packets containing prohibited or dutiable articles of any kind, however small the value, are confiscated in that country.

Miscellaneous Regulations and Suggestions.

The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered); nor is it responsible for any injury which a packet may sustain during its transmission.

To guard against such injury, all postal packets which are likely to suffer from stamping or from great pressure should be placed in strong covers; and it is recommended that such articles should be sent by parcel-post. Fragile articles should not be sent by post.

No information can be given respecting letters which pass through a post office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public. A Postmaster may, however, give an address if he has no reason to believe that the person whose address it is would disapprove of his doing so.

Certain other-wise prohibited articles may be sent by parcel-post.

Letters should not be conveyed except by Post Office.

The addresses on letters should be full and distinct.

Postmasters to examine packets, so as to detect infringements of rules.

Packets which might be injured through being subject to great pressure, should not be sent by post.

Except in the case of "special request" letters, post-cards, or circulars, Postmasters are not allowed to return any article to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address.

Postmasters are not bound to weigh letters, books, packets, or newspapers for the public, but they may do so if their duty be not thereby impeded. This rule does not apply to parcels, which are tested both as to weight and size before being accepted.

Postmasters are not bound to give change; and when money is paid at a post office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

No postal officer is permitted to take money in prepayment of postage, or to affix postage-stamps on letters, &c., posted at any post office. Postage-stamps should in all cases be affixed by the sender or person posting the correspondence.

Every letter or other article should contain the full address of the sender, in order to insure its return if the person to whom it is directed cannot be found. A much larger portion of the undelivered letters could be returned if the names and addresses of the senders were always plainly written inside or embossed on the envelopes.

The practice of sealing letters passing to and from countries with hot climates with wax (except such as is specially prepared) is attended with much inconvenience, and frequently with serious injury, not only to the letters so sealed, but to the other letters in the mail, from the melting of the wax and adhesion of the letters to each other. The public are therefore recommended, in all such cases, to use either wafers or gum, and to advise their correspondents in the countries referred to to do the same.

In order that no failure may occur in the delivery of newspapers through the covers becoming detached, it is recommended that the addresses be written on exposed parts of the newspapers themselves, as well as on the covers.

Neither money nor any other valuable article ought ever to be sent through the post, except by means of a money-order, postal note, or in a registered letter. Any person who sends money or jewellery in an unregistered letter, not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes.

Any person conveying (otherwise than by the post) a letter not exempted from the exclusive privilege of the Postmaster-General, incurs, by law, a penalty of £20 for every letter so conveyed.

Much difficulty is experienced in the delivery to their right owners of letters imperfectly addressed; and the Post Office has frequently incurred unjust censure either for unintentionally delivering such letters to wrong persons, or for declining the responsibility of delivering them at all. The address of every letter ought to be full and distinct; and, in the case of the larger towns, the name of the street (and occupation when any) should always form part of the address. The practice of addressing letters to a town only prevails to a large extent, and in such cases the letters are not only liable to suffer delay, but to be lost altogether through being delivered to wrong persons.

It is the duty of Postmasters, whenever they have ground for suspecting an infringement of any of the conditions relating to commercial papers, pattern and sample packets, newspapers, and printed papers generally, and occasionally even where there is no ground for suspicion, to open and examine packets posted at or passing through their offices.

To prevent obstacles to the regular transmission of letters, a Postmaster may, when necessary, delay forwarding any book-packets or newspapers until the following despatch.

The main business of the Post Office being the transmission of letters, the forwarding of book-packets and newspapers (which no one is compelled to send through the Post Office), though an important, is only a secondary object, for which no arrangement can be made which would interfere with the quick and regular conveyance and delivery of letters. Books and packets, therefore, which would be injured by being thrust into a bag and hurriedly pressed down like a bundle of letters, should not be sent through the post.

Inland Parcel Post.

REGULATIONS.

POSTING AND LABELLING.—In order that a parcel may go by Parcel Post, it must be handed in at a Post Office counter or delivery-window, and the postage due prepaid. The words "Parcel Post" should be written on the parcel, or on the label to be obtained from the Post Office for affixing to the parcel.

RATES OF POSTAGE AND WEIGHT.—The rates of postage for a parcel are:—

	s.	d.
Not exceeding 1lb. in weight ..	0	6
Exceeding 1lb., but not exceeding 2lbs. ..	0	9
2lbs. ..	1	0
3lbs. ..	1	3
4lbs. ..	1	6
5lbs. ..	1	9
6lbs. ..	2	0
7lbs. ..	2	3
8lbs. ..	2	6
9lbs. ..	2	9
10lbs. ..	3	0
11lbs. ..	3	0

No parcel exceeding 11lbs. in weight, or the dimensions hereafter specified, will be accepted; and unpaid or insufficiently prepaid parcels will be refused.

SIZE.—The dimensions allowed for a parcel are:—

	ft.	in.
Greatest length ..	3	6
Greatest length and girth combined ..	6	0

For example: A parcel measuring 3ft. 6in. in length may measure as much as 2ft. 6in. in girth. A shorter parcel may be thicker; thus, if it measure only 3ft. in length, it may be 3ft. in girth round its thickest part. The weights and dimensions given above apply only to parcels for places served by railway, coach, or steamboat.

FOR PLACES NOT SERVED BY RAILWAY, COACH, OR STEAMBOAT.—To all places not served by railway, coach, or steamer (a list of which will be found at page 89), only parcels not exceeding 5lbs. in weight, and not measuring more than 2ft. in length or 1ft. in breadth or depth, may be accepted, and provided they are not of such a fragile nature as to prevent their being sent with safety in the ordinary mail bag.

NOT TO BE POSTED IN POSTING-BOX.—Parcels exceeding 1lb. in weight are not to be posted in the posting-box, but must be handed over the counter or at the delivery-window of the Post Office, to the proper officer, by whom the size, weight, and postage will be checked before a parcel may be accepted. Parcels posted in the posting-box, unless admissible and fully paid at letter rate, will be charged on delivery with a fine of 6d., in addition to any deficient postage. This also applies to parcels posted in pillar and other posting-boxes.

MUST BE PREPAID.—The full postage must be prepaid by ordinary postage stamps, which must be affixed by the sender or the person handing in the parcel.

PARCELS CONTAINING LETTERS.—Any parcel which may be observed to contain a letter will be surcharged 1s.

PROHIBITED PARCELS.—Parcels bearing or containing writing or marks of an offensive or indecent character, or containing gunpowder, cartridges, lucifer matches, or anything explosive or liable to sudden combustion, bladders containing liquid, live animals, grossly offensive or filthy matter, or any substance likely to cause injury to other parcels or to the officers of the Post Office, are prohibited.

WHAT PARCELS MAY NOT CONTAIN.—Parcels may not contain any letter or communication of the nature of a letter, money, coin (unsigned and cancelled bank-notes may, however, be forwarded in sealed packets), or a packet or parcel intended for delivery at an address other than that borne by the parcel itself.

INVOICES.—Invoices may be inclosed in parcels.

HOW PARCELS OF FISH, GAME, EGGS, ETC., MUST BE PACKED.—Parcels containing fish, meat, game, eggs, &c., or razors, scissors, needles, knives, forks, or other sharp instruments, will not be accepted unless so packed as to prevent all risk of injury to other parcels or to the officers of the Post Office. Liquids or semi-liquids, such as paint, &c., bottles, or glass in any form, will not be received for transmission unless so packed as to be secure from breakage. Parcels of jewellery and such-like valuables should be securely protected, and, in addition, are recommended to be registered.

DEMURRAGE.—Parcels addressed to a Post Office "To be called for" will, after they have remained in the office seven clear days (excluding Sundays and holidays), be charged demurrage at the rate of 1d. a day. No demurrage, however, will be charged on parcels for places at which there is no house-to-house delivery, or to persons on board ship.

UNCLAIMED.—Parcels will be kept at the office from which they should be delivered for one clear month. Unclaimed parcels will be then sent to the Returned Parcels Office, and returned, if practicable, to the senders on prepayment of a fresh rate of postage on each parcel and any demurrage which may be due. Parcels not claimed within three clear months will be disposed of as the Postmaster-General may direct. Parcels of a perishable nature, if they become offensive, may be destroyed at once.

REDIRECTED.—Parcels may be redirected, but are liable to a new rate of postage.

REGISTERED.—Parcels may be registered under the same condition as letters, and for an additional fee of 2d. a receipt will be obtained on delivery and posted to the sender.

HOW ADDRESSED.—Parcels should be addressed legibly. The public are also requested to add the name of the sender to the address of parcels, so that in case of non-delivery the sender may be advised without delay, and any error in the address, or otherwise, corrected.

EVERY PARCEL TO BE STRONGLY AND SECURELY PACKED.—The public will greatly facilitate the work of the Post Office and help towards the safe delivery of parcels by taking care that they are, in all cases, compactly, strongly, and securely packed, especially those with fragile or perishable contents. It must be borne in mind that each parcel must be several times handled before it reaches its destination, and although every care will of course be taken by the officers through whose hands they will pass, yet it will be impossible to avoid occasional damage if the packing be defective.

EXAMINATION.—Parcels may be examined by postal officers, but this does not make it obligatory that the ends shall be left open by the senders.

REFUSED.—When parcels are refused by the addressees, the senders, if practicable, will be communicated with, and the parcels returned, if desired, on prepayment of a fresh rate of postage, and any other charges due.

DELIVERY.—At places served by letter-carrier, delivery, as far as practicable, will be made by letter-carrier. At Auckland, Wellington, Christchurch, and Dunedin there will also be special deliveries when required by express or cart. Where letter-carriers are not employed, or where letter-carriers are unable to deliver parcels, delivery must be taken at the Post Office. Senders are advised to inform addressees by post of the despatch of parcels, so as to assure prompt delivery.

DETENTION UNDER SPECIAL CIRCUMSTANCES.—Parcels may be delayed when necessary to do so in order to secure the due despatch of the letter mails.

NOT TO BE HANDED BACK TO THE SENDER.—Postmasters are forbidden to hand a parcel back to the sender.

DAMAGED PARCELS.—Parcels found open, or in a torn or damaged condition, will be re-fastened and otherwise secured.

WITHOUT ADDRESS.—Parcels without address will be returned to the senders if practicable. Failing this, will be sent to the Returned Parcels Office.

NON-LIABILITY OF POSTMASTER-GENERAL.—The Postmaster-General is not responsible for any damage, delay to, or loss of any parcel.

* Parcel Post Exchanges with New South Wales not yet established.

CONDITIONS OF TRANSMISSION.

1. In order that a packet may be sent by Parcel Post, it should be handed in at a Post Office counter or delivery-window and bear the words "Parcel Post" written or printed conspicuously in the left-hand top corner. It is also desirable that every parcel should bear the name and address of the sender on the cover, but in such a position as not to be taken for the address of the parcel. The officer to whom the parcel is handed will check the size, weight, and postage affixed before accepting the parcel.

Parcels should be handed in at counter, and bear sender's address.

2. Parcels not exceeding 11lb. in weight, 3ft. 6in. in length, or 6ft. in length and girth combined, are accepted for transmission to all places within the colony, excepting those not served by railway, coach, or steamboat (see next section), the Australian Colonies (excepting New South Wales), and the United Kingdom. Thus a parcel measuring 3ft. 6in. in length could be 2ft. 6in. in girth, while one of 3ft. in length might be 3ft. in girth, &c. The limits of weight and size of parcels for other countries will be found at pages 96 to 118, second last column.

Limits of weight and size.

3. Parcels for New Zealand offices not served by railway, coach, or steamer, a list of which is given at pages 89 to 92, must not exceed 5lb. in weight, 2ft. in length, and 1ft. in breadth or depth; nor can parcels for those offices be accepted which are of too fragile a nature to permit of their safe transmission in mail-bags. These same limitations apply also to all parcels posted at such places.

Maximum dimensions and weight to and from New Zealand offices not served by railway, coach, or steamer.

4. Parcels must not be posted in posting-boxes; infringements of this rule render inland parcels liable to a fine of 6d. on delivery, and foreign parcels to detention.

Not to be posted in posting-boxes.

5. The sender of a parcel addressed to any place beyond New Zealand will require to make a Customs declaration (on a form to be obtained at any Post Office) describing the contents and stating the value thereof, and also giving the name of the office of destination and the sender's signature and place of residence. False declaration involves the forfeiture of the parcel, and renders the sender liable to prosecution under the Customs laws.

Sender of foreign parcel to make out Customs declaration.

6. The postage must be fully prepaid in postage stamps, which should be affixed by the sender or the person handing in the parcel to a label prepaid which may be obtained at the counter to be affixed to the parcel in the right-hand top corner.

Postage to be prepaid.

7. Parcels bearing or containing writing or marks of an offensive or indecent character, or containing gunpowder, cartridges, lucifer matches, or anything explosive or liable to sudden combustion, bladders containing liquid, live animals, offensive or filthy matter, or any substance likely to cause injury to other parcels or to the officers of the Post Office, are not accepted for transmission. Parcels addressed to countries beyond the

Prohibited parcels.

colony must not contain any perishable articles, such as fish, game, &c., and are, in addition to the above, liable to the further prohibitions indicated at pages 96 to 118, last column.

Parcels which can only be admitted if specially packed.

8. Parcels containing perishable articles, such as game, fish, eggs, &c., may be accepted for inland transmission. Razors, scissors, needles, knives, forks, or other sharp instruments, liquids, or semi-liquids, such as paints, &c., bottles, or glass in any form, may be forwarded both inland and to such of the countries beyond the colony as do not specially prohibit their introduction (see prohibitions at pages 96 to 118, last column). All such articles must, however, be securely packed, so as to prevent all risk or injury to other parcels or the officers of the Post Office.

Not to enclose letters, or articles addressed differently to the parcel itself.

9. Parcels must not contain any letter, coin, or bank-notes (an signed and cancelled bank-notes may, however, be forwarded to places in the colony in sealed packets), or any packet or parcel intended for delivery at an address other than that borne by the parcel itself. For every letter so enclosed, and for each article directed to a different address than the one on the parcel, the parcel becomes liable to a surcharge of double the postage which such enclosure would have cost if sent separately. Invoices may, however, be sent in parcels addressed to offices within the colony. Parcels having written thereon any communication in the nature of a letter are subject to a fine of 6d.

Inland parcels may be registered.

Certificate of posting for foreign parcels.

10. Parcels for delivery in the colony may be registered on the same conditions as letters, and for an additional fee of 2d. a receipt will be obtained from the addressee on delivery and forwarded to the sender. Parcels directed to places beyond the colony cannot be accepted for registration, but, in lieu, the sender may obtain a certificate of posting on payment of a fee of 2d. Neither certificate of posting nor registration involve any liability on the part of the department beyond that named in clause 23.

Jewellery and valuables to be specially packed, and if for New Zealand, registered. Gold export duty to be prepaid.

11. Parcels containing gold, jewellery, and such like valuables should be securely packed, and, if addressed to any place within New Zealand, are recommended to be registered. Their transmission to certain countries is not permitted (see prohibitions, pages 96 to 118, last column). Parcels containing gold mined in the North Island, if addressed to countries beyond the colony, can only be posted at Money Order Offices, and senders will have to pay thereon the gold export duty (2s. per ounce) in addition to the usual parcel postage.

Manner of packing.

12. The public will greatly facilitate the work of the Post Office and help towards the safe delivery of parcels by taking care that they are in all cases compactly, strongly, and securely packed, especially those with fragile or perishable contents. It must be borne in mind that each parcel must be several times handled before it reaches its destination, and although every care will be taken by the officers through whose hands they pass, yet it will be impossible to avoid occasional damage if the packing be defective.

Contents may be examined by postal officers.

13. Parcels may be opened and examined by postal officers, but this does not make it obligatory that the ends shall be left open by senders. After so opening the examining officer will securely refasten them.

Possible delay of parcels.

14. Parcels may be delayed when their transmission would interfere with the due despatch of letter mails.

Delivery of parcels.

15. At places served by letter-carriers delivery of parcels will be made by them as far as practicable. Where letter-carriers are not employed, or where they are unable to deliver parcels, delivery must be taken at the Post Office. Senders are recommended to inform addressees by post of the despatch of parcels so as to assure prompt delivery.

Redirected parcels liable to fresh rate of postage.

16. Redirected parcels are liable to a new rate of postage for each redirection.

Parcels liable to demurrage.

17. Parcels addressed to a Post Office "To be called for" will, after they have remained in the office seven clear days (excluding Sundays and holidays), be charged demurrage at the rate of 1d. a day. No demurrage, however, will be charged on parcels for places at which there is no house-to-house delivery, or to persons on board ship.

18. Parcels cannot be delivered until all charges due thereon, such as Customs duty, redirection fees, &c., are paid. Charges to be paid before delivery.

19. When parcels are refused by the addressees, or known to be undeliverable, senders will be immediately communicated with, and they may elect to have them redirected to another place or returned, but they must pay a fresh rate of postage for such redirection or return. Senders to be advised if parcels refused or undeliverable.

20. Unclaimed parcels will be retained at the office from which they should be delivered for one clear month, exclusive of the one in which they are received. At the end of that period the sender will be advised that they cannot be delivered, as provided in the preceding section. Unclaimed parcels. Undeliverable parcels.

21. Inland parcels, if not claimed by the addressees or senders within three months, exclusive of the one in which they have been received, will be disposed of as the Postmaster-General may direct. Parcels with perishable contents may be destroyed immediately they become offensive. Parcels from countries beyond New Zealand, if unclaimed, will be retained until expiry of six months from the date of posting of the advice of non-delivery to the sender, and then returned through the Dead Letter Office to countries of origin. How disposed of.

22. Postmasters are forbidden to hand a parcel back to the sender. Parcel once posted cannot be handed back to sender.

23. The Postmaster-General is not responsible for the delay of any parcel. Department not liable for delay.

24. In the event of any damage or loss of any parcel occurring during transit, the Postmaster-General shall in no case be liable to pay, by way of compensation to the owner or otherwise, a greater sum than two pounds sterling in respect of any parcel. Department liable for loss or damage up to £2.

BRITISH, INTERCOLONIAL, AND FOREIGN PARCEL POST.

NOTE.—Until arrangements are made for the exchange of direct parcel-mails with China, India, Canada, &c., parcels to and from these countries will be forwarded through the General Post Office, London. (Parcel-mails to London are forwarded by Direct Steamers only.)

The remitter of a Money Order for payment at a Foreign Office through the medium of the London Office should be requested to advise the payee of the delay in payment of the Order which may probably occur from the transmission of the advice through the London Office.

The complete postal address of both the payee and remitter must be furnished by the remitter of every Order payable in the United States, in Canada, or in any Foreign country or British colony exchanging Money Orders with New Zealand through the London Office, for entry in the relative advice.

No single Order payable in New Zealand, United States and Canada, and Australia and Tasmania can be granted for more than £20. To other places the limit is £10.

POSTAL NOTES.

Postal notes for fixed sums from 1s. up to £1 are issued and paid at all Money Order Offices in New Zealand.

1. The following are the amounts for which postal notes are issued, together with the poundage payable in respect of each note:—

Amount of Note.		Poundage.		Amount of Note.		Poundage.	
s.	d.		d.	s.	d.		d.
1	0	...	...	10	0	...	3
1	6	...	...	12	6	...	3
2	6	...	...	15	0	...	3
5	0	...	...	17	6	...	3
7	6	...	...	20	0	...	3

Broken amounts may be made up by the use of postage stamps, not exceeding 5d. in value, affixed to the back of any one postal note. These stamps must be affixed only by the senders or remitters of such postal notes.

2. The person to whom a postal note is issued may, before parting with it, fill in the name of the person to whom the amount is to be paid, and may fill in the name of the Money Order Office at which the amount is to be paid.

The person so named must sign the receipt at the foot of the note, and must also fill in the name of the Money Order Office, if that has not been already done.

3. Every person to whom a postal note is issued should keep a record of the number, date, and name of the office of issue, to facilitate inquiry if the note should be lost.

4. If a postal note be crossed "and Co.," payment will only be made through a banker; and if the name of a banker is added, payment will only be made through that banker.

5. After a postal note has once been paid, to whomsoever it is paid, the Postmaster-General will not be liable for any further claim.

6. If any erasure or alteration be made, or if the note is cut, defaced, or mutilated, payment may be refused.

7. The regulations under which postal notes are issued allow the Postmaster to refuse or delay the payment of a note; but he must at once report his reasons for so doing to the Postmaster-General.

8. After the expiration of twelve months from the last day of the month of issue, a postal note will be payable only on payment of a commission equal to the amount of the original poundage, with the addition (if more than twelve months have elapsed since the said expiration) of the amount of the original poundage for every further period of twelve months which has so elapsed, and for every portion of any such period of twelve months over and above every complete period.

The commission thus paid must be affixed in postage stamps to the face of the note.

9. These notes are not payable out of the colony.

10. Postal notes are issued and paid at Money Order Offices during the hours that those offices are open for the transaction of money-order business, and at the undermentioned offices:—

Deposits of one shilling, or of any multiple of one shilling, may be made at any Post Office Savings Bank.

Interest is allowed to each depositor at the rate of 4½ per cent. per annum on the balance at the credit of his account when it does not exceed £200, and at the rate of 4 per cent. when it exceeds £200; but no interest will be allowed on more than £500.

Electric Telegraph.

REGULATIONS AND CONDITIONS UNDER WHICH TELEGRAMS ARE AUTHORIZED TO BE TRANSMITTED ON THE TELEGRAPH LINES BELONGING TO THE GOVERNMENT OF NEW ZEALAND.

1. The Government is not responsible for errors, omissions, or delays in the transmission of telegrams, nor for the non-delivery or non-transmission of any telegram.

2. Printed forms, upon which telegrams should be written, may be obtained at all Stations on application; but all telegrams, whether written upon the prescribed form, upon any other printed form, or upon plain paper, will be considered as presented for transmission under the several conditions contained in these regulations.

3. All telegrams presented for transmission must be written in ink in a clear and legible manner; they shall contain a proper address, and bear a genuine signature in the usual handwriting of the sender.

4. Postage stamps are used for payment, and the public are required to affix them to the message forms, just as they are required to affix them to letters.

5. In order to prevent errors in the transmission of telegrams, all words must be written in full, and no abbreviations will be allowed that are not in general use and in accordance with the usage of the language. All numbers should be written in words in full, and not in figures.

6. Telegrams will be transmitted in the following order of priority:—

- (1.) Telegrams of the Government marked "Urgent."
- (2.) Service telegrams.
- (3.) Urgent private telegrams.
- (4.) Non-urgent private telegrams.

7. In order to prevent a monopoly of the line by any one company or individual, when several telegrams are presented for transmission about the same time, and any one of these telegrams is of considerable length, then no officer shall transmit more than two hundred words of any such telegram at one time.

8. Telegrams may be written in cypher, which will be counted according to the following scale, whether for figures or letters: separate cyphers count as one word; groups of five cyphers, or fractional part of five cyphers, count as one word, groups exceeding five cyphers are counted at the rate of five cyphers to the word, and any fractional portion remaining is to be counted as one word.

9. Where cyphers are used, the sender is recommended to pay for a repetition, in order to insure accuracy. (See clause 13.)

10. In the event of serious delays occurring through accident to the lines which may prevent the transmission of a telegram within a reasonable time, or may destroy the value of any telegram, notice thereof will be sent to the sender of such telegram, should his address be known. The sender may, on an application to the General Post Office through the Officer in Charge of the Station at which such telegram was presented and paid for, receive back the amount paid thereon, and the telegram will be cancelled.

11. Telegrams will be delivered free of charge within a radius of one mile of the Station to which they may be transmitted by wire.

	s.	d.
For any distance not exceeding half a mile beyond the free delivery	0	6
For any distance over half a mile but not exceeding one mile beyond the free delivery	1	0
For any distance over one mile but not exceeding two miles beyond the free delivery	1	6

The foregoing charges provide for ordinary delivery only. For messages to be delivered by special messenger, the cost of such delivery to be added and paid for. If required to be delivered beyond the distance of three miles all moneys disbursed in payment of cab-fares, omnibus-fares, horse-hire, portage, or any other expenses incurred in delivery, will be charged. All telegrams requiring to be delivered on shipboard on the water, or across the water, must bear any expenses incurred to defray boat-hire. To prevent the non-delivery or detention of telegrams, when the sender of a telegram objects or refuses to pay the above charges, or any of them, the telegram will be posted immediately on its arrival at the station to which it is transmitted by wire.

12. Persons not wishing to send to a Telegraph Office may post a telegram in an envelope addressed "Telegram, Immediate," in a wall or pillar-box, or at a receiving office or sub-post office. Telegrams so posted are sent on by the next collection to the Telegraph Office to which the letters included in the collection are taken, and are thence transmitted and delivered free of extra charge, provided the proper amounts for transmission and for portage (if any) have been prepaid. The time of arrival at the Telegraph Office is regarded as the time of receipt from the public. Telegrams may also be posted not enclosed in envelopes, and when so posted they will be treated in the same manner.

13. The sender of a telegram is responsible for the payment of all charges incurred in the delivery, and the Officer in Charge of the Telegraph Office at which the telegram was delivered for despatch may, in his own name, sue for and recover from the sender thereof the charges due on such telegram.

14. When an immediate reply to a telegram is required, the sender is requested to add the word "Reply" to the message, and to insert "Reply paid" in the space for instructions. If an urgent reply is required the word *Urgent* should be written after the words *Reply paid*, thus: *Reply paid, urgent*. The messenger intrusted with the delivery of a "Reply paid" telegram will be directed to wait five minutes for the reply, so as to facilitate its transmission to the first sender.

15. Should the sender of a telegram desire to have the same repeated, to insure accuracy, such repetition will be made at a charge of half the rate of the original telegram, a fraction of a penny being reckoned as a penny.

16. Telegrams redirected to a second address are liable, if an additional service is performed, to another charge equal to the original amount paid. This additional charge is usually collected from the addressee on delivery.

17. Telegrams may be taken from the sender with the word *Collect* written thereon, and in such case the value of the telegram will be collected from the receiver; but, in the event of the department being unable to collect the amount, the sender will be held responsible for the due payment thereof.

18. Telegrams may be accepted with the words *Reply paid* written thereon, and in every such case the payment for the telegram in reply will be collected from the sender of the first telegram.

19. The sender of a "Reply paid" or "Collect" telegram must, if requested to do so, lodge the cost of the reply or of the collect message. Any difference between the sum required and that lodged will be settled, or any refund will be made, upon delivery of the telegram.

20. A fee of five shillings in each case must accompany applications for search for telegrams, or for search with copies, so as to cover cost of the search and the copy or copies required. Any excess or insufficiency in amount will be adjusted before copies are handed to applicants. No application is entertained unless at the request of the sender or of the person to whom any message is addressed. Original telegrams are kept for six months, and are then destroyed. Copies of received telegrams are no longer filed.

21. Telegrams which are indecently or obscenely worded, or which appear to contain matter of a libellous or grossly offensive character, will not be transmitted.

22. Books of telegram forms may be obtained at the price of 6d. each book.

23. For a charge of 2d. the sender of an inland telegram may obtain a receipt for the cost of transmission.

Receipts for the amounts paid for international and intercolonial telegrams may be obtained free of charge.

URGENT TELEGRAMS.

Telegrams marked *Urgent* are received at any Telegraph Office and transmitted in the order of their priority with other messages of the like code.

Urgent telegrams take precedence of all ordinary messages.

The fee for an urgent telegram is double of that for an ordinary telegram.

All ordinary telegrams lodged at any Telegraph Station after 8 p.m. are treated as *Urgent*, and charged for accordingly.

Urgent telegrams lodged on Sunday are charged four rates.

When the sender of an urgent telegram desires to pay for an urgent reply, the words *Urgent, reply-paid urgent* must be inserted in the instructions. When the reply required is not to be urgent the instruction should be *Urgent, reply-paid only*.

DELAYED TELEGRAMS.

Delayed telegrams are received at and forwarded from any telegraph office in the colony, final delivery to the address given being effected by post.

Delayed telegrams are not received on Sunday.

These telegrams will continue to be subject to delays whenever the wires are occupied with ordinary and other messages which have a prior right to transmission.

After receipt at the telegraph offices to which they are addressed, every delayed telegram will immediately be posted and then delivered either over the public counter, through private boxes, or by first delivery by letter-carrier.

Senders of delayed telegrams are requested to give as full address as possible.

Delayed telegrams cannot be made "Collect" or "Reply paid," but may be made "Repetition paid."

WEATHER TELEGRAMS FOR SHIPPING.

Masters of vessels are permitted to forward messages at an uniform rate of sixpence for each message (including reply) to the Harbour Masters of the various ports seeking information as to the state of the weather, &c., at the port to which they are bound, or from any port which may lie in their route. These telegrams must be concise, and should be filled in in accordance with the directions to be seen at the various telegraph offices.

In no case will a larger number of words in the body of the telegram than twelve be allowed under these Rules.

GENERAL RULES FOR COUNTING TELEGRAMS BETWEEN PLACES WITHIN THE COLONY.

1. No combination of two or more words is counted as one word, with the exception of those words which the usage of the language allows to be written together, or coupled by hyphens, and which are so written by the sender of a telegram. For example, *Road Board* is counted as two words; *five per cent.*, three words; *Park Lane*, two words; *Under Secretary*, two words; *New-Year's day*, two words; *wheat meal*, two words; *ox tongue*, two words; *prize fight*, two words; *second class*, two words; *while postoffice*, four words; *surgeon dentist*, two words; *all right*, two words; *shipmaster*, two words; *twelvemonth or twelvemonths*, halfyear halfyears or halfyearly, shipmaster, money-order, goldfields, first class, handsaw, bootmaker, everything, cornsack or flour-sack, halfpenny, onepenny, twopenny, onefarthing, Boxing-day, Christmas-day, postpaid, postcard, o'clock, today, tonight, tomorrow, each count as one word.

2. (a.) Words written together, and expressing a single number or numeral adjective under one hundred, as *twenty-four*, *thirty-first*, *seventy-eight*, and *ninety-ninth*, count as one word. When the letter *s* is added, as in *twenty-fives* or *forty eights*, the combination would count as two words; but single words, that is, words which without plural: thus, the single word *fives* or *eights* or *fifties* would count as one, like *five* or *eight* or *fifty*. After ninety-nine, numbers will of course be counted as written—viz., one hundred and seventy-three, four words.

(b.) When the word *one* is followed by another single word to express the figures forming a fraction, the combination will count as one word; thus, *one-half* or *one-fourth* or *one-tenth* will count as one word, while *five sevenths* or *twenty-two fiftieths* will count as two words, and *seven thirty fifths* or *twenty-seven thirty fifths* will count as three words.

3. The abbreviations of auxiliary verbs designated by an apostrophe, such as *can't*, *don't*, *won't*, *I'll*, *you'll*, *couldn't*, *shouldn't*, &c., are counted as one word; but unauthorised abbreviations, such as *Asia* for *Australasia*, combinations, such as *Queen-tel* for *all right*, or alterations of words contrary to the usage of the language, such as *alright*, are not admitted.

4. All names, with the exception of those mentioned in Rule 5, are counted as compound words if composed of more than one word: thus, *Southern Cross* is counted as two words; *Ladybird*, one; *E. U. Cameron*, three; *New South Wales*, three; *Maid of the Mist*, four; *Sir Tatton*, two; *New Caledonia*, two. But any mere prefix to a proper name is not to be counted separately: thus, *St. George*, *St. Albans*, *St. Leonard*, *De Costa*, *De Beer*, *De Bourbel*, *McDonald*, *O'Donnell*, *St. Aubyn*, *San Francisco*, will be counted each as one word.

5. The name *New Zealand* and the proper names of telegraph offices in *New Zealand* are the special exceptions to Rule 4: thus, *Port Chalmers*, *New Plymouth*, *Castle Point*, *White's Bay*, *Government Buildings*, and compound names of stations will be counted as one word each. No word, however, is to be included which does not form part of the actual name of the town or station: thus, *Port Lyttelton* will be counted as two words, *Lyttelton* alone being the proper name of the port.

6. Initials and separate characters, separated by fullstops or spaces, count as separate words, with the exception that the letters *N.Z.*, whether separated by a period or not, must, when used to signify *New Zealand*, be counted as one word; thus, *E. M. T. Spence* would count as four words, and *G.A.T.* or *G.4.T.* as three. An underline such counts as a word. The initial letters of separate words, when written to represent spaces, and counted as separate words accordingly: thus, *PO*, for *Post Office*, is counted as two words; *MHR*, for *Member of the House of Representatives*, as three words; *U.K.*, for *United Kingdom*, as two words. In trade marks, and such commercial terms as *tab*, *cif*, *B/L*, the letters and figures composing them must only be counted as separated by stops when they are so separated.

7. Bars of division used in the formation of numbers are counted as figures. A bar of division is also counted as a figure when used in connection with groups of mixed characters. When used in connection with letters only it is only counted as a letter.

8. Numbers expressed in figures are counted at the rate of five figures to a word, plus one word for any excess. The same rule applies to counting groups of letters and words not forming part of any authorised language, and to unintelligible combinations of letters. Where a group of figures is followed by a letter, the letter is counted as a word: thus, 102a counts as two words. Letters added to figures to form ordinal numbers are counted as figures, as in 25th, which counts as one word.

9. When the sender of a telegram desires words to be underlined, an extra word for each separate underline must be charged; and when to be placed in a parenthesis or inverted commas, two extra words must be charged.

10. The following examples determine the interpretation of the rules to be followed in counting words:—

11. In telegrams containing preconcerted (code) language or cipher (letters of figures having a secret meaning) language the plain words are to be counted in conformity with paragraphs 1 to 5 inclusive. Words in admissible preconcerted language are counted according to the same rules. Words, names, or collections of letters not admissible in plain or preconcerted language, and groups of figures or letters, are counted according to the rules laid down in paragraphs 6 to 9 inclusive.

12. Every combination of words expressing the title of the sender or receiver in the signature or address of a message must be counted as it would be counted in the text of the message. The signature in every case must be the usual signature, written by the sender or by his authorised agent, but when written by the agent the latter must add his name or initials, not for transmission, but for the information of the department. When it is not intended or desired that the sender's signature should be telegraphed, it must be written on the back of the message. The message may then be transmitted without a signature, or with any signature known to the receiver, such as "Kate," "Harry," "Mamma," &c., which the sender may insert for transmission; but the receiver may have the full signature telegraphed by paying for the necessary service telegrams. When two or more signatures are affixed to a message, only the last is to be counted and coded as that of the sender.

13. When the sender desires that special instructions, such as "Private," "Confidential," "To be opened at once," "Per Te Anau," "By first steamer," or the like, shall be written on the envelope of the message, he shall write those instructions immediately after the address of the receiver, and pay for them as part of the message. The words shall also be written in the space for instructions.

LIST OF TELEGRAPH OFFICES.

The names of the telegraph offices in New Zealand are to be written in the addresses of telegrams as given in this list, and the name of each office as it is thus required to be given must be counted as one word. For instance, *Admitted* in the address of a telegram will count as one word, and *Norfolk, Auckland*, as two words; and in a *land telegram*, addressed to a suburban office, the words *Peninsula, Post Auckland*, for example, will count as five words.

When a telegraph message is addressed to a place not a telegraph office, but bearing the same name as a telegraph office, as well as to the office to which the message is to be telegraphed—thus, "*Richmond, Christchurch*"—the name of both places must of course be telegraphed, and the transmitting office through which any message so addressed may pass must regard the first of the two names as that of a place which is not a telegraph office.

Unless otherwise stated, offices are closed on Sundays and public holidays.

Money-order telegrams can be sent between all offices except those marked *.

Delayed telegrams are transmitted daily (but not on Sundays) during ordinary hours of attendance. They are not accepted for transmission during the hours given for press attendance.

Ordinary telegrams lodged after 8 p.m. must be paid for at urgent rates, and be coded "Urgent," whether so coded or not.

Urgent telegrams lodged on Sundays are charged four rates.

When telegraph lines obstructed and urgent messages for places within New Zealand are received, messages for those beyond the colony are also accepted, but treated as urgents on New Zealand lines, and treble the New Zealand charges on cable messages collected.

When the San Francisco mail arrives at Auckland on Sunday, the 500 additional words are allowed on the Monday following.

CABLE NEWS.

Press messages from Wellington repeating news received by telegram from beyond the colony, and bearing the words "Cable news" in the instructions, are chargeable throughout the day with the evening rates for Press messages; and every such message must be charged separately.

CHARGES WHEN OFFICE REOPENED BY SPECIAL REQUEST OF ONE OR MORE NEWSPAPERS, OR ANY INDIVIDUAL.

Press messages lodged at and forwarded from telegraph offices, when specially reopened after the hour of closing for the transmission of ordinary telegrams, are forwarded as under:—

At the rate of 2s. per 100 words for messages of 375 words, but not exceeding 1,000 words. For every additional 100 after the first 1,000 words, at the rate of 6d. per 100 words or fraction thereof.

No telegraph office reopens for Press messages after the hour of closing for the transmission of ordinary telegrams for less than 7s. 6d., which covers cost of transmitting a message of 375 words.

CHARGES WHEN OFFICE REOPENED AT REQUEST OF UNITED PRESS ASSOCIATION.

Messages forwarded on behalf of the United Press Association for newspapers on the list of night-stations, and addressed to the several newspapers served by the Association, are liable to the following charges when offices reopened by special request after the hour of closing for the transmission of ordinary telegrams:—

At the rate of 6d. per 100 words or fraction thereof, together with an additional fee of 7s. 6d. for reopening the office, and any further charge in respect of overtime that may have to be paid at offices other than the original forwarding office in connection with the transmission of the messages and *videtur*.

CHARGES FOR PRESS TELEGRAMS RELATING TO EXTRAORDINARY EVENTS, ETC.

Press telegrams containing intelligence of extraordinary events, such as collisions, wrecks, large fires, explosions, &c., may be accepted for transmission between offices open for the purpose of carrying out the midnight cable service for the distribution of news received from beyond the colony, after those offices have been closed for the receipt of other Press messages, and on the following conditions:—

The messages must not exceed 100 words, and must be addressed to the Press agencies or to all offices opened for the midnight service.

The Officer in Charge of the office where the messages are presented may refuse such of these as in his opinion do not convey news of an urgent nature.

The messages must not interfere with or delay the transmission of the regular midnight cable news.

The rate of 1s. must be charged for each message not exceeding 100 words.

CHARGES FOR MESSAGES RELATING TO SICKNESS OR DEATH.

Telegraphic messages relating to sickness or death or other matters of an important nature can be transmitted from any to any telegraph office after ordinary official hours on payment of double the ordinary tariff rates, provided that the attention of the terminal office can be obtained.

In addition to the payment of double tariff rates, the following scale of fees must also be paid:—

For calling upon a postmaster or operator in charge to transmit a message after his ordinary hours of duty, and when the office is closed, a special fee of 2s. 6d., which amount must be paid even if the telegram fails to reach its destination, but in the latter case the tariff rates collected will be refunded.

2. In addition to the charges for transmission, and fee to the postmaster or operator, a further charge of 2s. must be paid for delivering a message any distance within a radius of a mile from the office.

3. All charges for ferries, tolls, or increased extra cost incurred by the department beyond the ordinary limits of delivery must also be borne by the sender, and paid for at time of presenting the message. The sender of a message will, however, be held liable for any short collections should it be subsequently found that the amount collected for carriage in the first instance has not been sufficient.

CONDITIONS UNDER WHICH TELEGRAMS ARE TRANSMITTED TO PLACES BEYOND THE COLONY.

Telegrams for places beyond the Australian Colonies are described as international, and those for Australia and Tasmania as intercolonial.

MODE OF WRITING AND ACCEPTANCE OF TELEGRAMS.

1. No responsibility is accepted for any delay or errors in the transmission of telegrams, nor for the non-transmission or non-delivery of telegrams from whatever cause arising. Every care, however, will be taken to insure both accuracy in transit and speed in delivery.

2. In order to guard against mistakes, attention is called to the great importance of legible writing. Every interlineation, reference, erasure, or alteration must be authenticated by the sender or his representative.

3. Telegrams may be composed of plain language or of secret language, *i.e.*, of code-words, or of figures or groups of figures. Letter cyphers, *i.e.*, letters or groups of letters having a secret meaning, are only admitted in Government telegrams.

4. Telegrams in plain language must present a clear meaning in any one of the languages admitted for telegraphic correspondence.

5. Telegrams in code must consist of words, each of them presenting a clear meaning, but not forming intelligible phrases.

6. These words are taken from vocabularies admitted for this description of correspondence.

7. Telegrams in code may contain words of ten letters at most, taken from any or all of the following languages: English, French, German, Italian, Dutch, Portuguese, Spanish, and Latin. No other languages can be used. Code words containing more than ten letters will be dealt with as groups of letters, and will be charged at cypher rates (*vide* rule 35); but words composed of more than ten letters, used in their natural sense in code messages, will be charged for at the rate of ten letters to the word (*vide* rule 33).

8. Proper names of persons, places, &c., in the text of code telegrams will only be accepted when used in their natural sense.

9. The office at which the telegram is tendered for transmission may call for the production of vocabularies for the purpose of verifying the authenticity of the words employed.

10. Telegrams in cypher may be composed of figures or groups of figures.

11. The text of secret telegrams may be wholly secret or partially so.

12. Telegrams consisting merely of the address, *i.e.*, without text, are not accepted.

13. The following abbreviations are counted as one word:—

†(D) Urgent telegram.	(XP) Express prepaid.
(RP) Reply prepaid.	(FS) To follow.
(TC) Repeated or collated telegram.	(EP) Estafette paid.
(CR) Acknowledgment of receipt.	(ST) Service tax.
(PP) Postage prepaid.	†(RO) Telegram to be delivered open.
†(RPD) Reply paid urgent.	†(MP) Telegram to be delivered personally to the addressee.
(PR) Post registered.	

14. Any instructions the sender may have to give as to the delivery at destination, prepayment of reply, acknowledgment of receipt, repetition (collationnement), &c., should be written immediately before the address of the telegram and are charged for. These notices may be written in the above abbreviated form adopted for official instructions, in which case they will each be counted as one word only.

15. The address of a telegram must consist of at least two words, the first representing the name and address of the addressee, and the second the place of destination. These words must be inserted and charged for as part of the telegram. The consequences of an incomplete or incorrect address must be borne by the sender.

16. The Government will, at any of its offices, register free of charge the names and addresses of persons receiving telegrams, or proper names, or words as cyphers, so that this information may be given in two words, but not less than two words, thus: "ANSEL, WELLINGTON." This registration can only be effected locally. If a firm in Wellington should desire to register a code address in any other place, they must instruct their correspondents in the town where the registration is to be effected to make the necessary application at the telegraph office.

17. In all cases where it is desired to register a code address, a proper name or a dictionary word must be chosen.

Such combinations as "Cornmart" for "Cornelius Mart," "Granotel" for "Grand Hotel," &c., being neither proper names nor dictionary words, cannot be accepted for registration, nor can such irregular combinations be admitted in the text of telegrams.

18. These registrations apply, however, only to telegrams received at the station where the registration is effected, and not to telegrams forwarded from such station. Registration must in every case be effected at the receiving station.

19. The sender or his representative must sign the telegram at the foot of the telegram form, adding, if required, his address, but the name of the sender is only charged for if transmitted.

20. The sender of a private telegram is bound to prove his identity when requested to do so. The sender may have his signature legalised, and include such legalisation in his telegram. The number of words required for this purpose must be paid for.

RECTIFYING TELEGRAMS.

21. The addressee of a telegram may have the whole or part of it repeated, on payment of the cost of the telegram demanding the repetition, and of the reply to the same.

Rectifying-telegrams relating to *intercolonial* telegrams are to be charged half rates when the repetition shows that no error was made in the transmission of the original message.

22. The sender can also have the whole or any portion of his telegram repeated, on payment of the cost of the telegram he forwards, and of the reply, if one be required.

† Urgent telegrams are not accepted in Great Britain.

† These telegrams are not accepted for delivery in Great Britain.

23. The demand for the repetition must be made within seventy-two hours after receipt or despatch of the telegram, and should be written in the following manner:—

"Wellington from London [These words are not charged for]."

"(RP. 4.) [*i.e.*, reply paid four words]."

"Twenty-sixth [date of original telegram]. Brown [addressee of original telegram]. Repeat first, fourth, ninth [meaning text words in the original telegram]." Or

"Twenty-sixth. Brown. Repeat word [or words] after....."

The reply will be as follows: "London from Wellington [These words are not charged for]."

"Brown [words repeated]."

24. The number of words in the reply will thus exceed by one the number of words to be repeated.

25. The charges will be refunded if the repetition proves that the original telegram has been seriously mutilated in transmission.

26. In case some of the words repeated are shown to have been correctly transmitted, the cost of the words employed to obtain the repetition of the same, both in the telegram of inquiry and reply, will be retained.

27. No refund will be made when the mutilation has been caused by illegible handwriting on the part of the sender, or when the repetition is obtained direct, instead of by means of an official service telegram.

28. No reimbursement of the charge for the original telegram will be allowed.

29. The sender may also rectify any error or omission in a telegram forwarded by him. This rectification should take the following form:—

EXAMPLE OF A RECTIFYING TELEGRAM SENT BY THE SENDER.

"S.T. Paris from Wellington via Darwin. 7/4 [number of words]. Free instructions: thirteenth Krichbaum. [Date and name of receiver of telegram to be rectified]."

"Replace third [word of text] 20 by 200."

The charges paid for this class of telegrams are not refunded.

COUNTING AND CHARGING.

30. Telegrams are charged according to a tariff per word, including the names and addresses of the sender and addressee; but, unlike inland telegrams, the charges must be paid for in cash. Such telegrams must contain at least one word in the text.

31. The name of the station of origin, the date, hour, and minute of the deposit of the telegram, will be officially inserted in the telegram, and supplied to the addressee free of charge.

32. In *plain language* the maximum length of a word is fixed at 10 letters in *international* telegrams, any additional letters being counted and charged for as extra words, at the rate of 10 letters to the word. In *intercolonial* telegrams the maximum length is 15 letters to the word, any additional letters being counted and charged for as extra words at the rate of 15 letters to the word.

33. In *code language* the maximum length of a word is fixed at 10 letters. Words in *plain language* when inserted in code telegrams are charged for at the rate of 10 letters to a word. This applies to both *intercolonial* and *international* telegrams. (See Rule 7.)

34. In the address, however, the name of the receiving office and the name of the country in which the telegram has to be delivered are each counted as one word only, irrespective of the number of letters required to express them, subject to these proper names being written as they appear in the official nomenclature of the International Telegraph Office.

35. Code-words containing more than 10 letters, and words not belonging to any of the languages admitted for international correspondence, are charged for in *international* telegrams at the rate of three letters to the word, and in *intercolonial* at the rate of five letters to the word.

36. All separate characters, whether letters or figures, underlines, parentheses, or inverted commas, are counted as a word.

37. Initials are charged as so many separate words.

38. Words joined by a hyphen or separated by an apostrophe are counted as so many separate words.

39. Nevertheless English and French compound words to be found in a standard dictionary, joined by a hyphen or separated by an apostrophe, are counted as one word if so written, subject to the limitation of letters in preceding paragraphs.

40. Illegitimate combinations contrary to the usage of the language, and abbreviated and wrongly-spelt words, are inadmissible.

41. If a short charge has been made on a telegram owing to the sender having employed words or combinations contrary to the usage of the language the amount short

charged will be collected from the addressee. When this power is exercised the telegram is not delivered to the addressee until the supplementary charge is paid. The sender is informed by service telegram in case the payment is refused. In every case where charges on cablegrams have to be collected on arrival, the telegrams are only to be given over to the addressee upon payment of the amount due.

42. Proper names of towns, persons, countries, places, squares, streets, ships, and numbers written at length are counted according to the number of words employed by the sender to express them, the respective limitation as to the number of letters referred to in Rule 32 being always applied.

43. In *international* telegrams each group of three figures or less is charged for as one word, and in *intercolonial* at rate of five figures to the word; larger groups are charged at the rate of three figures and five figures respectively to a word. The same rule applies to the counting of letters where admitted. (See Rule 3.)

44. In *international* and *intercolonial* telegrams signs of punctuation, apostrophes, hyphens, and fresh paragraphs are not transmitted unless paid for. Decimal points, commas, bars of division, and stops used in the formation of numbers are each counted as a figure.

45. Letters added to figures to form ordinal numbers are each counted as a figure.

46. The words "fob" (meaning "free on board"), "cif" ("cost insurance freight"), and "cfr" ("cost freight insurance") are accepted as one word if written together. If written separately as "F.O.B.", "C.I.F.", and "C.F.R.", they are counted as three words each. The abbreviations "B/L" ("Bill of Lading"), "c/o" ("care of"), and "%" ("per cent.") are each accepted as one word.

47. The words twopenny, threepenny, &c., up to and including tenpenny, if written together, are charged as one word each; "elevenpenny" is also charged as one word in *intercolonial* telegrams, but, as it consists of 11 letters, is in *international* telegrams charged as 2 words.

54. Any sender can, by proving his identity, stop, if in time, the transmission of a telegram deposited by him.

DELIVERY AT DESTINATION.

55. Telegrams are delivered according to their address at the place of residence of the addressee, or *poste restante* at the Post Office, or *telegraph restante* at the Telegraph Office, and in the two latter cases they are only delivered to the addressee or to a person duly appointed by him.

56. A telegram taken to the place of residence may be delivered either to the addressee, the adult members of his family, to his employés, lodgers, or landlord, or to the porter of the house, unless the addressee has given special instructions to the contrary.

57. If the door is not opened at the address given, or if the messenger finds no one who will consent to take in the telegram, notice is left at the address given, and the telegram is brought back to the Telegraph Office, to be delivered to the addressee upon application.

58. When a telegram cannot be delivered, the delivery office advises the sending office of the cause of non-delivery, which advice, if practicable, is communicated to the sender. The latter can only complete, rectify, or confirm the address by a paid telegram.

URGENT TELEGRAMS.*

59. Telegrams may be forwarded marked "urgent," for which three rates are charged throughout, with the exception of telegrams to Victoria and Tasmania, for which countries a concession on urgent telegrams is allowed—viz., Victoria, on first ten words 6d., on each subsequent word 1d.; Tasmania, on first ten words 1s. 6d., on each subsequent word 2d.

* Urgent messages can be accepted for transmission through Great Britain or India, but during their transmission over the wires of those States they will take rank with ordinary telegrams.

PREPAID REPLIES.

60. The sender may prepay a reply to his telegram, which must not however exceed thirty words, unless it be to obtain the repetition of a telegram previously transmitted, under Rules 21 and 22. (See 63.)

61. The words "reply prepaid," or "(RP)," are to be added to the telegram and paid for, and the sender must state the number of words he has prepaid; for instance, "reply prepaid twenty," or "(RP) twenty," the first instructions counting as 3 and the latter as 2 words. If the sender does not specify the number of words for which he prepays a reply, charge is made for an ordinary telegram of 10 words. When an urgent reply is required the indication "Reply paid urgent," or "RPD," must be inserted and paid for. Replies to RP telegrams exchanged with intercolonial offices must bear the word "collect" immediately before the address, and such word be charged for.

62. The amount prepaid by the sender is held for a period of six weeks at the disposal of the addressee.

63. Should such reply or other telegram contain more words than have been advised as prepaid, the excess must be paid for by the sender of the reply. In intercolonial telegrams this means the charges on all words in excess of 10, and the office to which the reply is sent must be advised accordingly.

64. If the original telegram cannot be delivered, or if it be refused by the addressee, the delivery office will inform the sender of it by a service notice, which takes the place of the reply.

65. In the case of international telegrams, if the addressee does not make use of the amount prepaid, he may, within the above-mentioned period of six weeks, return the voucher delivered with the original telegram and request that the money be refunded to the sender. If the reply be sent and contains a less number of words than have been prepaid, the difference will be returned to the sender if applied for.

REPEATED OR COLLATED TELEGRAMS.

66. The sender may have his telegram repeated from station to station on payment of an additional charge equal to a quarter of the ordinary rate. The words "repetition paid," or the abbreviated signal "(TC)," must be written before the address and charged for.

ACKNOWLEDGMENT OF RECEIPT.

67. The sender may request that the time at which his telegram is delivered to the addressee be notified to him by telegraph.

68. The words "acknowledgment paid," or the abbreviated signal "(CR)," must be inserted in his telegram and charged for. The cost of an acknowledgment of receipt is equal to that of a telegram of 10 words.

TELEGRAMS TO FOLLOW.

69. Telegrams for countries in Europe can be directed to several addresses "to follow," for instance, "John Brown, Hotel de Rome, Berlin, on Römer, Frankfurt a/M, 'faire suivre.'" The sender pays the charges to the first destination, and the cost of further transmission is collected on delivering the telegram. The words "faire suivre," or the official code "(FS)," must be inserted before the address, for which the rate of two words is charged in the former and of one word in the latter case.

MULTIPLE TELEGRAMS.

70. Telegrams may be addressed—
a. To several persons in the same place;
b. To one person at several residences in the same place.

71. Telegrams addressed to several addressees, or to the same addressee, in different towns, are charged as so many separate telegrams.

72. Telegrams addressed to several persons in the same place, or to one person at several residences in the same place, with or without further despatch by post, are charged as single telegrams, plus a copying-fee of 5d. for every 100 words or fraction of 100 words contained in the telegram for every additional address after the first.

73. In calculating the charge for the telegram all the names and addresses are included in the number of chargeable words.

Multiple telegrams are not accepted for places in North or South America.

TELEGRAMS TO PLACES BEYOND THE INTERNATIONAL SYSTEM.

74. Telegrams for places not connected by telegraph must have instructions added to the address as to the means by which they are to be forwarded to destination; for instance, "Express" (or post), Müller, Steglitz, Berlin.

75. The name of the telegraph office by which the telegram is to be sent on by post, express, or other means, is stated last.

CERTIFIED COPIES OF FOREIGN TELEGRAMS.

76. The sender or addressee of a telegram may, on furnishing full particulars thereof, obtain a certified copy of the telegram as handed in, or as delivered at destination, on payment of 5d. for every 100 words or fraction of 100 words.

77. As all telegrams are destroyed periodically, certified copies of telegrams more than twelve months old cannot be supplied.

REFUNDS.

78. Refunds are granted—

- Of the cost of every telegram which has, through the fault of the telegraph service, failed to reach its destination, or suffered a notable delay, that is to say, which does not arrive sooner than by post, or which occupies more than 144 hours in transit;
- Of the full cost of every repeated or collated telegram which has manifestly failed to fulfil its object through errors made in its transmission by telegraph;
- In international telegrams the cost of every word omitted in the transmission of an ordinary telegram through the fault of the telegraph service (this rule, however, is not applicable when the addressee has discovered the omission and had it rectified under Rules 21 and 22).

79. A claim for refund of charges may be made to the office of origin or of destination by the sender or addressee of a telegram at any time within six months. The claim must be accompanied in the case of non-delivery by a written declaration of the office of destination or of the addressee that the telegram has not been delivered, and in the case of delay or of mutilation by the copy actually delivered to the addressee. Although a claim for refund may be accepted from the addressee of a telegram, the reimbursement of the charge is only made to the sender.

80. No refund, except as stated under Rule 78, c, can be made on account of error or omissions in ordinary or non-collated telegrams, nor can any refund be granted on account of telegrams necessitated or rendered useless by the loss, delay, or omission referred to under Rule 78, a, b, c.

* The cable rate for Press messages to and from New Zealand, addressed to individual newspapers, is 1d. per word.

Conditions.

1. The wires by the Eastern Company's route of telegraph from London, via Gibraltar and Malta, to India, and thence by the Eastern Extension Telegraph Company's route to Australia and New Zealand, are available to the press for the transmission, at the reduced rate, of news or intelligence for publication in newspapers allowed by the Imperial and Colonial Governments respectively, to receive intelligence by telegraph at the reduced rate.

2. Such telegrams shall not interfere with the transmission of the ordinary telegram traffic, and in order to ensure this the transmission of such news telegrams may be deferred or suspended, or interrupted, until any Government telegram or any ordinary or press telegrams at full rates that may be on hand shall have been transmitted and completed. But when Press Telegrams have been delayed over twenty-four hours they shall thereafter be forwarded in turn with ordinary telegrams.

3. The working of the wire or wires shall be subject to the rules and regulations of the International Telegraph Convention.

4. No telegrams at the reduced rate shall be sent except for publication in such newspapers, and they must be written in plain English, so as to be intelligible to the transmitting offices. Telegrams containing news or information not for publication, or containing

side words or words of concealed meaning, or groups of figures or cyphers, shall be paid for at the full tariff rates in force for ordinary telegrams.

5. The newspapers, their Correspondents or Agents, are required to address their telegrams to a newspaper office, which shall be prohibited from selling, distributing, or communicating such telegrams to clubs, exchanges, or newsrooms, or disposing of them for any purpose whatsoever, directly or indirectly, other than for publication in newspapers allowed by the Imperial and Colonial Governments to receive them.

6. Telegrams can only be accepted from the authorized correspondent of a newspaper, and the news sent in such telegrams must be duly published in the newspapers, or satisfactory reasons be given for non-publication, in the absence of which full rates will be chargeable.

7. The Administrations reserve to themselves the right to terminate the present arrangements, but will in such case announce their intentions twelve months beforehand.

REGISTRATION OF ABBREVIATED ADDRESSES.

1. A register is open at the Central Telegraph Station, London, for the registration of the full address, at which telegrams reaching London from the provinces, or from abroad, and marked with an abbreviated or arbitrary address, are to be delivered.

2. The charge for registration is one guinea per annum, payable in advance, and becomes due on the 1st of August in each year.

3. For an address registered in London, the fee of one guinea should be remitted by means of a cheque on a London Bank, crossed "Bank of England," in favour of the Postmaster-General or order, or by Post Office order payable at the Chief Office, London.

4. The Postmaster-General does not undertake the delivery of any telegrams at addresses which are not either full and complete, or which have not been registered at the General Post Office, or which cannot be traced in the Post Office London Directory, whether the record of the actual address has already been notified to the Post Office or not.

5. In the provinces, and in Scotland and Ireland, the addressees of telegrams may have their addresses registered at the Chief Office of the Town in which they reside, upon payment of that office of the registration fee.

Persons in New Zealand desirous of availing themselves of this arrangement should request their correspondents in the United Kingdom to register any abbreviated address that may be agreed upon, at the Chief Office of the Town in which they reside.

A register is kept at every Telegraph Office in New Zealand for the registration of arbitrary or cypher addresses of two or more words as may be agreed upon by correspondents in telegrams from places beyond the colony only. No charge is made for registration.

NOTICES.

The Telegraph Companies register names and addresses of telegraph correspondents free of charge at all their stations, and in London at 11, Old Broad Street, 8, Lendenhall Street, and 3, Great Tower Street.

TELEPHONE EXCHANGES.

1. At any place where telephone exchanges have been established, Edison-Bell or any other approved telephones connected with the exchanges will be placed in offices or private residences within a reasonable distance of the central office, so that subscribers can converse with other subscribers at their offices or residences.
2. Every person desiring to hire any telephone instruments or set of telephones connected with a telephone exchange shall make application to the Superintendent of Electric Lines on the form supplied for that purpose by the department.
3. Applicants for connection with a telephone exchange, in addition to the rates in force for connection with an exchange, will be required to pay an entrance-fee of £1 when delivering the application for connection.
4. Subscribers at each exchange will be furnished with a list of persons with whom they may communicate by telephone, and, as new subscribers are connected with the system from time to time, notification of the fact will be given by the department.
5. The Electric Telegraph Commissioner or Superintendent of Electric Lines may exclude from the telephone exchange any subscriber who allows the telephone instruments in his custody or control to be damaged or destroyed, or put to any improper use, and may remove or cause to be removed any instruments allotted to the use of such subscriber, who shall have no claim for damages or otherwise in consequence of the removal or exclusion of the instruments under such circumstances.
6. All charges payable in respect of the hire of any telephone instruments shall be paid half-yearly in advance, for distances up to two miles and under, and for distances over two miles, quarterly in advance, the first payment to commence from the date when the connection with the telephone exchange is completed.
7. If such payment be not made within one week after demand, the connection with the exchange may, at the discretion of the said Superintendent, be discontinued without prejudice to any proceedings for the recovery of any moneys then due or otherwise.

On and after the 1st October, 1891, in addition to the entrance-fee of £1, the charge per annum, payable in respect of the hire of any telephone instrument connected with a Government telephone exchange shall be as follows:—

To every subscriber for a single wire, £5 per annum as from the date of connection. The above rate is for connection with a telephone exchange of warehouses, stores, shops, and business places not more than half a mile from the exchange, and of private residences not more than one mile from the exchange.

For every additional mile or fraction thereof, for each year commencing from the date of connection, and for every following year, £1.

Where any connection with an exchange is over two miles in length, the applicant will be required to hold the same for five years, and where the line is two miles and under the term will be one year.

If a connection with a telephone exchange necessitates the erection of a new line of poles beyond the two miles, then the additional charge for every mile after the second mile will be at the rate of £2 10s. for every such mile or fraction thereof.

In the event of such line being used for additional wires a proportionate reduction will be made to the original subscriber for every wire so erected, but in no case will the reduction be more than £1 10s. per mile after the second mile or fraction thereof.

BUREAU STATIONS.

A "bureau station" means any ordinary telegraph office connected by telephone with an exchange, and includes any station so connected.

The following are the charges to be paid by the public for the use of Government telephones wherever established in the colony at a bureau station:—

Where the line used is not more than six miles long, a uniform charge of 6d. for the use of same for any period not exceeding three minutes, and a further charge of 6d. for every additional three minutes or portion of three minutes.

Where the line used is over six miles long, the charges are 1s. for the use of the same for any time not exceeding three minutes, and a further charge of 1s. for every additional three minutes or portion of three minutes.

The above regulation as to time (three minutes) shall only apply to bureau stations within the limits of a town where an exchange is situated.

For bureau stations outside the limits of a town, the charge will be for the first six minutes, and every additional six minutes or fraction of six minutes.

Messages telephoned by subscribers through an exchange to a bureau station, or from a bureau station to a subscriber by a subscriber, will be charged half the above rates.

When a message to the effect that any person is required at a telephone is delivered by the department from a bureau station, 3d. will be charged for delivery within the ordinary circuits of delivery. These charges must be paid by the sender.

Messages outside the limits described above are subject to special charges for delivery, according to the extra expense thereby incurred.

A subscriber may only use the wire for six minutes at a time—that is to say, that, if another subscriber requires the wire, at the end of six minutes he must have it. Should the wire not be asked for, then a subscriber may continue to have its use at tariff rate until required by another subscriber.

PRIVATE WIRES.

CONDITIONS UNDER WHICH LINE WILL BE CONSTRUCTED, SUPPLIED WITH INSTRUMENTS, AND MAINTAINED.

Cost of Construction.

The price for the construction of any private line is the actual cost of construction, less, as far as possible, according to the following scale:—

Poles, 20 to the mile; if any angles, extra poles will be required. As a rule, the poles will be 4 chains apart.

25-foot poles, £1 5s. each; 20-foot poles, 15s. each; wire, No. 8, £28 10s. per ton (5 miles of wire in a ton); insulators, 1s. 6d. each; arms, 1s. each; pole-caps and bolts, 6d. each; binding-wire, 38s. per cwt. (about 3 lb. used in a mile).

Freight, and labour of erection, at current rates.

The applicants must, prior to the work being commenced, pay in advance two-thirds of the cost, and, on completion of the line, pay the balance due forthwith.

Instruments.

Instruments will be supplied for use on private lines, as may be requested by the applicants, at the following prices:—

Telephone, two sets=1 pair, £18, including batteries; 2 lightning-guards, if desired, £3 extra.

AHC instruments, two sets=1 pair, £50, including 2 lightning guards.

Morse type instruments, two complete sets, each consisting of 1 Morse instrument

1 key, 1 galvanometer, 1 relay, 2 lightning-guards, £61. Battery for same, 4s.

per cell; gutta-percha wire, 3d. and 6d. per yard, according to size used;

terminals, 2s. each.

Maintenance and Wayleave.

The charge for maintenance of each private line will be as under, payable yearly in advance viz.:—

For each mile or fraction of a mile, £1 per annum;

If the wire cannot be erected on any existing line, and therefore entails the erection of a new line, then for such new line the maintenance will be at the rate of £2 10s. per mile per annum for every mile or fraction thereof.

Use of Line.

The applicants must only use the line for their own bona fide business, and on no account, directly or indirectly, allow the wire to be used for any purpose which might be construed into an attempt to defraud the department of its revenue.

Government Life Insurance Department.

COMMISSIONER: JOSEPHUS H. RICHARDSON.

ASSISTANT COMMISSIONER: D. M. LUCKIE. ACTUARY: MORRIS FOX.

SECRETARY: W. B. HUDSON.

CHIEF MEDICAL OFFICER: JOSEPH HENRY, Esq., L.R.C.P., LONDON.

ACCOUNTANT: R. J. S. TODD.

ASSURANCES IN FORCE, OVER £8,000,000.

ANNUAL INCOME EXCEEDS £330,000.

ACCUMULATED FUND, APPROACHING TWO MILLIONS.

The Government Life Insurance Department is the only New Zealand Office devoted exclusively to Life Insurance.

No business is transacted out of the colony: the full benefit of the low rate of mortality in New Zealand being thus secured, the extra risks of inferior climates are avoided, and the entire funds of the Department retained in the colony for investment.

Government Security for the Payment of every Policy.

The all-important consideration for insurers is the security for payment of the sum assured. Policy-holders in this Office obtain THE SECURITY OF THE COLONY, in addition to that of a strong Mutual Insurance Office.

Policy-holders are entitled by Law to the whole of the Profits.

£200,000 CASH PROFITS have just been divided amongst the policyholders after a valuation of liabilities by a very SEVERE STANDARD, and making a SPECIAL RESERVE of £39,000 for future contingencies.

Bonuses

Will be allotted every THREE YEARS in future, and LIBERAL INTERIM BONUSES are allotted to all policies becoming claims in the period.

Moderate Premiums.

This Office alone combines the advantages of MUTUAL ASSURANCE with MODERATE PREMIUMS and GOVERNMENT SECURITY. Instead of charging rates considerably higher than are necessary, and afterwards returning the excess, accumulated at a low rate of interest, in the shape of bonuses, this Office gives AT ONCE almost as large an Assurance as the premiums will bear with safety. In addition to this advantage, which is equivalent to an IMMEDIATE BONUS, all surplus profits that may arise belong entirely to the Assured.

GOVERNMENT LIFE INSURANCE DEPARTMENT—continued.

Liberal Regulations.

LIBERAL SYSTEM OF NON-FORFEITURE.—Owing to the numerous changes which mark colonial life, it is found that not infrequently people commence insurance, the payments on account of which they may, from various causes, be unable regularly to continue. In order that every Government policy-holder may receive a full equivalent for the amount of premiums he has paid, it has been determined to adopt the following system, which will be a condition of every policy, viz.: When the premium on any policy which has acquired a surrender value becomes *overdue* by non-payment within the thirty days of grace, the policy will still remain in force for the full amount assured until the next surrender value for the time being is no longer sufficient to cover arrears including loans (if any) and accrued interest (without payment of any further premiums during that period), and should a claim occur within that time the same will be paid, deducting only the arrears and accrued interest thereon. Any bonus additions attaching to the policy will be taken into account in arriving at the cash surrender value for the purpose above specified.

POLICY-HOLDERS MAY AUTHORIZE DEDUCTION OF THEIR PREMIUMS WHEN DUE FROM THEIR POST-OFFICE SAVINGS-BANK ACCOUNTS, if they desire such convenience.

POLICY-HOLDERS CAN BORROW ON SECURITY OF THEIR POLICIES at 7 per cent. interest, to the extent of 90 per cent. of the cash surrender value.

POLICY-HOLDERS MAY TRAVEL or reside in any part of the world without license or extra charge.

POLICY-HOLDERS may engage in any occupation without license or extra charge. **POLICIES ARE FROM DATE OF ISSUE,** if age has been admitted, **INDISPUTABLE AND UNCHALLENGEABLE,** on any grounds whatever, except fraud or suicide of the insured within the first twelve months.

POLICIES ARE PROTECTED FROM BANKRUPTCY to extent of £2,000 immediately on issue, in nearly all cases.

PROPOSERS NEED NOT PAY AN INCREASED PREMIUM, but may have the sum of the loading an equivalent debt indorsed on policy, which will be satisfied should the assured attain the average duration of life.

PROOF OF AGE MADE EASY on application to the Head Office or any agent of the Department. Failing certificate of birth or baptism, a certified copy of entry in Family Bible or other register, or statutory declarations by the assured and a friend, will readily be accepted. A mistake in age will not make the policy void; and, although death should take place before the age is admitted, the claim will be paid on production of satisfactory evidence such as that before mentioned.

For **TOTAL ABSTAINERS** there is a SPECIAL SECTION, in which PROFITS ARE ALLOCATED SEPARATELY.

LOANS ON MORTGAGE.—The Office is now lending money on approved Freehold security to the extent of half the value offered at moderate rates of interest. The maximum amount which can be advanced to any one person is fixed by statute at £5,000. Particulars and forms of application can be obtained at the Head Office, or at the District and Resident Agencies.

LOANS REPAYABLE BY INSTALMENTS.—The department is prepared to make advances on mortgage, not exceeding one half of the value of the property mortgaged, in sums of money from £100 to £3,000, repayable by half-yearly instalments extending over 12, 15, or 20 years, on the following terms:—

The district following name of Agency indicates the District or Resident Agency of which the Agency is a sub-office.
 Prospectus, forms of application, and full particulars can be obtained from any of the Agents.

There are branches of the Bank of New Zealand at all agencies marked thus *. Policyholders remitting overdue premiums to the Head Office at Wellington may do so at par to any of the above-named branches of the Bank, on obtaining the proper form of Bank from the local Agent.

Policyholders leaving the colony to reside in Great Britain can, on giving due notice to the Head Office at Wellington, arrange to pay their premiums at the office of the Agent-General, 7, Westminster Chambers, Victoria Street, London, on or before the due date, as the days of grace are allowed outside the colony.

Policyholders residing in Australia can, on giving due notice, arrange to remit their premiums through the branches of the Bank of New Zealand (Melbourne, Sydney, Newcastle, or Adelaide), free of exchange.

PUBLIC TRUST OFFICE.

Capital and Interest guaranteed by the State.

The Office undertakes the following Business:—

1. The Administration of all Intestate Estates of which Letters of Administration have not been granted to the widow or other person entitled, the realisation and distribution of the personality, the payment of the debts, and the care of the realty for the absent heir.

2. The Executorship of the Wills of persons who may appoint the Public Trustee their executor, and thus avoid the necessity of committing their friends to the responsibilities involved by such a position.

Also the Administration of Trusts renounced by previously-appointed Trustees.

3. The Administration of all kinds of Money Trusts, including Marriage Settlements and every kind of fund the trusts of which are definitely set forth in the deed creating the Trust.

4. The Administration of the Estates of Lunatics and Lunatic Patients. This duty was transferred to the Public Trustee by "The Public Trust Office Act Amendment Act, 1873."

5. The Protection and Administration of all Lands lying waste, of which the owner is unknown, or has been absent from the colony for ten years without having left any known agent.

6. The Lending of Money on Mortgage of Real Estate to the amount of not more than half the value of the security and at lowest current rates of interest.

7. The Deposit of Wills for safe custody.

8. By "The Public Trust Office Acts Amendment Act, 1891," the colony now guarantees the integrity of the capital funds of properties placed in the Public Trust Office where there is no direction for the investment of such funds, or where there is no other direction for their investment than generally, at the option of the Public Trustee, in General Government securities of New Zealand or in mortgage of real estate within the colony.

9. The colony also guarantees on such capital funds for investment a common rate of interest, to be credited quarterly, *free of all office charges*, to the properties from which the funds arise. This rate of interest has now been determined at 5 per cent. on so much of the funds for investment as, arising from one property, do not exceed £3,000, and 4 per cent. on the amount in excess of £3,000; and this rate, which is allowed *free of all charges of the Public Trust Office*, will result in an income of—

£50 a year from £1,000, or 5 per cent.;

£150 " £3,000, " "

£190 " £4,000, or 4½ per cent.;

£230 " £5,000, or 4½ per cent.;

10. The value of this guarantee will be obvious when it is considered that it is—

(1.) The guarantee of the colony against loss from investments in bad or insufficient securities;

(2.) The guarantee of the colony against loss from delay in the investment of moneys;

(3.) The guarantee of the colony that the interest determined by Order in Council shall be regularly and punctually paid, *free of all charges of the Public Trust Office*.

11. A person making a will or arranging a trust must always be seriously concerned as to the security of the capital funds; and the larger the capital funds the greater will be the concern for security, and the less for a high rate of interest; and it will be found that the charges for the administration of a property by the Public Trustee will compare very favourably with the expense of an administration by any other means.

J. K. WARBURTON, Public Trustee.
