Money-order and savings-bank business is transacted at certain offices and hours named at pages 129-130 of the Postal Guide, on week-days only.

Certain post-offices specially authorized by the Postmaster-General may be closed during the periods of sorting and despatching mails.

They are not permitted to receive any payment beyond the postage for the delivery or collection of any letter or newspaper, or to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas gratuities. For delivery of parcels by parcel post, see regulations under "Parcel Post," pages 99-101 of the Postal Guide.

No person living within the town free delivery can claim to have his letters delivered at the office if a delivery by letter-carrier is about to take place; but letters which arrive by a mail, after which there is no immediate delivery by letter-carrier, may be obtained by any person on application at the office, so long as it is open for delivery.

Receipts must be given for all registered articles upon delivery thereof.

Letters addressed to the Post Office, or to be kept till called for, may be obtained at the office, except where it is ascertained that it is the practice of persons living within the town delivery to have their letters so addressed, in which cases they will be sent out by letter-carrier. Letters for persons residing beyond any official delivery will be delivered on application at the office. It is not permitted to return any letter to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon (except under the

provisions for special request, see "Special Request Letters"), as every letter must be delivered to the person to whom it is originally directed, and to him alone. No information must be given by a postal officer respecting letters, &c., which pass through a Post Office, except to the persons to whom they are addressed.

Private Boxes and Bags.

Private letter-boxes are provided for merchants and others upon payment, in advance of the following fees:—

- (a.) For a term exceeding six calendar months and not exceeding one year, one pound (£1).
- (b.) For a term not exceeding six calendar months, ten shillings (10s.); and
- (c.) Provided that no private box shall be let for a term less than six months, to date from the day on which the same shall be let; and that, where there are two or more applicants for the same box at the same time, the preference shall be given to the person desiring to have the same for the longest term.

No private box can be held in the joint names of a number of persons unless it be known that the applicants are in business partnership. Private persons are not permitted to join in renting a private box. Subject to the above restrictions, any person may have a private box who is willing to pay the appointed rent. No person can be permitted to engage a private box for Sunday or certain day or days only.

Letters directed to any person renting a private box, and letters directed to members of the family or servants, also letters directed to the care of the box-holder, will be deposited in the box (unless written notice be given to the contrary). The registered and unpaid correspondence will be retained by the delivery-clerk, and the box-holder notified by means of cards placed in the box.

Each box is provided with a door, lock and key, which must be kept in repair at the holder's expense.

Private box-lobbies at chief post offices are open on week-days from 8 a.m. to 10 p.m. At all other offices the hours are irregular, and vary from 8 a.m. to 10 p.m., and 9 a.m. to 8 p.m., according to local requirements. The lobbies are also open on Sundays and holidays but at irregular hours.

Persons residing upon mail routes requiring the accommodation of private bags must obtain the same upon payment, in advance, of the under-mentioned fees to the Chief Postmaster of the district, and subject to the following regulations:—

- (a.) The fees payable for private mail bags shall be—For a term exceeding six calendar months and not exceeding one year, two pounds (£2); for a term not exceeding six calendar months, one pound (£1). Provided that no private mail bag shall be let for a term less than six months, to date from the day on which the same shall be let.
- (b.) The bag must be of leather, with a lock and two keys, and provided and kept in repair at the cost of the person requiring it. When empty it must not exceed five pounds in weight. All private bags must be approved by the Postmaster.
- (c.) The Postmaster must securely lock the bag before despatching it, and it must be returned to the Postmaster in the same manner.
- (d.) The bag must only contain correspondence for persons connected with the establishment of the owner of the bag, or who may be in his employment; and it must be distinctly understood that such owner is responsible for the postage of the letters, and for returning receipts for all those which may be registered.

Mail contractors are bound to convey and deliver, free of charge to the holders of private bags given to them by Postmasters or under their instructions, but are not required to deviate from the prescribed mail route, and are on no account to be delayed. Should a return bag not be ready at the appointed time and place, the Contractors are not required to wait for it.

Unclaimed Letters.

On the first day of each month a list is exhibited at each Post Office in the Colony of the addresses of all letters received from places beyond the Colony that have remained unclaimed for two months at such Post Office, exclusive of the month in which they were received; and such of these letters as remain unclaimed at the end of a further month of one month are then forwarded to the Dead Letter Office, to be returned unopened to the countries where they originated. Unclaimed letters originating in the Colony are advertised, but at the end of one month are forwarded (excepting special-request letters) to the Dead Letter Office, Wellington, there to be opened and returned to the writers.

Special Request Letters.

Letters posted in the colony, having the names and addresses of the senders written printed, or embossed on the address side or on the fly of the envelopes, are returned unopened to the writers or senders by Chief Postmasters, when not claimed within three days; and all such letters which have, in addition, a request on the address side of the cover that the letters be returned if not claimed within a stated period, are also returned

unopened by Chief Postmasters. No such letters, however, will be returned unless they have remained in the Post Office to which addressed at least ten days.

Letters of this class originating at hotels, clubs, or places of public resort are not returned unopened by Chief Postmasters unless, in addition to the printed or embossed address on the cover, the name of the actual sender also appears.

The above instructions do not apply to the following classes of letters, which are sent to the Dead Letter Office:—Registered and official letters (excepting those otherwise specially directed), surcharged letters, and letters containing coin.

Times for Posting Correspondence.

Seaborne mails, as a general rule, are closed for ordinary correspondence one hour previous to the despatch of the mails from the Post Office, but by payment of a late fee (see § 4, page 88), letters may be posted until within twenty minutes of the time the mail leaves the office.

Late letters may also be posted on board steamers, and in the travelling post office and guards' vans of the principal trains. The late fee in all cases is, for places beyond the colony, an extra single rate of postage; and, for delivery within the colony, one penny additional postage.

Postage and Revenue Stamps, Registered-letter Envelopes, Post Cards, and Newspaper Wrappers.

Every Postmaster is required to keep for sale to the public a sufficient stock of the various postage and revenue labels and post-cards in use in the colony, and to sell them at the following prices:—

	s. d.		s. d.
Halfpenny labels	... 0 ½ each	One-shilling labels	... 1 0 each

Registered-letter envelopes are for foreign as well as inland letters. Sizes: 5½ in. by 3½ in., 6 in. by 3½ in., price 1d. each; 9 in. by 5 in., price 1d. each.

No person excepting a postal officer may, unless specially licensed by the Stamp Department, sell postage-stamps, post-cards, or newspaper wrappers. The penalty for such illegal sale is ten pounds.

To prevent the purloining of postage-stamps by the employés in large establishments, the stamps may be perforated with the initials of the firms, &c., so as to render the improper sale of such stamps a matter of difficulty. The perforation with initials of the stamps on post-cards and newspaper wrappers is also allowed; but permission in all cases must first be obtained from the Postmaster-General.

Stamps should be placed on the front of the letter, and upon the right-hand corner of the upper side. On re-directed letters, care should be taken not to place fresh stamps over the stamps which have been previously used.

Stamps which have been torn, cut, or otherwise rendered imperfect, except by perforation, cannot be used.

English, Victorian, and New South Wales postage-stamps may be obtained by persons desirous of sending a stamp or stamped envelope to their relatives or friends in the United Kingdom, Victoria, and New South Wales, in order to relieve them of the cost of the postage when sending replies. These stamps cannot be purchased in quantities of more than two shillings and sixpence worth at one time, nor are they permitted to be used for the purpose of making remittances.

Re-purchase of Stamps.

Postmasters in charge of money order offices are permitted, though not compelled, to purchase from the public New Zealand postage-stamps of not less value than 10s. (provided the stamps be not soiled or otherwise damaged), at a discount of 5 per centum.

To prevent the temptation to steal stamps attached to letters, which might be afforded by facilities for selling them, single stamps cannot be purchased. The stamps must in all cases be presented in strips of not less than two.

CONDITIONS OF TRANSMISSION.

LETTERS.

- The rates of postage on letters posted in New Zealand are—
 - For delivery within the colony—
 - From the post office at which they are posted } 1d. for each ½oz. or fraction thereof. Rates of postage.
 - From any other post office than that at which posted } 2d. for each ½oz. or fraction thereof.
 - Australian Colonies, and the South Sea Islands enumerated in Table A, page 83 } 2d. for each ½oz. or fraction thereof.
 - Great Britain, British Colonies, and Foreign Countries (see list in pages immediately preceding, Table B) } 2½d. for each ½oz. or fraction thereof.
- Letters not fully prepaid or posted wholly unpaid are charged double the deficiency at the prepaid rate, on delivery. Insufficiently-prepaid letters
- No letter should exceed 2ft. in length or 1ft. in width or depth. Dimensions.

Late letters.

Late fee.

Letters for United Kingdom must be sent through the mails.

Loose letters.

Consignees' letters.

Redirected letters fully prepaid.

Insufficiently prepaid.

Letters containing valuable articles, bank-notes, &c.

Soldiers' and sailors' letters.

Prohibited letters.

4. For sea-borne mails late letters may be posted till within twenty minutes of the time the mail is to leave the office. Late letters may also be posted on board steamers, in the railway travelling post office and in guards' vans of the principal trains. A late fee of 1d. must be affixed to late letters addressed to places within the colony, of 2d. to the Australian Colonies, and the South Sea Islands, mentioned at Table A, page 83, and 2½d. for other places. This rate also applies to letters posted on board the San Francisco mail steamers at Auckland.

As there is no provision in the United Kingdom for the acceptance of loose letters, such letters are liable to be taxed on delivery as wholly unpaid, notwithstanding that postage and an additional rate intended to represent late fee may have been affixed. All letters for the United Kingdom must be sent through the mails. Letters, except consignees' letters, posted in letter-boxes of guards' vans, railway travelling post offices, or on steamers, if not prepaid the late fee, are charged double the late fee.

Loose letters taken from letter-boxes on board vessels, or handed over to the post office by officers of such vessels, are liable, in addition to full postage from country of origin, to additional postage as late fee. If postage and late fee are prepaid in stamps of the country of origin, no additional charge is made; but, otherwise, a charge of 2d. is made on each article in addition to double any deficiency in the ordinary postage.

Consignees' letters and other letters which it is not compulsory by law to send by post, are not liable to any surcharge when sent loose. If, therefore, they are fully prepaid in stamps of, and at the tariff of the country of origin, and at the rate of twopenny per half-ounce when they originate in New Zealand, they are delivered free. Any deficiency in postage in any case is doubled.

Advice-notes under ½oz. posted on board ship with 1d. stamp for delivery in New Zealand are surcharged 1d. only if in open envelopes; if in closed covers, the surcharge will be 2d.

5. Redirected letters are treated as if they were addressed direct from the first office of posting to their ultimate destination, no charge whatever being made for intermediate redirections. When letters are fully prepaid for their first destination, they are charged on delivery only the actual difference between the postage from the first office of posting to the ultimate place of destination, and the postage originally affixed to the letters. Thus, a letter prepaid 2d. and posted at Wellington for Auckland would be redirected free of charge thence to Dunedin, or to any place in Australia, but if subsequently redirected, say from Dunedin to London, it would be charged on delivery "½d." i.e., the postage from Wellington to London 2½d. less stamps affixed "½d." Redirected letters not fully prepaid for their first destination are charged double the difference between the postage from the original office of posting and the last place of redirection, and the postage affixed to the letters.

6. Letters containing valuable articles should invariably be registered, and if any unregistered letter is discovered to contain coin or bank-notes, it will be compulsorily registered and surcharged 6d.

7. Letters addressed to or forwarded by any non-commissioned officers, members of the Cape regular service, army schoolmaster (not of the first class), army schoolmistress, soldier, or seaman, while actually employed in Her Majesty's service, may be transmitted within the colony, and between the colony and the Australian Colonies, India, British Ports in the Mediterranean, and the United Kingdom, at a charge of 1d. each; and to any post office within the British Dominions, via the United Kingdom, by British mail packet, at 2d. each, provided that the following regulations are observed:—

- Each letter must not exceed ½oz. in weight.
- If sent by any such privileged person, it must be superscribed with the name of the writer, his description or class in the regiment or vessel, and signed by the officer at the time in command.
- If addressed to any such privileged person, his description or class in the regiment or vessel must be specified thereon.
- If posted within the colony, the postage must be prepaid.

Letters of this description posted or received in the colony, not in accordance with the foregoing regulations, or if addressed to foreign countries, will be treated as ordinary letters.

8. For particulars as to letters not accepted for transmission, see "Prohibitions."

LETTER-CARDS.

1. Letter-cards for transmission within New Zealand and the Australian Colonies, issued by the Postmaster-General, are now sold to the public at 1½d. each.

2. Letter-cards for other places must bear an additional postage in adhesive stamps, as under:—

For the South Sea Islands named in Table A, page 83—1½d.

For the United Kingdom, British Possessions beyond Australasia, and Foreign Countries—1d.

3. If anything be enclosed in a letter-card the addressee will be charged letter-rates of postage in addition to the postage impressed on the card.

POST-CARDS.

1. The rates of postage are—

For delivery within the Colony, Australia, and the South Sea Islands (mentioned at Table A, page 83) { Each single post-card, 1d.
Each reply-paid post-card, 2d.

For delivery in any other country (see Table B, pages 83 to 87) { Each single Postal Union post-card, 1½d.
Each reply-paid Postal Union post-card, 3d.

Rates of postage.

(Postal Union post-cards will be applicable to any of the countries mentioned at Table B, pages 83 to 87. Until these are printed and issued, the present Inland and Australian post-cards may be used in their stead, by affixing a ½d. stamp next the printed stamp on "single," and on each half of the "reply-paid" cards).

2. Post-cards issued by the Government may be used for the purpose of Official cards, making a communication through the Post Office.

Private cards bearing adhesive penny stamps may also be used as post-cards. They must be composed of ordinary cardboard not thicker than that used for post-cards of the Government pattern. The size must be 5in. by 3in., as nearly as may be. For inland transmission the cards may be entirely plain; but for transmission to places beyond the colony single cards must bear the printed words "New Zealand Post-card," and reply-cards the words "New Zealand Post-card Reply."

3. Private cards will be received from the public, and impressed with the penny postage-stamp, under the following conditions: A week's notice is to be given by the applicant, and a sample of the card to be used to be forwarded for the Postmaster-General's inspection. None but cards of approved quality and colour will be accepted. Each sheet must be of the size of 22in. by 15in., and must not exceed 2oz. in weight. Not fewer than fifty sheets of card can be received at one time. On each sheet presented for impression, the applicant's name or monogram is to be embossed or printed, and any printing must be thoroughly dry. Cards when impressed will be returned to the applicant in sheets of twenty-one impressions. No fee will be charged for stamping. Cash must accompany all cards to be impressed. No commission will be allowed upon private cards impressed for licensed vendors.

Conditions for receiving and stamping private cards.

4. Post-cards must be sent unenclosed. The face is reserved for the postage-stamp, for inscriptions relating to the Postal Service—such as "Registered," "Acknowledgment of Delivery," etc.—and for the address, which may be written, or shown on a gummed label, not exceeding 2in. in length by 1in. in width.

The sender has also the option of indicating his name and address on the face or on the back of the card, either in writing or by means of a stamp, autograph-stamp, or any other typographical process.

On the reverse side, any communication, whether in the nature of a letter or otherwise, may be written, printed, engraved, or designed, except as provided in section 6. Excepting stamps for prepayment, and the address labels above mentioned, nothing whatever must be joined or attached to a post-card, unless it be addressed for delivery within the colony, in which case a receipt-stamp may be affixed to the back.

Definition.

5. The reply-half of a post-card received from any place outside of the colony can only be sent without extra charge to the country in which it originated; if addressed to any other country it is treated as an unpaid letter. Each of the two halves must fulfil the conditions laid down for single post-cards; one half is doubled over the other, and they must not be closed up in any manner whatsoever.

6. Any post-card exhibiting anything of an obscene, libellous, or obviously objectionable character will be detained and sent to the Dead Letter Office.

7. Post-cards infringing any of the above rules, except the last, are treated as unpaid letters.

8. Post-cards posted insufficiently prepaid or unpaid (such as post-cards not issued by New Zealand, or cards which have already been used for transmission) will be charged as insufficiently prepaid or unpaid letters.

6. Commercial papers posted on board steamers or on railway trains late posted, are subject to an additional charge of 1d. for every 2oz.

8. Printed papers generally comprise all impressions or copies obtained on paper, parchment, or cardboard, by means of printing, lithography, autography, or any other mechanical process easy to recognise, except the copying-press or type-writer; anything usually attached or appurtenant to any of the undermentioned articles in the way of binding, mounting, or otherwise; and anything convenient for their safe transmission by post. No writing whatever is allowed on printed papers, except as specified hereafter. The following is a list of the more prominent articles considered as "Printed Papers":—

NOTE.—The covers of printed papers must be left entirely open at one or both ends. (See paragraph 17, page 93.)

Address-cards.

Books, stitched or bound.

Cards—

(a.) Birthday, Christmas, Easter, and New Year's cards, (1) if addressed to a place within the colony or to any British country, Italy, Egypt, Guatemala, Nicaragua, and Salvador, may have written on them complimentary and such-like remarks, together with the names and addresses of the senders, and of the person for whom the cards are intended, also the date of sending. (For example: "To John Smith, with best wishes from Mary Smith, Christmas, 1892.") But cards having messages or other communications written on them such as "Hoping to see you shortly;" "Write soon," will be liable to letter rates of postage. (2) If directed to any other country such remarks are not permissible.

(b.) Cards of invitation, printed. (The name of the person invited, the date, object, and place of the gathering, may be added in manuscript.)

(c.) Visiting cards, printed or engraved. (The address of the sender, his title as well as conventional initials, such as "P.P.C.," may be added in writing.)

(d.) Travellers' cards for inland transmission are treated under the following rules: The cards must be unfolded, and must not exceed 5½ in. x 3½ in. in size. They must really be what they purport to be—viz., notices of the intended visit of a traveller employed by the firm issuing the card. The name of the traveller and the date of his visit may be inserted in writing, and a list of prices-current may be printed on the back of the card. The list of prices may be modified by

hand or by a mechanical process, to meet market-fluctuations, but no other matter (such as lists of agencies, and so forth) will be permitted. If the card is to be sent unenclosed, the whole of one side must be reserved for the postage-stamps, marks and inscriptions relating to the postal service, and the address. When both sides are printed upon, the card must be enclosed in an open envelope. Cards which do not comply with these conditions must be paid for at letter-rates.

Catalogues—prices in figures may be inserted in writing.

NOTE.—Stamps having a monetary value, whether obliterated or not, must only be forwarded at letter-rates or by parcel-post.

9. Printed papers, of which the text has been modified after printing herein, or bears any mark whatever of such a kind as to constitute a commercial language, cannot be sent at printed-paper rates.

10. As exceptions to the above rule, it is permitted:—

(a.) To indicate on the outside of the missive, the name, commercial standing, and address of the sender;

(b.) To indicate or alter in a printed paper, in manuscript, and by a mechanical process, the date of despatch, the signature, and the address of the sender;

(c.) To correct also errors in printing in printed documents;

(d.) To erase certain parts of a printed text, in order to render them illegible;

(e.) To make prominent, by means of marks, passages of the text in which it is desired to draw attention;

(f.) To insert or correct in manuscript, or by a mechanical process, figures as well as the name of a traveller and date of his visit, in prices current, tenders for advertisements, stock and share-lists, and trade circulars;

(h.) In requisitions sent to libraries (printed and open, and in manuscript, as orders for books, newspapers, engravings, pieces of music, to indicate on the back, in manuscript, the works required, and to erase or underline, on the front, the whole or part of the printed communications);

(i.) To paint fashion-plates, maps, &c.

(k.) To insert in local visitors' reports on children boarded out matter strictly relevant to the printed headings.

* For inland transmission, this includes circulars produced by some mechanical process in imitation of typewriting. The word "Circular" must appear clearly on the circular itself as well as on the cover in which it is enclosed.

11. A printed paper, such as a list of testimonials to a medicine, &c., ceases to be admissible under the printed-paper rates if modified by the addition of any words by means of the impression of a rubber stamp; but if the added words are not of the nature of an actual or personal correspondence, such documents may be sent as commercial papers. Additions made in manuscript, or by means of a mechanical process, which would deprive a printed paper of its general character and give it that of individual correspondence, are forbidden, except as provided in the next section, No. 12.

12. Circular notices issued by the authorities of friendly and masonic societies to the members thereof, and differing from each other only in the name of the addressee and the amount due, but being otherwise in identical terms, may pass at the rate for "printed papers" within the colony. Notices from friendly and masonic societies.

13. Address cards and all printed matter of the form and substance of an unfolded card may be forwarded without wrapper, envelope, fastening, or fold. The face is reserved for the postage-stamps, indications relative to the Postal Service, and the address. The sender is permitted to indicate there his name, profession, and address, by means of a stamp, autograph stamp, or any other typographical process. Requisitions to libraries may also bear the printed words "Library Order," (or Requisition).

Cards bearing the inscription of post-cards are not allowed to go at the rate for "printed papers."

14. Postage-stamps, whether obliterated or not, and all printed articles or stamps constituting the sign of a monetary value, are excluded from transmission as packets, and must bear letter or parcel rates of postage. Obliterated stamps addressed to Tasmania are subject to an *ad valorem* duty of 20 per cent. on delivery. Postage-stamps or other stamps.

15. Engravings, prints, designs, and lithographs printed in black or in colours, varnished or unvarnished, are liable on entry into France to Customs duties, and cannot therefore be sent as printed papers, except singly or in very small quantities, as specimens or *bond fide* samples. Engravings, &c., for France.

16. Bound books sent as letters—i.e., in closed wrappers—to Portugal must bear an indication of the nature of the contents and, in prominent characters, the superscription, "To be submitted to Customs." Observance of these precautions will obviate the addressees being fined. Bound books for Portugal.

GENERAL BOOK-POST REGULATIONS.

APPLYING TO BOTH "PRINTED PAPERS" AND "COMMERCIAL PAPERS."

17. A book-packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing-wax, postage-stamp, or otherwise) or in a cover entirely open at one or both ends, so as to admit of the contents being easily withdrawn for examination. For the greater security of the contents, however, it may be tied at the ends with string, but the string must be easy to unfasten. Book-packets must be open at one or both ends.

18. The limits of size for book-packets are 18in. in any direction. If made up in the form of a roll, a packet may measure up to 2ft. 6in. in length and 4in. in diameter. Packets exceeding these limits will be detained and sent to the Dead Letter Office. The weight must not exceed 4lb. Limits of dimensions and weight.

19. Book-packets posted wholly unpaid, if addressed to countries beyond New Zealand, are detained, advertised for one month on a list exhibited at the office of posting, and, if not paid in the meantime, they are sent to the Dead Letter Office. Wholly-unpaid, or insufficiently prepaid, packets addressed to any place within the colony, and insufficiently prepaid packets for places beyond the colony, are sent to destination, but will be charged double the deficiency, at prepaid rate, on delivery. Insufficiently prepaid book-packets.

20. If "commercial papers" or "samples" are enclosed with "printed papers" the rates for "commercial papers" or "samples," respectively, must be paid. Charges when commercial papers or samples are enclosed.

21. "Commercial papers" and "printed papers," photographs, cards, &c., marked on the outside as such, bearing or containing writing other than that authorized, or such as may be closed against inspection, or contain enclosures not authorized by the foregoing rules, or any enclosure addressed to a name which differs from that on the cover, if addressed for any place within the colony, are sent to destination surcharged simple letter rate, minus the postage already prepaid. (The fine thus imposed on open packets not to exceed 6d., unless the written matter enclosed represent more than a foolscap sheet of writing.) If addressed to any place beyond New Zealand such packets are detained and sent to the Dead Letter Office for disposal. Irregularly posted book-packets.

8. Packets of, or single, newspapers, if addressed to places beyond the colony and posted unpaid, are detained and advertised the same as ordinary "printed papers." Unpaid and insufficiently-prepaid newspapers intended for delivery within the colony, and insufficiently-prepaid newspapers for places beyond the colony, are forwarded to destination charged double the deficiency at the prepaid rate.

More than one newspaper may be enclosed in a packet.

Insufficiently-

Newspapers addressed to public libraries in the colony may pass free of charge.

Newspaper exchanges transmitted free.

Only one copy of each free paper may be addressed to any one institution or newspaper office.

Redirection of newspapers. Conditions of posting.

Writing beyond address of addressee and sender is not allowed in or on newspapers. Treatment of newspapers closed against inspection or bearing unauthorised writing.

Dimensions and weight.

9. Newspapers for delivery in the colony, if posted in single numbers, addressed to the Manager, Keeper, Clerk, Secretary, Librarian, or other person having the charge of any Athenaeum, Mechanics' Institution, Hospital, Public Library, Young Men's Christian Association, or Free Reading-room; to the Catholic Reading-room, Wellington; Sailors' Rest, Dunedin and Port Chalmers; Chambers of Commerce, Auckland and Dunedin; certain Charitable Institutions in the Christchurch Postal District; any Lunatic Asylum, or to the Royal Colonial Institute, London, are permitted to pass through the post, and to be delivered free of postage. If directed to the care of the officer or to a name at the institution they will be treated as ordinary newspapers.

10. "Newspaper exchanges" (i.e., newspapers exchanged between newspaper offices in the colony) are permitted to pass through the post free of postage, provided they are posted in single numbers, and addressed to the Editor, Proprietor, Publisher, or Manager. The title of the newspaper and the words "Newspaper Exchange only" must be written or printed on each cover above the address. Newspaper exchanges not complying with these rules will be charged as ordinary newspapers.

11. Not more than one copy of any issue of a newspaper intended for free transmission under the rules contained in the two preceding paragraphs, 10 and 11, will be forwarded free of charge. If more than one is posted not prepaid with postage a charge of 1d. shall be made for each extra newspaper enclosed.

12. Newspapers will be redirected free of charge to any place within or beyond New Zealand, on the same conditions as letters.

13. A newspaper must be posted either without a cover or in a cover entirely open at both ends, so as to admit of its easy removal for examination.

14. A newspaper must not contain any writing beyond the name and address of the addressee, the initials or name and address of the sender, and any marks or signs simply intended to call attention to passages in a text.

15. Newspapers intended for delivery within the colony which contain or bear any writing beyond that specified in the preceding clause, No. 15, or are fastened in their covers by means of gum, sealing-wax, postage-stamps, or otherwise, are sent to destination surcharged simple letter-rate minus the postage affixed. The fine so imposed will, however, not exceed 6d. where the writing enclosed represents more than one sheet of foolscap. Such newspapers if addressed to any place beyond the colony are detained and sent to the Dead Letter Office for disposal.

16. Newspapers addressed to places beyond the colony are subject to the same conditions respecting dimensions and weight as "printed papers."

Registration.

Registration fee.

All classes of correspondence may be registered. Sender may obtain an acknowledgment of delivery.

Advantages of registration.

Letters containing coin, bank-notes, &c., will be compulsorily registered.

1. The fee for registration of any article addressed to a place within or beyond New Zealand (except articles sent by parcel post beyond the colony) is 3d., in addition to the ordinary postage, and must be prepaid.

2. Any letter, post-card, book or other packet, newspaper, or inland parcel will be accepted for registration.

3. The sender of a registered article may obtain an acknowledgment of its due receipt by the addressee, on payment, at the time of posting of the article, of an "acknowledgment fee" of 2½d., in addition to the ordinary registration fee.

4. The registration of an article renders its transmission much more secure; and the loss of a registered packet is a very rare occurrence. Nevertheless, the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account.

5. Valuable articles sent in *unregistered* letters are exposed to risk. Inland and Australian letters or packets, therefore, which unquestionably contain coin or bank-notes, even though they be posted without registration, are treated as "registered," and charged double the registration-fee in addition to the ordinary postage; and any such letters, &c., which cannot be registered in time to be forwarded by the mail for which they are posted are detained for the next despatch.

6. It is prohibited to send to any of the countries mentioned at Table B, pages 83 to 87, any registered article marked on the outside with the declared value of the contents; and Postmasters must refuse to receive articles which are so marked.

7. It is forbidden to send coin, jewellery, or precious articles by letter post to any of the countries enumerated at Table B, pages 83 to 87, which are not marked (*). Silver or gold coin may, however, be addressed to the United States in registered letters.

8. Coin, jewellery, &c., if addressed to countries which do not admit of their transmission by letter-post, and with which New Zealand has parcel exchanges, may be sent by parcel post, except in cases in which they are specially prohibited, see pages 102 to 113 of Postal Guide.

9. The registration to some countries is incomplete. In such cases articles are as a rule registered to the port of arrival, and the continuation of the registration thence to destination is left at the discretion of the country of arrival.

10. Every letter, &c., to be registered should be presented at the counter, and a receipt obtained for it, and must on no account be dropped into the letter-box.

11. No letter-carrier, messenger, or other servant of the Post Office is allowed to carry a letter for any person to be registered.

12. Letters may be registered during ordinary office hours, and for despatch by any mail, up to within one hour before the closing of such mail.

13. No article addressed in pencil, or directed to initials, or to a fictitious name can be registered.

14. Registered articles are re-directed free of charge on the same conditions as ordinary letters. (See section 5, page 88.)

Articles not allowed to be sent by Letter, Book, Sample, or Newspaper Post.

Any indecent or obscene print, painting, photograph, lithograph, engraving, book, or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character; also any explosive, dangerous or noxious substance, any living creature, excepting live bees and entomological specimens for delivery in the colony, Australia, and the United States (see section 10, page 94), or anything likely to injure the contents of the mails or any officer of the Post Office.

(Under the Inland Parcel-post, however, fish, meat, game, eggs, &c., razors, scissors, needles, knives, forks, or other sharp instruments, are permitted to be forwarded if so packed as to prevent all risk of injury to other parcels or to the officers of the Post Office. Liquids, or semi-liquids, such as paint, &c., or glass in any form, are also received if so packed as to be secure from breakage.)

The transmission by post of gold, silver, precious stones, jewellery, &c., is prohibited in all countries mentioned at Table B, pages 83 to 87, which are not marked (*). Such articles may, however, be sent to such of the countries not so marked as have parcel-post exchanges with New Zealand, except in cases where the Parcel-post Regulations specially exclude their admission. Coin and bullion can only be transmitted by letter-post, and must be registered.

Tobacco, cigars, cigarettes, or snuff cannot be sent to the United Kingdom or New South Wales by letter or sample post. The United Kingdom, however, admits samples of unmanufactured tobacco not exceeding 4oz.

The introduction into New South Wales of opium by post is prohibited. In Luxembourg the registration of packets containing gold, silver, jewellery, &c., is compulsory, and everything of value, except coin or bullion, is liable to duty.

In the undermentioned colonies, viz.,—
Bermuda, Hongkong, Newfoundland, Ceylon, Labuan, St. Vincent, Falkland Islands, Lagos, Sierra Leone, Gambia, Malta, and Straits Settlements, Gibraltar, Montserrat.
 articles of value are transmissible, and, with the exception of jewellery addressed to Ceylon, Newfoundland, and St. Vincent, are exempt from Customs duty. Their transmission is also permitted in

Declared value of contents not to be shown on packets addressed to certain countries. Coin, jewellery, &c., can only be forwarded by letter-post to certain countries.

Coin, jewellery, &c., may be sent by parcel post to certain countries.

Registration to some countries incomplete.

Registered letter or to be presented at the counter.

Letter-carrier not to carry letters to be registered.

Letters may be registered for despatch by any mail one hour before its closing.

Articles addressed to initials or fictitious name cannot be registered.

Registered letters re-directed free of charge. Prohibited articles.

Certain otherwise prohibited articles may be sent by parcel-post.

Gold and silver articles not allowed by letter post.

Special regulations in certain countries.

Cyprus, Grenada, and Jamaica;

but they are liable to Customs duty, with the exception of gold and specie in Cyprus, gold, silver, and diamonds in Grenada, and diamonds in Jamaica.

In the Dutch East Indies articles of value are admissible, except wrought gold and silver, but the packets containing them must be registered.

Special prohibitions in Serbia, Italy and United States of America: Anything relating to foreign lotteries.

Letters for Italy or other countries sent forward on Italy, if containing gold or silver money, jewels or precious articles, registered or otherwise, are opened, the articles confiscated, and the letters sent on to destination.

In Spain and Victoria jewellery is dutiable, and liable to confiscation. Samples of cloth, woven fabrics, felt, and paper-hangings addressed to Spain by post must not exceed 40 centimetres in length or width, unless the latter be well defined by a border, when it may be the full width of the piece.

Romania.—Stitched or bound books cannot be sent at printed paper rates, being liable to Customs duty.

Russia.—Printed matter in the Russian language is prohibited; and even such trifling articles as photographs and Christmas cards are liable to duty, though a single photograph may be sent to Russia by post. All letters or packets containing prohibited or dutiable articles of any kind, however small the value, are confiscated in that country. Russian Government bonds cannot be enclosed in ordinary or registered letters to Russia, and if discovered in correspondence 25 per cent. will be deducted from their amount in Russia as a fine.

Miscellaneous Regulations and Suggestions.

Post Office not responsible for loss of correspondence.

Fragile articles should be sent by parcel-post.

Information as to articles in course of transmission to be given to addressee only.

Postmasters cannot return articles to senders.

Postmasters need not weigh for public anything except parcels.

Postmasters need not give change.

Postage-stamps to be affixed by the public.

Correspondence should show address of senders.

Commercial papers. Writing in.

Letters should be gummed and not sealed.

The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered); nor is it responsible for any injury which a packet may sustain during its transmission.

To guard against such injury, all postal packets which are likely to suffer from stamping or from great pressure should be placed in strong covers; and it is recommended that such articles should be sent by parcel-post. Fragile articles should not be sent by post.

No information can be given respecting letters which pass through a post office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public. A Postmaster may, however, give an address if he has no reason to believe that the person whose address it is would disapprove of his doing so.

Except in the case of "special request" letters, post-cards, or circulars, Postmasters are not allowed to return any article to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address.

Postmasters are not bound to weigh letters, books, packets, or newspapers for the public, but they may do so if their duty be not thereby impeded. This rule does not apply to parcels, which are tested both as to weight and size before being accepted.

Postmasters are not bound to give change; and when money is paid at a post office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been received from the counter.

No postal officer is permitted to take money in prepayment of postage (except in the case of inland circulars posted in quantities of not less than one thousand at one time), or to affix postage-stamps on letters, &c., posted at any post office. Postage-stamps should in all cases be affixed by the sender or person posting the correspondence.

Every letter or other article should contain the full address of the sender, in order to insure its return if the person to whom it is directed cannot be found. A much larger portion of the undelivered letters could be returned if the names and addresses of the senders were always plainly written inside or embossed on the envelopes.

The writing in commercial papers, &c., must be written in European characters. If such writing be in Chinese, Arabic, &c., such articles posted in New Zealand for delivery at places within the colony will be surcharged with postage.

The practice of sealing letters passing to and from countries with climates with wax (except such as is specially prepared) is attended with much inconvenience, and frequently with serious injury, not only to the letters so sealed, but to the other letters in the mail, from the melting of the wax and adhesion of the letters to each other. The public are therefore

recommended, in all such cases, to use either wafers or gum, and to advise their correspondents in the countries referred to to do the same.

In order that no failure may occur in the delivery of newspapers through the covers becoming detached, it is recommended that the addressee be written on exposed parts of the newspapers themselves, as well as on the covers.

Neither money nor any other valuable article ought ever to be sent through the post, except by means of a money-order, postal note, or in a registered letter. Any person who sends money or jewellery in an unregistered letter, not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes.

Any person conveying (otherwise than by the post) a letter not exempted from the exclusive privilege of the Postmaster-General, incurs, by law, a penalty of £20 for every letter so conveyed.

Much difficulty is experienced in the delivery to their right owners of letters imperfectly addressed; and the Post Office has frequently incurred unjust censure either for unintentionally delivering such letters to wrong persons, or for declining the responsibility of delivering them at all. The address of every letter ought to be full and distinct; and, in the case of the larger towns, the name of the street (and occupation when any) should always form part of the address. The practice of addressing letters to a town only prevails to a large extent, and in such cases the letters are not only liable to suffer delay, but to be lost altogether through being delivered to wrong persons.

It is the duty of Postmasters, whenever they have ground for suspecting an infringement of any of the conditions relating to commercial papers, pattern and sample packets, newspapers, and printed papers generally, and occasionally even where there is no ground for suspicion, to open and examine packets posted at or passing through their offices.

To prevent obstacles to the regular transmission of letters, a Postmaster may, when necessary, delay forwarding any book-packets or newspapers until the following despatch.

The main business of the Post Office being the transmission of letters, the forwarding of book-packets and newspapers (which no one is compelled to send through the Post Office), though an important, is only a secondary object, for which no arrangement can be made which would interfere with the quick and regular conveyance and delivery of letters. Books and packets, therefore, which would be injured by being thrust into a bag and hurriedly pressed down like a bundle of letters, should not be sent through the post.

CONDITIONS OF TRANSMISSION.

1. In order that a packet may be sent by Parcel Post, it should be handed in at a Post Office counter or delivery-window and bear the words "Parcel Post" written or printed conspicuously in the left-hand top corner. It is also desirable that every parcel should bear the name and address of the sender on the cover, but in such a position as not to be taken for the address of the parcel. The officer to whom the parcel is handed will check the size, weight, and postage affixed before accepting the parcel.

Parcels should be handed in at counter, and bear sender's address.

Limits of weight and size.

2. Parcels not exceeding 11lb. in weight, 3ft. 6in. in length, or 6ft. in length and girth combined, are accepted for transmission to all places within the colony, excepting those not served by railway, coach, or steamboat (see next section), the Australian Colonies, and the United Kingdom. Thus a parcel measuring 3ft. 6in. in length could be 2ft. 6in. in girth, while one of 3ft. in length might be 3ft. in girth, &c. The limits of weight and size of parcels for other countries will be found at pages 102 to 113, second last column. Wheels must not exceed 6ft. in circumference.

Maximum dimensions and weight to and from New Zealand offices not served by railway, coach, or steamer.

3. Parcels for New Zealand offices not served by railway, coach, or steamer, a list of which is given at pages 125 to 128, must not exceed 5lb. in weight, 2ft. in length, and 1ft. in breadth or depth; nor can parcels for those offices be accepted which are of too fragile a nature to permit of their safe transmission in mail-bags. These same limitations apply also to all parcels posted at such places.

Not to be posted in posting-boxes.

4. Parcels must not be posted in posting-boxes; infringements of this rule render inland parcels liable to a fine of 6d. on delivery, and foreign parcels to detention.

Sender of foreign parcel to make out Customs declaration.

5. The sender of a parcel addressed to any place beyond New Zealand will require to make a Customs declaration (on a form to be obtained at any Post Office) describing the contents and stating the value thereof, and also giving the name of the office of destination and the sender's signature and place of residence. False declaration involves the forfeiture of the parcel, and renders the sender liable to prosecution under the Customs laws.

Postage to be prepaid.

6. The postage must be fully prepaid in postage stamps, which should be affixed by the sender or the person handing in the parcel to a label which may be obtained at the counter to be affixed to the parcel in the right-hand top corner.

Prohibited parcels.

7. Parcels bearing or containing writing or marks of an offensive or indecent character, or containing gunpowder, cartridges, lucifer matches, or anything explosive or liable to sudden combustion, bladders containing liquid, live animals, offensive or filthy matter, or any substance likely to cause injury to other parcels or to the officers of the Post Office, are not accepted for transmission. Parcels addressed to countries beyond the colony must not contain any perishable articles, such as fish, game, &c. In addition to the above, parcels are liable to the further prohibitions indicated at pages 102 to 113, last column.

Parcels which can only be admitted if specially packed.

8. Parcels containing perishable articles, such as game, fish, eggs, &c., may be accepted for inland transmission. Razors, scissors, needles, knives, forks, or other sharp instruments, liquids, or semi-liquids, such as paints, &c., bottles, or glass in any form, may be forwarded both inland and to such of the countries beyond the colony as do not specially prohibit their introduction (see prohibitions at pages 102 to 113, last column). All such articles must, however, be securely packed, so as to prevent all risk of injury to other parcels or the officers of the Post Office.

Not to enclose letters, or articles addressed differently to the parcel itself.

9. Parcels must not contain any letter, coin, or bank-notes, or any packet or parcel intended for delivery at an address other than that borne by the parcel itself. Unsigned and cancelled bank-notes, provided, however, be forwarded to places in the colony in sealed packets, provided the cover of the packet indicates the contents. For every letter so enclosed and for each article directed to a different address than the one on the parcel, the parcel becomes liable to a surcharge of double the postage, which such enclosure would have cost if sent separately. Invoices must, however, be sent in parcels addressed to offices within the colony. Parcels having written thereon any communication in the nature of a letter are subject to a fine of 6d.

Inland parcels may be registered.

10. Parcels for delivery in the colony may be registered on the same conditions as letters, and for an additional fee of 2d. a receipt will be obtained from the addressee on delivery and forwarded to the sender. Parcels directed to places beyond the colony cannot be accepted for registration, but, in lieu, the sender may obtain a certificate of posting on payment of a fee of 2d. Neither certificate of posting nor registration involves any liability on the part of the department beyond that named in clause 24.

11. Parcels containing bullion, jewellery, and such like valuables should be securely packed, and, if addressed to any place within New Zealand, are recommended to be registered. Their transmission to certain countries is not permitted (see prohibitions, pages 102 to 113, last column). Parcels containing gold mined in the North Island, if addressed to countries beyond the colony, can only be posted at Money Order Offices, and senders will have to pay thereon the gold export duty (2s. per ounce) in addition to the usual parcel postage. Coin and bullion for the Australian Colonies cannot be sent by parcel post, but may be forwarded by letter post.

Jewellery and valuables to be specially packed, and, if for New Zealand, registered. Gold export duty to be prepaid.

12. The public will greatly facilitate the work of the Post Office and help towards the safe delivery of parcels by taking care that they are in all cases compactly, strongly, and securely packed, especially those with fragile or perishable contents. It must be borne in mind that each parcel must be several times handled before it reaches its destination, and, although every care will be taken by the officers through whose hands they pass, yet it will be impossible to avoid occasional damage if the packing be defective.

Manner of packing.

13. Parcels may be opened and examined by postal officers, but this does not make it obligatory that the ends shall be left open by senders. After so opening the examining officer will securely refasten them.

Contents may be examined by postal officers.

14. Parcels may be delayed when their transmission would interfere with the due despatch of letter mails.

Possible delay of parcels.

15. At places served by letter-carriers delivery of parcels will be made by them as far as practicable. Where letter-carriers are not employed, or where they are unable to deliver parcels, delivery must be taken at the Post Office. Senders are recommended to inform addressees by post of the despatch of parcels, so as to assure prompt delivery.

Redirected parcels liable to fresh rate of postage.

17. Parcels addressed to a Post Office "To be called for" will, after they have remained in the office seven clear days (excluding Sundays and holidays), be charged demurrage at the rate of 1d. a day. No demurrage, however, will be charged on parcels for places at which there is no house-to-house delivery, or to persons on board ship.

Parcels liable to demurrage.

18. Parcels cannot be delivered until all charges due thereon, such as Customs duty, redirection fees, &c., are paid.

Charges to be paid before delivery.

19. When parcels are refused by the addressees, or known to be undeliverable, senders will be immediately communicated with, and they may elect to have them redirected to another place or returned, but they must pay a fresh rate of postage for such redirection or return.

Senders to be advised if parcels refused or undeliverable.

20. Unclaimed parcels will be retained at the office from which they should be delivered for one clear month, exclusive of the one in which they are received. At the end of that period the sender will be advised that they cannot be delivered, as provided in the preceding section.

Unclaimed parcels. Undeliverable parcels.

21. Inland parcels, if not claimed by the addressees or senders within three months, exclusive of the one in which they have been received, will be disposed of as the Postmaster-General may direct. Parcels with perishable contents may be destroyed immediately they become offensive. Parcels from countries beyond New Zealand, if unclaimed, will be retained until expiry of six months from the date of posting of the advice of non-delivery to the sender, and then returned through the Dead Letter Office to countries of origin.

1. The following are the amounts for which postal notes are issued, together with the poundage payable in respect of each note:—

The person so named must sign the receipt at the foot of the note, and must also sign the name of the Money Order Office, if that has not been already done.

6. If any erasure or alteration be made, or if the note is cut, defaced, or mutilated, payment may be refused.

Electric Telegraph.

REGULATIONS UNDER WHICH TELEGRAMS ARE AUTHORIZED TO BE TRANSMITTED ON THE TELEGRAPH LINES BELONGING TO THE GOVERNMENT OF NEW ZEALAND.

1. Neither Her Majesty the Queen nor the Government of the colony shall be responsible for errors, omissions, or delays in the transmission of any telegram, nor for the non-delivery or non-transmission of any telegram.

2. Printed forms upon which telegrams should be written may be obtained at all telegraph offices on application; but all telegrams, whether written upon the prescribed form, upon any other printed form, or upon plain paper, shall (subject to the provision hereinafter stated), be considered as presented for transmission under the several conditions contained in these regulations: Provided that telegrams written upon printed forms other than those supplied by the Government shall be first approved of by the Electric Telegraph Commissioner, or the same may be refused at any telegraph-office when presented for transmission.

3. Telegrams which are indecently or obscenely worded, or which appear to contain matter of a libellous or grossly offensive character, shall not be transmitted.

4. All telegrams presented for transmission shall be written either in ink, or with indelible pencil, or in manifold, in a clear and legible manner; they shall contain a proper address, and bear a genuine signature in the usual handwriting of the sender, or in that of his authorized agent, but when written by the agent the latter shall add his name or initials, not for transmission, but for the information of the Telegraph Department.

When it is not intended or desired that the sender's signature should be telegraphed, it must be written on the back of the message. The message may then be transmitted without a signature, or with any signature known to the receiver, such as "Kate," "Harry," "Mamma," which the sender may insert for transmission; but the receiver may have the full signature telegraphed by paying for the necessary service telegrams.

5. When the sender desires that special instructions, such as "Private," "Confidential," "To be opened at once," "Per Te Anau," "By first steamer," or the like, shall be written on the envelope of the message, he shall write those instructions immediately after the address of the receiver, and pay for them as part of the message. The words shall also be written in the space for instructions.

6. Postage stamps shall be used for payment, and any person sending a telegram is required to affix such stamps to the message forms.

7. In order to prevent errors in the transmission of telegrams, all words must be written in full, and no abbreviations will be allowed that are not in general use and in accordance with the usage of the language. All numbers should be written in words in full, and not in figures.

8. Telegrams will be transmitted in the following order of priority:—
(1.) Telegrams of the Government marked *urgent*.
(2.) Service telegrams.
(3.) Urgent private telegrams.
(4.) Non-urgent (ordinary) private telegrams.
(5.) Delayed telegrams.

The charges for transmission of a telegram within New Zealand are,—

For eighteen words or less, including address and signature—	
Urgent	2s.
Ordinary	1s.
Delayed	6d.

Extra words, 2d., 1d., and ½d. each respectively.

On Sundays, for urgent and ordinary telegrams, these rates are doubled. Delayed telegrams will not be received on Sundays. For any fraction of a penny a penny must be paid.

9. In order to prevent a monopoly of the line by any one company or individual, several telegrams are presented for transmission about the same time, and any one of these telegrams is of considerable length, no officer shall transmit more than two hundred words of any such telegram at one time.

10. Telegrams may be written in cipher, which will be counted according to the following scale, whether for figures or letters: Separate ciphers count as one word; groups of five ciphers, or fractional part of five ciphers, count as one word; groups exceeding five ciphers are counted at the rate of five ciphers to the word, and any fractional portion remaining is to be counted as one word.

The use of a cipher address is prohibited on messages for transmission within the colony.

11. In the event of serious delays occurring through accident to the lines, which may prevent the transmission of a telegram within a reasonable time, or may destroy the message of any telegram, notice thereof shall be sent to the sender of such telegram, should the address be known. The sender may, on an application to the General Post Office through the Officer in Charge of the Station at which such telegram was presented, be paid for, receive back the amount paid thereon, and the telegram will be cancelled.

12. Except as notified in the printed list of telegraph offices published from time to time in the Postal and Telegraph Guide, all telegrams shall be delivered free of charge within a radius of one mile of the station to which they may be transmitted by wire.

	s.	d.
For any distance not exceeding half a mile beyond the free delivery	0	6
For any distance over half a mile but not exceeding one mile beyond the free delivery	1	0
For any distance over one mile but not exceeding two miles beyond the free delivery	1	6

The foregoing charges provide for ordinary delivery only. For messages to be delivered by special messenger, the cost of such delivery shall be added and paid for. If required to be delivered beyond the distance of three miles, all moneys disbursed in payment of cab-fares, omnibus-fares, horse-hire, portage, or any other expenses incurred in delivery, shall be charged. All telegrams requiring to be delivered on shipboard on the water, or across the water, shall bear any expenses incurred to defray boat-hire. To prevent the non-delivery or detention of telegrams, when the sender of a telegram objects or refuses to pay the charges, or any of them, the telegram will be posted immediately on its arrival at the station to which it is transmitted by wire.

13. Persons not wishing to send to a Telegraph Office may post a telegram in an envelope addressed "Telegram Immediate," in a wall- or pillar-box, or at a receiving office or sub-post-office. Telegrams so posted are sent on by the next collection to the Telegraph Office to which the letters included in the collection are taken, and are thence transmitted and delivered free of extra charge, provided the proper amounts for transmission and portage (if any) have been prepaid. The time of arrival at the Telegraph Office is regarded as the time of receipt from the public. Telegrams may also be posted enclosed in envelopes, and when so posted they will be treated in the same manner.

14. The sender of a telegram shall be responsible for the payment of all charges incurred in the delivery, and the Officer in Charge of the Telegraph Office at which the telegram was delivered for despatch may, in his own name, in any Court of competent jurisdiction, sue for and recover from the sender thereof the charges due on such telegram.

15. The cost of a reply may be prepaid, and a reply-form will then be delivered to the addressee, who will be at liberty to send his reply, from any Telegraph Office, at any time within six weeks. If the form be not used its value will be refunded to the sender of the original telegram on his applying within six weeks to the Accountant, General Post Office, and on the production of the form. A reply-form need not necessarily be used for a reply but may be used to prepay any message.

16. Telegrams may be taken from the sender with the word "Collect" written thereon in the space for instructions, and in such case the value of the telegram will be collected from the receiver; but, in the event of the department being unable to collect the amount, the sender will be held responsible for the due payment thereof, and in such case the Officer in Charge of the Telegraph Office at which the telegram was delivered for despatch may, in his own name, in any Court of competent jurisdiction, sue for and recover from the sender of such telegram all charges due for the transmission thereof.

17. The sender of a "Collect" telegram shall, if requested to do so, lodge the amount of it. Any difference between the sum required and that lodged will be settled, and a refund will be made, upon delivery of the telegram.

18. Should the sender of a telegram desire to have the same repeated, to insure accuracy, such repetition will be made at a charge of half the rate of the original telegram, a fraction of a penny being reckoned as a penny.

19. Telegrams redirected to a second address are liable, if an additional service is performed, to another charge equal to the original amount paid. This additional charge shall be collected from the addressee on delivery.

20. On the application of the sender or the addressee of any telegram, search will be made by the department for the copies thereof in its possession. A fee of five shillings shall accompany each application for search, or for search with copies, so as to cover cost of the search and the copy or copies required. Any excess or insufficiency in this amount, determined by the length of time occupied in the search, will be adjusted before copies are handed to applicants. No application is entertained unless at the request of the sender or of the person to whom any telegram is addressed.

21. Receipts for the amounts paid for international and intercolonial telegrams may be obtained by the sender free of charge at the Telegraph Office at the time of presenting such telegrams for transmission. A receipt for the amount paid for an inland telegram will be given at the time of presenting such telegram for transmission on payment of a fee of twopenny by the sender.

URGENT TELEGRAMS.

Telegrams marked *Urgent* are received at any Telegraph Office and transmitted in the order of their priority with other messages of the like code.

Urgent telegrams take precedence of all ordinary messages.

The fee for an urgent telegram is double of that for an ordinary telegram.

All ordinary telegrams lodged at any Telegraph Station after 8 p.m. are treated as *Urgent*, and charged for accordingly.

Urgent telegrams lodged on Sunday are charged four rates.

When the sender of an urgent telegram desires to pay for an urgent reply, the words *Urgent, reply paid* must be inserted in the instructions. When the reply required is not to be urgent the instruction should be *Urgent, reply paid only*.

DELAYED TELEGRAMS.

Delayed telegrams are received at and forwarded from any telegraph office in the colony, final delivery to the address given being effected by post.

Delayed telegrams are not received on Sunday.

These telegrams will continue to be subject to delays whenever the wires are occupied with ordinary and other messages which have a prior right to transmission.

After receipt at the telegraph offices to which they are addressed, every delayed telegram will immediately be posted and then delivered either over the public counter, through private boxes, or by first delivery by letter-carrier.

Senders of delayed telegrams are requested to give as full address as possible.

Delayed telegrams cannot be made "Collect" or "Reply paid," but may be made "Repetition paid."

WEATHER TELEGRAMS FOR SHIPPING.

Masters of vessels are permitted to forward messages at a uniform rate of sixpence for each message (including reply) to the Harbour Masters of the various ports seeking information as to the state of the weather, &c., at the port to which they are bound, or from any port which may lie in their route. These telegrams must be concise, and should be filled in in accordance with the directions to be seen at the various telegraph offices.

In no case will a larger number of words in the body of the telegram than twelve be allowed under these Rules.

GENERAL RULES FOR COUNTING TELEGRAMS BETWEEN PLACES WITHIN THE COLONY.

1. No combination of two or more words is counted as one word, with the exception of those words which the usage of the language allows to be written together, or coupled by hyphens, as shown in Webster's Standard Dictionary, and which are so written by the sender of a telegram. For example, five per cent and New Year's Day are counted as three words; while Road Board, Park Lane, in transit, prize fight, wheat meal, ox tongues, surgeon dentist, all right, post office, flour mill, gold fields, one farthing, Christmas Day, and post card are two words; and halfyearly, shipmaster, first-class, bootmaker, everything, halfpenny, one penny, two pence, postpaid, o'clock, today, tonight, and tomorrow, one word.

2. (a.) Words written together, and expressing a single number or numeral adjective under one hundred, as *twenty-four*, *thirty-first*, *seventy-eight*, and *ninety-ninth*, count as one word. When the letter *s* is added, as in *twenty-fives* or *forty eights*, the combination would count as two words; but single words—that is, words which, without combination, express figures—count as one word whether written in the singular or plural: thus, the single word *fives* or *eights* or *fifties* would count as one, like *five* or *eight* or *fifty*. After ninety-nine, numbers will, of course, be counted as written—viz., one hundred and seventy-three, four words.

(b.) When the word *one* is followed by another single word to express the figures forming a fraction, the combination will count as one word: thus, *one-half* or *one-fourth* or *one-tenth* will count as one word, while *five-sevenths* or *twenty-two fiftieths* will count as two words, and *seven thirty-fifths* or *twenty-seven thirty-fifths* will count as three words.

3. The abbreviations of auxiliary verbs designated by an apostrophe, such as *can't*, *don't*, *won't*, *I'll*, *you'll*, *couldn't*, *shouldn't*, &c., are counted as one word, but unauthorised abbreviations, such as *Asia for Australasia*, combinations, such as *Queenlikes*, or alterations of words contrary to the usage of the language, such as *alright for all right*, are not admitted.

4. All names, with the exception of those mentioned in Rule 5, are counted as compound words if composed of more than one word: thus, Southern Cross is counted as two words; Ladybird, one; E. U. Cameron, three; New South Wales, three; Maid of the Mist, four; Sir Tatton, two; New Caledonia, two. But any mere prefix to a proper name is not to be counted separately: thus, St. George, St. Albans, St. Leonard, De Costa, De Beer, De Bourbel, McDonald, O'Donnell, St. Aubyn, San Francisco, will be counted each as one word.

5. The proper names of post and telegraph offices in New Zealand are the special exceptions to Rule 4: thus, Port Chalmers, New Plymouth, Castle Point, White's Bay, Government Buildings, and compound names of stations will be counted as one word each. No word, however, is to be included which does not form part of the actual name of the town or station: thus, Port Lyttelton will be two words, Lyttelton alone being the proper name of the port.

6. Initials and separate characters, separated by full stops or spaces, count as separate words: thus, E. M. T. Spence would count as four words, and 6.4.7. or 6 4 7 as three. An underline also counts as a word. The initial letters of separate words, when written to represent such words and not forming trade-marks, must be regarded as separated by stops or spaces, and counted as separate words accordingly: thus, P.O. for Post Office, is counted as two words; M.H.R. for Member of the House of Representatives, as three words; U.K. for United Kingdom, as two words. Trade-marks, and such commercial terms as *fob*, *cif*, *B/L*, the letters and figures composing them must only be counted as separated by stops when they are so separated.

7. Bars of division used in the formation of numbers are counted as figures. A bar of division is also counted as a figure when used in connection groups of mixed characters. When used in connection with letters only it is only counted as a letter.

8. Numbers expressed in figures are counted at the rate of five figures to a word, plus one word for any excess. The same rule applies to counting groups of letters and words not forming part of any authorised language, and to unintelligible combinations of letters. Where a group of figures is followed by a letter, the letter is counted as a word: thus, 102A counts as two words. Letters added to figures to form ordinal numbers are counted as figures, as in 25th, which counts as one word.

9. When the sender of a telegram desires words to be underlined, an extra word for each separate underline must be charged; and when to be placed in a parenthesis or inverted commas, two extra words must be charged.

10. The following examples determine the interpretation of the rules to be followed in counting words:—

11. In telegrams containing preconcerted (code) language or cipher (letters or figures having a secret meaning) language the plain words are to be counted in conformity with paragraphs 1 to 5 inclusive. Words in admissible preconcerted language are to be counted and charged for at the rate of ten letters to a word. Words, names, or collections of letters not admissible in plain or preconcerted language, and groups of figures or letters, are counted according to the rules laid down in paragraphs 6 to 9 inclusive.

12. Every combination of words expressing the title of the sender or receiver in the signature or address of a message must be counted as it would be counted in the text of the message (see list under clause 18). The signature in every case must be the usual signature, written by the sender or by his authorised agent, but when written by the agent the latter must add his name or initials, not for transmission, but for the information of the department. When it is not intended or desired that the sender's signature should be telegraphed, it must be written on the back of the message. The message may then be transmitted without a signature, or with any signature known to the receiver, such as "Kate," "Harry," "Mamma," &c., which the sender may insert for transmission; but the receiver may have the full signature telegraphed by paying for the necessary service telegrams. When two or more signatures are affixed to a message, only the last is to be counted and coded as that of the sender.

13. When the sender desires that special instructions, such as "Private," "Confidential," "To be opened at once," "Per Te Anau," "By first steamer," or the like, shall be written on the envelope of the message, he must write those instructions, immediately after the address of the receiver, and pay for them as part of the message. The words must also be written in the space for instructions.

taining news received by the steamer conveying that mail. When the San Francisco mail arrives at Auckland on Sunday, the 500 additional words are allowed on the Monday following.

CABLE NEWS.

Press messages from Wellington repeating news received by telegram from beyond the colony, and bearing the words "Cable news" in the instructions, are chargeable throughout the day with the evening rates for Press messages; and every such message must be charged separately.

CHARGES WHEN OFFICE REOPENED BY SPECIAL REQUEST OF ONE OR MORE NEWSPAPERS, OR ANY INDIVIDUAL.

Press messages lodged at and forwarded from telegraph offices, when specially reopened after the hour of closing for the transmission of ordinary telegrams, are forwarded as under:—

At the rate of 2s. per 100 words for messages of 375 words, but not exceeding 1,000 words. For every additional 100 after the first 1,000 words, at the rate of 6d. per 100 words or fraction thereof. No telegraph office reopens for Press messages after the hour of closing for the transmission of ordinary telegrams for less than 7s. 6d., which covers cost of transmitting a message of 375 words.

CHARGES WHEN OFFICE REOPENED AT REQUEST OF UNITED PRESS ASSOCIATION.

Messages forwarded on behalf of the United Press Association for newspapers on the list of night-stations, and addressed to the several newspapers served by the Association, are liable to the following charges when offices reopened by special request after the hour of closing for the transmission of ordinary telegrams:—

At the rate of 6d. per 100 words or fraction thereof, together with an additional fee of 7s. 6d. for reopening the office, and any further charge in respect of overtime that may have to be paid at offices other than the original forwarding office in connection with the transmission of the messages and *videtur*.

The additional payment to be made in all cases by the applicant. At least six hours' notice must be given the General Post Office, Wellington, of the desire to have an office reopened for Press news after the hour of closing for the transmission of ordinary telegrams.

CHARGES FOR PRESS TELEGRAMS RELATING TO EXTRAORDINARY EVENTS, ETC.

Press telegrams containing intelligence of extraordinary events, such as collisions, wrecks, large fires, explosions, &c., may be accepted for transmission between offices open for the purpose of carrying out the midnight cable service for the distribution of news received from beyond the colony, after those offices have been closed for the receipt of other Press messages, and on the following conditions:—

The messages must not exceed 100 words, and must be addressed to the Press agencies or to all offices opened for the midnight service.

The Officer in Charge of the office where the messages are presented may refuse such of these as in his opinion do not convey news of an urgent nature.

The messages must not interfere with or delay the transmission of the regular midnight cable news.

The rate of 1s. must be charged for each message not exceeding 100 words.

CHARGES FOR MESSAGES RELATING TO SICKNESS OR DEATH.

Telegraphic messages relating to sickness or death or other matters of an important nature can be transmitted from any to any telegraph office after ordinary official hours on payment of double the ordinary tariff rates, provided that the attention of the terminal office can be obtained.

In addition to the payment of double tariff rates, the following scale of fees must also be paid:—

1. For calling upon a postmaster or operator in charge to transmit a message after his ordinary hours of duty, and when the office is closed, a special fee of 2s. 6d., which amount must be paid even if the telegram fails to reach its destination, but in the latter case the tariff rates collected will be refunded.

2. In addition to the charges for transmission, and fee to the postmaster or operator, a further charge of 2s. must be paid for delivering a message any distance within a radius of a mile from the office.

3. All charges for ferries, tolls, or increased extra cost incurred by the department beyond the ordinary limits of delivery must also be borne by the sender, and paid for at time of presenting the message. The sender of a message will, however, be held liable for any short collections should it be subsequently found that the amount collected for carriage in the first instance has not been sufficient.

LIST OF TELEGRAPH OFFICES.

The names of the telegraph offices in New Zealand are to be written in the addresses of telegrams as given in this list, and the name of each office as it is thus required to be given must be counted as one word. For instance, *Abbotsford* in the address of a telegram will count as one word, and *Nelson, Auckland*, as two words; and a delayed telegram, addressed to a suburban office, the words *Possibly, Post Auckland*, for example, will count as three words.

When a telegraph message is addressed to a place not a telegraph office, but bearing the same name as a telegraph office, as well as to the office to which the message is to be telegraphed—thus, "*Richmond, Christchurch*"—the names of both places must of course be telegraphed, and the transmitting offices through which any message is addressed may pass must regard the first of the two names as that of a place which is not a telegraph office.

Unless otherwise stated, offices are closed on Sundays and public holidays.

Money-order telegrams can be sent between all offices except those marked *.

Delayed telegrams are transmitted daily (but not on Sundays) during ordinary hours of attendance. They will not be accepted for transmission during the hours given for press attendance.

Ordinary telegrams lodged after 5 p.m. must be paid for at urgent rates, and be coded "Urgent," whether marked or not.

Urgent telegrams lodged on Sundays are charged four rates.

When telegraph lines obstructed and urgent messages for places within New Zealand are received, messages to places beyond the colony are also accepted, but treated as urgents on New Zealand lines, and treble the New Zealand charges on cable messages collected.

CONDITIONS UNDER WHICH TELEGRAMS ARE TRANSMITTED TO PLACES BEYOND THE COLONY.

Telegrams for places beyond the Australian Colonies are described as *intercolonial* and those for Australia and Tasmania as *intercolonial*.

MODE OF WRITING AND ACCEPTANCE OF TELEGRAMS.

1. No responsibility is accepted for any delay or errors in the transmission of telegrams nor for the non-transmission or non-delivery of telegrams from whatever cause arising. Every care, however, will be taken to insure both accuracy in transit and speed in delivery.
 2. In order to guard against mistakes, attention is called to the great importance of legible writing. Every interlineation, reference, erasure, or alteration must be authenticated by the sender or his representative.
 3. Telegrams may be composed of plain language or of secret language, i.e., of code words, or of figures or groups of figures. Letter ciphers, i.e., letters or groups of letters having a secret meaning, are only admitted in Government telegrams.
 4. Telegrams in plain language must present a clear meaning in any one of the languages admitted for telegraphic correspondence.
 5. Telegrams in code must consist of words, each of them presenting a clear meaning, but not forming intelligible phrases.
 6. These words are taken from vocabularies admitted for this description of correspondence.
 7. Telegrams in code may contain words of ten letters at most, taken from any or all of the following languages: English, French, German, Italian, Dutch, Portuguese, Spanish, and Latin. No other languages can be used. Code words containing more than ten letters will be dealt with as groups of letters, and will be charged at cipher rates (*vide rule 33*), but words composed of more than ten letters, used in their natural sense in code messages, will be charged for at the rate of ten letters to the word (*vide rule 33*).
 8. Proper names of persons, places, &c., in the text of code telegrams will only be accepted when used in their natural sense.
 9. The office at which the telegram is tendered for transmission may call for the production of vocabularies for the purpose of verifying the authenticity of the words employed.
 10. Telegrams in cipher may be composed of figures or groups of figures.
 11. The text of secret telegrams may be wholly secret or partially so.
 12. Telegrams consisting merely of the address, i.e., without text, are not accepted.
 13. The following abbreviations are counted as one word:—
- | | |
|-------------------------------------|---|
| †(D) Urgent telegram. | (XP) Express prepaid. |
| (RP) Reply prepaid. | (FS) To follow. |
| (TC) Repeated or collated telegram. | (EP) Estafette paid. |
| (CR) Acknowledgment of receipt. | (ST) Service tax. |
| (PP) Postage prepaid. | †(RO) Telegram to be delivered open. |
| ††(RPD) Reply paid urgent. | †(MP) Telegram to be delivered personally to the addressee. |
| (PR) Post registered. | |

† Urgent telegrams are not accepted in Great Britain.

†† These telegrams are not accepted for delivery in Great Britain.

14. Any instructions the sender may have to give as to the delivery at destination, prepayment of reply, acknowledgment of receipt, repetition (collationnement), &c., should be written immediately before the address of the telegram and are charged for. These notices may be written in the above abbreviated form adopted for official instructions, in which case they will each be counted as one word only.

15. The address of a telegram must consist of at least two words, the first representing the name and address of the addressee, and the second the place of destination. These words must be inserted and charged for as part of the telegram. The consequences of an incomplete or incorrect address must be borne by the sender.

16. The Government will, at any of its offices, register for a fee of 10s. per annum for each address, the names and addresses of persons receiving telegrams, or proper names, or words as ciphers, so that this information may be given in two words, but not less than two words, thus: "ARIEL, WELLINGTON." This registration can only be effected locally. If a firm in Wellington should desire to register a code address in any other place, they must instruct their correspondents in the town where the registration is to be effected to make the necessary application at the telegraph office.

17. In all cases where it is desired to register a code address, a proper name or a dictionary word must be chosen.

Such combinations as "Cornhart" for "Cornelius Mart," "Granotel" for "Grand Hotel," &c., being neither proper names nor dictionary words, cannot be accepted for registration, nor can such irregular combinations be admitted in the text of telegrams.

18. These registrations apply, however, only to telegrams received at the station where the registration is effected, and not to telegrams forwarded from such station. Registration must in every case be effected at the receiving station.

19. The sender or his representative must sign the telegram at the foot of the telegram form, adding, if required, his address, but the name of the sender is only charged for if transmitted.

20. The sender of a private telegram is bound to prove his identity when requested to do so. The sender may have his signature legalised, and include such legalisation in his telegram. The number of words required for this purpose must be paid for.

RECTIFYING TELEGRAMS.

21. The addressee of a telegram may have the whole or part of it repeated, on payment of the cost of the telegram demanding the repetition, and of the reply to the same. Should a reply to the request for repetition not be received within a reasonable time a second request will be sent without charge.

Rectifying-telegrams relating to *intercolonial* telegrams are to be charged half rates when the repetition shows that no error was made in the transmission of the original message.

22. The sender can also have the whole or any portion of his telegram repeated, on payment of the cost of the telegram he forwards, and of the reply, if one be required.

23. The demand for the repetition must be made within seventy-two hours after receipt or despatch of the telegram, and should be written in the following manner:—

"Wellington from London [These words are not charged for]."
 "(RP. 4.) [i.e., reply paid four words]."
 "Twenty-sixth [date of original telegram]. Brown [addressee of original telegram]."
 Repeat first, fourth, ninth [meaning text-words in the original telegram]." Or

"Twenty-sixth. Brown. Repeat word [or words] after....."
 The reply will be as follows: "London from Wellington [These words are not charged for]."
 "Brown [words repeated]."

24. The number of words in the reply will thus exceed by one the number of words to be repeated.

25. The charges will be refunded if the repetition proves that the original telegram has been seriously mutilated in transmission.

26. In case some of the words repeated are shown to have been correctly transmitted the cost of the words employed to obtain the repetition of the same, both in the telegram of inquiry and reply, will be retained.

27. No refund will be made when the mutilation has been caused by illegible handwriting on the part of the sender, or when the repetition is obtained direct, instead of by means of an official service telegram.

28. No reimbursement of the charge for the original telegram will be allowed.
 29. The sender may also rectify any error or omission in a telegram forwarded by him. This rectification should take the following form:—

EXAMPLE OF A RECTIFYING TELEGRAM SENT BY THE SENDER.

"S.T. Paris via Darwin. 7/4 [number of words]. Thirteenth Krichbaum. [Date and name of receiver of telegram to be rectified.]" "Replace third [word of text] 200."

The charges paid for this class of telegrams are not refunded.

COUNTING AND CHARGING.

30. Telegrams are charged according to a tariff per word, including the names and addresses of the sender and addressee; but, unlike inland telegrams, the charges must be paid for in cash. Such telegrams must contain at least one word in the text.

31. The name of the station of origin, the date, hour, and minute of the deposit of the telegram, will be officially inserted in the telegram, and supplied to the addressee free of charge.

32. In plain language the maximum length of a word is fixed at 10 letters in international telegrams, any additional letters being counted and charged for as extra words at the rate of 10 letters to the word. In intercolonial telegrams the maximum length is 15 letters to the word, any additional letters being counted and charged for as extra words at the rate of 15 letters to the word. Diphthongs count as one letter only.

33. In code language the maximum length of a word is fixed at 10 letters. Words in plain language when inserted in code telegrams are charged for at the rate of 10 letters to a word. This applies to both intercolonial and international telegrams. (See Rule 7.)

34. In the address, however, the name of the receiving office and the name of the country in which the telegram has to be delivered are each counted as one word only, irrespective of the number of letters required to express them, subject to these names being written as they appear in the official nomenclature of the International Telegraph Office.

35. Code-words containing more than 10 letters, and words not belonging to any of the languages admitted for international correspondence, are charged for in international telegrams at the rate of three letters to the word, and in intercolonial at the rate of five letters to the word.

36. All separate characters, whether letters or figures, underlines, parentheses, inverted commas, are counted as a word.

37. Initials are charged as so many separate words.

38. Words joined by a hyphen or separated by an apostrophe are counted as so many separate words.

39. Nevertheless English and French compound words to be found in a standard dictionary, joined by a hyphen or separated by an apostrophe, are counted as one word if written, subject to the limitation of letters in preceding paragraphs.

40. Illegitimate combinations contrary to the usage of the language, and abbreviations and wrongly-spelt words, are inadmissible.

41. If a short charge has been made on a telegram owing to the sender having employed words or combinations contrary to the usage of the language the amount charged will be collected from the addressee. When this power is exercised the telegram is not delivered to the addressee until the supplementary charge is paid. The sender is informed by service telegram in case the payment is refused. In every case where charges on cablegrams have to be collected on arrival, the telegrams are only to be given over to the addressee upon payment of the amount due.

42. Proper names of towns, persons, countries, places, squares, streets, ships, and numbers written at length are counted according to the number of words employed by the sender to express them, the respective limitation as to the number of letters referred to in Rule 32 being always applied.

43. In international telegrams each group of three figures or less is charged for as one word, and in intercolonial at rate of five figures to the word; larger groups are charged at the rate of three figures and five figures respectively to a word. The same rule applies to the counting of letters where admitted. (See Rule 3.)

44. In international telegrams signs of punctuation, apostrophes, commas, bars of division, and stops used in the formation of numbers are each counted as a figure.

45. Letters added to figures to form ordinal numbers are each counted as a figure. The words "fob" (meaning "free on board"), "cif" ("cost insurance freight"), and "c&" ("cost freight insurance") are accepted as one word if written together. If written ten separately as "F.O.B.", "C.I.F.", and "C&" they are counted as three words each. The abbreviations "B/L" ("Bill of Lading"), "c/o" ("care of"), and "X" ("per cent") are each accepted as one word.

47. The words twopenny, threepenny, &c., up to and including tenpenny, if written together, are charged as one word each; "elevenpenny" is also charged as one word in international telegrams, but, as it consists of 11 letters, is in international telegrams charged as 2 words.

colonial telegrams, but, as it consists of 11 letters, is in international telegrams charged as 2 words.

(1) Telegraph instruments cannot reproduce such expressions as 30s, 15 x 6, &c. Senders should be requested to substitute the meaning at length, as "15 multiplied by 6."

† This can only be rendered as AP/M and 3/M respectively.

PAYMENT OF CHARGES.

49. All charges must be prepaid, except those for supplementary services or special conveyance beyond the telegraph office of destination, which are claimed from the addressee.

50. A receipt can be obtained for any message handed in at any telegraph station.
 51. Short charges and charges due by the addressee which are not recovered from him are to be paid by the sender.
 52. Charges erroneously collected in excess are refunded.

STOPPAGE OF TELEGRAMS.

53. The Telegraph Administrations reserve to themselves the power to stop the transmission of any private telegram which may appear dangerous to the security of the State, or which may be contrary to the laws of the country or to public order or decency.
 54. Any sender can, by proving his identity, stop, if in time, the transmission of a telegram deposited by him. When a sender withdraws or stops his telegram before transmission has been commenced, the charges are returned to him, less a fixed sum of 5d., the fee of the sending office. If the telegram is already transmitted by the office of dispatch, the sender's only means of requesting it to be cancelled is by means of a paid service.

DELIVERY AT DESTINATION.

55. Telegrams are delivered according to their address at the place of residence of the addressee, or *poste restante* at the Post Office, or *telegraph restante* at the Telegraph Office, and in the two latter cases they are only delivered to the addressee or to a person duly appointed by him.
 56. A telegram taken to the place of residence may be delivered either to the addressee, the adult members of his family, to his employés, lodgers, or landlord, or to the porter of the house, unless the addressee has given special instructions to the contrary.
 57. If the door is not opened at the address given, or if the messenger finds no one who will consent to take in the telegram, notice is left at the address given, and the telegram is brought back to the Telegraph Office, to be delivered to the addressee upon application.
 58. When a telegram cannot be delivered, the delivery office advises the sending office of the cause of non-delivery, which advice, if practicable, is communicated to the sender. The latter can only complete, rectify, or confirm the address by a paid telegram.

URGENT TELEGRAMS.*

59. Telegrams may be forwarded marked "urgent," for which three rates are charged throughout, with the exception of telegrams to Victoria and Tasmania, for which countries a concession on urgent telegrams is allowed—viz., Victoria, on first ten words 6d., on each subsequent word 1d.; Tasmania, on first ten words 1s. 6d., on each subsequent word 2d.

PREPAID REPLIES.

60. The sender may prepay a reply to his telegram, which must not however exceed thirty words, unless it be to obtain the repetition of a telegram previously transmitted, under Rules 21 and 22. (See 63.)
 61. The words "reply prepaid," or "(RP)," are to be added to the telegram and paid for, and the sender must state the number of words he has prepaid; for instance, "reply prepaid twenty," or "(RP) twenty," the first instructions counting as 3 and the latter as 2 words. If the sender does not specify the number of words for which he prepays a reply, charge is made for an ordinary telegram of 10 words. When an urgent reply is required the indication "Reply paid urgent," or "RPD," must be inserted and paid for. Replies to RP telegrams exchanged with intercolonial offices must bear the word "collect" immediately before the address, and such word be charged for.
 62. The amount prepaid by the sender is held for a period of six weeks at the disposal of the addressee.
 63. Should such reply or other telegram contain more words than have been advised as prepaid, the excess must be paid for by the sender of the reply. In intercolonial telegrams this means the charges on all words in excess of 10, and the office to which the reply is sent must be advised accordingly.
 64. If the original telegram cannot be delivered, or if it be refused by the addressee, the delivery office will inform the sender of it by a service notice, which takes the place of the reply.
 65. In the case of international telegrams, if the addressee does not make use of the amount prepaid, he may, within the above-mentioned period of six weeks, return the voucher delivered with the original telegram and request that the money be refunded to the sender. If the reply be sent and contains a less number of words than have been prepaid, the difference will be returned to the sender if applied for.

* Urgent messages can be accepted for transmission through Great Britain or India, but during their transmission over the wires of those States they will take rank with ordinary telegrams.

REPEATED OR COLLATED TELEGRAMS.

66. The sender may have his telegram repeated from station to station on payment of an additional charge equal to a quarter of the ordinary rate. The words "repetition paid" or the abbreviated signal "(TC)," must be written before the address and charged for.

ACKNOWLEDGMENT OF RECEIPT.

67. The sender may request that the time at which his telegram is delivered to the addressee be notified to him by telegraph.

68. The words "acknowledgment paid," or the abbreviated signal "(CR)," must be inserted in his telegram and charged for. The cost of an acknowledgment of receipt is equal to that of a telegram of 10 words.

TELEGRAMS TO FOLLOW.

69. Telegrams for countries in Europe can be directed to several addresses "to follow," for instance, "John Brown, Hotel de Rome, Berlin, ou Römer, Frankfurt a/M. 'faire suivre.'" The sender pays the charges to the first destination, and the cost of further transmission is collected on delivering the telegram. The words "faire suivre," or the official code "(FS)," must be inserted before the address, for which the rate of two words is charged in the former and of one word in the latter case.

MULTIPLE TELEGRAMS.

70. Telegrams may be addressed—

- a. To several persons in the same place;
- b. To one person at several residences in the same place.

71. Telegrams addressed to several addressees, or to the same addressee, in different towns, are charged as so many separate telegrams.

72. Telegrams addressed to several persons in the same place, or to one person at several residences in the same place, with or without further despatch by post, are charged as single telegrams, plus a copying-fee of 5d. for every 100 words or fraction of 100 words contained in the telegram for every additional address after the first.

73. In calculating the charge for the telegram all the names and addresses are included in the number of chargeable words.

Multiple telegrams are not accepted for places in North or South America.

TELEGRAMS TO PLACES BEYOND THE INTERNATIONAL SYSTEM.

74. Telegrams for places not connected by telegraph must have instructions added to the address as to the means by which they are to be forwarded to destination; for instance, "Express" (or post), Müller, Steglitz, Berlin.

75. The name of the telegraph office by which the telegram is to be sent on by post, express, or other means, is stated last.

CERTIFIED COPIES OF FOREIGN TELEGRAMS.

76. The sender or addressee of a telegram may, on furnishing full particulars thereof, obtain a certified copy of the telegram as handed in, or as delivered at destination, on payment of 5d. for every 100 words or fraction of 100 words. (In addition to this charge, a search-fee of 2s. 6d. must be paid when a search is necessary.)

77. As all telegrams are destroyed periodically, certified copies of telegrams more than twelve months old cannot be supplied.

REFUNDS.

78. Refunds are granted—

- a. Of the cost of every telegram which has, through the fault of the telegraph service, failed to reach its destination, or suffered a notable delay, that is to say, which does not arrive sooner than by post, or which occupies more than 144 hours in transit;
- b. Of the full cost of every repeated or collated telegram which has manifestly failed to fulfil its object through errors made in its transmission by telegraph;
- c. In international telegrams the cost of every word omitted in the transmission of an ordinary telegram through the fault of the telegraph service (this rule, however, is not applicable when the addressee has discovered the omission and had it rectified under Rules 21 and 22).

79. A claim for refund of charges may be made to the office of origin or of destination by the sender or addressee of a telegram at any time within six months. The claim must be accompanied in the case of non-delivery by a written declaration of the office of

destination or of the addressee that the telegram has not been delivered, and in the case of delay or of mutilation by the copy actually delivered to the addressee. Although a claim for refund may be accepted from the addressee of a telegram, the reimbursement of the charge is only made to the sender.

80. No refund, except as stated under Rule 78, c, can be made on account of errors or omissions in ordinary or non-collated telegrams, nor can any refund be granted on account of telegrams necessitated or rendered useless by the loss, delay, or omission referred to under Rule 78, a, b, c.

REGISTRATION OF ABBREVIATED ADDRESSES.

UNITED KINGDOM.

1. A register is open at the Central Telegraph Station, London, for the registration of the full address, at which telegrams reaching London from the provinces, or from abroad, and marked with an abbreviated or arbitrary address, are to be delivered.

2. The charge for registration is one guinea per annum, payable in advance, and becomes due on the 1st of August in each year.

3. For an address registered in London, the fee of one guinea should be remitted by means of a cheque on a London Bank, crossed "Bank of England," in favour of the Postmaster-General or order, or by Post Office order payable at the Chief Office, London.

4. The Postmaster-General does not undertake the delivery of any telegrams at addresses which are not either full and complete, or which have not been registered at the General Post Office, or which cannot be traced in the Post Office London Directory, whether the record of the actual address has already been notified to the Post Office or not.

5. In the provinces, and in Scotland and Ireland, the addressees of telegrams may have their addresses registered at the Chief Office of the Town in which they reside, upon payment at that office of the registration fee.

Persons in New Zealand desirous of availing themselves of this arrangement should request their correspondents in the United Kingdom to register any abbreviated address that may be agreed upon, at the Chief Office of the Town in which they reside.

The Telegraph Companies register names and addresses of telegraph correspondents free of charge at all their stations, and in London at 11, Old Broad Street, 8, Leadenhall Street, and 3, Great Tower Street.

NEW ZEALAND.

A register is kept at every Telegraph Office in New Zealand for the registration of arbitrary or cipher addresses of two or more words in cablegrams from places beyond the colony only. The charge for registration is 10s. per annum for each address.

TABLES OF RATES, INCLUDING ALL TELEGRAPH CHARGES FOR TELEGRAMS DESPATCHED TO PLACES BEYOND THE COLONY.

THE New Zealand inland charges, included in these rates (excepting "Press" messages), are—on *intercolonial* telegrams, 6d. for the first ten words, and 1d. for each additional word; and on *international* telegrams, 1d. for every word. On Sundays double inland charges are collected. Words contained in signature and address are to be counted as part of each telegram. The greatest length of a word is limited to fifteen letters in *intercolonial* telegrams, and to ten letters in *international* telegrams; any excess in either case counting as an additional word.

NOTE.—For "urgent" rate see page 165.

Conditions.

1. The wires by the Eastern Company's route of telegraph from London, via Gibraltar and Malta, to India, and thence by the Eastern Extension Telegraph Company's route to Australia and New Zealand, are available to the press for the transmission, at the reduced rate, of news or intelligence for publication in newspapers allowed by the Imperial and Colonial Governments respectively, to receive intelligence by telegraph at the reduced rate.

2. Such telegrams shall not interfere with the transmission of the ordinary telegram traffic, and in order to ensure this the transmission of such news telegrams may be deferred or suspended, or interrupted, until any Government telegram or any ordinary or press telegrams at full rates that may be on hand shall have been transmitted and completed. But when Press Telegrams have been delayed over twenty-four hours they shall thereafter be forwarded in turn with ordinary telegrams.

Telegrams containing news or information not for publication, or containing code words or words of concealed meaning, or groups of figures or ciphers, shall be paid for at the full tariff rates in force for ordinary telegrams.

5. The newspapers, their Correspondents or Agents, are required to address their telegrams to a newspaper office, which shall be prohibited from selling, distributing, or

communicating such telegrams to clubs, exchanges, or newsrooms, or disposing of them for any purpose whatsoever, directly or indirectly, other than for publication in newspapers allowed by the Imperial and Colonial Governments to receive them.

6. Telegrams can only be accepted from the authorized correspondent of a newspaper, and the news sent in such telegrams must be duly published in the newspapers, or satisfactory reasons be given for non-publication, in the absence of which full rates will be chargeable.

7. The Administrations reserve to themselves the right to terminate the present arrangements, but will in such case announce their intentions twelve months beforehand.

TELEPHONE EXCHANGES.

1. At any place where telephone exchanges have been established, Edison-Bell or any other approved telephones connected with the exchanges will be placed in offices or private residences within a reasonable distance of the central office, so that subscribers can converse with other subscribers at their offices or residences.

2. Every person desiring to hire any telephone instruments or set of telephones connected with a telephone exchange shall make application to the Superintendent of Electric Lines on the form supplied for that purpose by the department.

3. Applicants for connection with a telephone exchange, in addition to the rates in force for connection with an exchange, will be required to pay an entrance-fee of £1 when delivering the application for connection.

4. Subscribers at each exchange will be furnished with a list of persons with whom they may communicate by telephone, and, as new subscribers are connected with the system from time to time, notification of the fact will be given by the department.

5. The Electric Telegraph Commissioner or Superintendent of Electric Lines may exclude from the telephone exchange any subscriber who allows the telephone instruments in his custody or control to be damaged or destroyed, or put to any improper use, and may remove or cause to be removed any instruments allotted to the use of such subscriber, who shall have no claim for damages or otherwise in consequence of the removal or exclusion of the instruments under such circumstances.

6. All charges payable in respect of the hire of any telephone instruments shall be paid half-yearly in advance, for distances up to two miles and under, and for distances over two miles, quarterly in advance, the first payment to commence from the date when the connection with the telephone exchange is completed.

7. If such payment be not made within one week after demand, the connection with the exchange may, at the discretion of the said Superintendent, be discontinued without prejudice to any proceedings for the recovery of any moneys then due or otherwise.

In addition to the entrance-fee of £1, the charge per annum, payable in respect of the hire of any telephone instrument connected with a Government telephone exchange is as follows:—

To every subscriber for a single wire, £5 per annum as from the date of connection. The above rate is for connection with a telephone exchange of warehouses, stores, shops, and business places not more than half a mile from the exchange, and of private residences not more than one mile from the exchange.

For every additional mile or fraction thereof, for each year commencing from the date of connection, and for every following year, £1.

Where any connection with an exchange is over two miles in length, the applicant will be required to hold the same for five years, and where the line is two miles and under the term will be one year.

If a connection with a telephone exchange necessitates the erection of a new line of poles beyond the two miles, then the additional charge for every mile after the second mile will be at the rate of £2 10s. for every such mile or fraction thereof.

In the event of such line being used for additional wires a proportionate reduction will be made to the original subscriber for every wire so erected, but in no case will the reduction be more than £1 10s. per mile after the second mile or fraction thereof.

For each additional name on list of subscribers, £1 per annum.

For extra telephone, whether a wall or table instrument, £1 per annum.

BUREAU STATIONS.

A "bureau station" means any ordinary telegraph office connected by telephone with an exchange, and includes any station so connected.

The following are the charges to be paid by the public for the use of Government telephones in the colony at a bureau station:—

Where the line used is not more than six miles long, a uniform charge of 6d. for the use of same for any period not exceeding three minutes, and a further charge of 6d. for every additional three minutes or portion of three minutes.

Where the line used is over six miles long, the charges are 1s. for the use of the same for any time not exceeding three minutes, and a further charge of 1s. for every additional three minutes or portion of three minutes.

The above regulation as to time (three minutes) shall only apply to bureau stations within the limits of a town where an exchange is situated.

For bureau stations outside the limits of a town, the charge will be for the first six minutes, and every additional six minutes or fraction of six minutes.

Messages telephoned by subscribers through an exchange to a bureau station, or from a bureau station to a subscriber by a subscriber, will be charged half the above rates.

When a message to the effect that any person is required at a telephone is delivered by the department from a bureau station, 3d. will be charged for delivery within the ordinary circuits of delivery. These charges must be paid by the sender.

Messages outside the limits described above are subject to special charges for delivery according to the extra expense thereby incurred.

A subscriber may only use the wire for six minutes at a time—that is to say, that if another subscriber requires the wire, at the end of six minutes he must have it. Should the wire not be asked for, then a subscriber may continue to have its use at tariff rate until required by another subscriber.

PRIVATE WIRES.

CONDITIONS UNDER WHICH LINE WILL BE CONSTRUCTED, SUPPLIED WITH INSTRUMENTS AND MAINTAINED.

Cost of Construction.

The price for the construction of any private line is the actual cost of construction fixed, as far as possible, according to the following scale:—

Poles, 20 to the mile; if any angles, extra poles will be required. As a rule, the poles will be 4 chains apart.

25-foot poles, £1 10s. each; 20-foot poles, £1 3s. each; wire, No. 8, £18 per ton (5 miles of wire in a ton); insulators, 1s. 6d. each; arms, 1s. each; pole-caps and bolts, 6d. each; binding-wire, 38s. per cwt. (about 3 lb. used in a mile).

Freight, and labour of erection, at current rates.

The applicants must, prior to the work being commenced, pay in advance two-thirds of the cost, and, on completion of the line, pay the balance due forthwith.

Instruments.

Instruments will be supplied for use on private lines, as may be requested by the applicants, at the following prices:—

Telephone, two sets—a pair, £10, including batteries; 2 lightning-guards, if desired, £3 extra.

Maintenance and Wayleave.

The charge for maintenance of each private line will be as under, payable yearly in advance, viz.:—

For each mile or fraction of a mile, £1 per annum;

If the wire cannot be erected on any existing line, and therefore entails the erection of a new line, then for such new line the maintenance will be at the rate of £2 10s. per mile per annum for every mile or fraction thereof.

Use of Line.

The applicants must only use the line for their own *bona fide* business, and on no account, directly or indirectly, allow the wire to be used for any purpose which might be construed into an attempt to defraud the department of its revenue.

Government Life Insurance Department.

COMMISSIONER: JOSEPHUS H. RICHARDSON.
 ASSISTANT COMMISSIONER: D. M. LUCKIE. ACTUARY: MORRIS FOX.
 SECRETARY: W. B. HUDSON.
 CHIEF MEDICAL OFFICER: THOMAS CAHILL, MD.
 ACCOUNTANT: G. W. BARLTROP.

ASSURANCES IN FORCE, OVER £9,000,000.
 ANNUAL INCOME EXCEEDS £360,000.
 ACCUMULATED FUND, OVER £2,250,000.

The Government Life Insurance Department is the only New Zealand Office devoted exclusively to Life Insurance.

No business is transacted out of the colony: the full benefit of the low rate of mortality in New Zealand being thus secured, the extra risks of inferior climates are avoided, and the entire funds of the Department retained in the colony for investment.

Government Security for the Payment of every Policy.

The all-important consideration for insurers is the security for payment of the sum assured. Policy-holders in this Office obtain THE SECURITY OF THE COLONY, in addition to that of a strong Mutual Insurance Office.

Policy-holders are entitled by Law to the whole of the Profits.

£140,000 CASH PROFITS have just been divided amongst the policyholders after a valuation of liabilities by a very SEVERE STANDARD, and making a SPECIAL RESERVE of £50,000 for future contingencies.

Moderate Premiums.

BONUSES are allotted every THREE YEARS, and LIBERAL INTERIM BONUSES are allotted to policies becoming claims in the period between two valuations.

This Office alone combines the advantages of MUTUAL ASSURANCE with MODERATE PREMIUMS and GOVERNMENT SECURITY. Instead of charging rates considerably higher than are necessary, and afterwards returning the excess, accumulated at a low rate of interest, in the shape of bonuses, this Office gives AT ONCE almost as large an Assurance as the premiums will bear with safety. In addition to this advantage, which is equivalent to an IMMEDIATE BONUS, all surplus profits that may arise belong entirely to the Assured.

Liberal Regulations.

LIBERAL SYSTEM OF NON-FORFEITURE.—Owing to the numerous changes which mark colonial life, it is found that not infrequently people commence insurances, the payments on account of which they may, from various causes, be unable regularly to continue. In order that every Government policy-holder may receive a full equivalent for the amount of premiums he has paid, it has been determined to adopt the following system, which will be a condition of every policy, viz.: When the premium on any policy which has acquired a surrender value becomes *overdue* by non-payment within the thirty days of grace, the policy will still remain in force for the full amount assured until the cash surrender value for the time being is no longer sufficient to cover arrears including loans (if any) and accrued interest (without payment of any further premiums during that period), and should a claim occur within that time the same will be paid, deducting only the arrears and accrued interest thereon. Any bonus additions attaching to the policy will be taken into account in arriving at the cash surrender value for the purpose above specified.

POLICY-HOLDERS MAY AUTHORIZE DEDUCTION OF THEIR PREMIUMS WHEN DUE FROM THEIR POST-OFFICE SAVINGS-BANK ACCOUNTS, if they desire such convenience.

POLICY-HOLDERS CAN BORROW ON SECURITY OF THEIR POLICIES at 7 per cent. interest, to the extent of 90 per cent. of the cash surrender value.

POLICY-HOLDERS MAY TRAVEL or reside in any part of the world without license or extra charge.

POLICY-HOLDERS may engage in any occupation without license or extra charge.

POLICIES ARE FROM DATE OF ISSUE, if age has been admitted, **INDISPUTABLE AND UNCHALLENGEABLE,** on any grounds whatever, except fraud, or suicide of the insured within the first six months.

POLICIES ARE PROTECTED FROM BANKRUPTCY to extent of £2,000 immediately on issue, in nearly all cases.

PROPOSERS NEED NOT PAY AN INCREASED PREMIUM, but may have in lieu of the loading an equivalent debt indorsed on policy, which will be satisfied should the assured attain the average duration of life.

PROOF OF AGE MADE EASY on application to the Head Office or any agent of the Department. Failing certificate of birth or baptism, a certified copy of entry in family Bible or other register, or statutory declarations by the assured and a friend, will readily be accepted. A mistake in age will not make the policy void; and, although death should take place before the age is admitted, the claim will be paid on production of satisfactory evidence such as that before mentioned.

For **TOTAL ABSTAINERS** there is a **SPECIAL SECTION**, in which **PROFITS** are **ALLOCATED SEPARATELY.**

LOANS ON MORTGAGE.—The Office is now lending money on approved Freehold Security to the extent of half the value offered at moderate rates of interest. The maximum amount which can be advanced to any one person is fixed by statute at £10,000. Particulars and forms of application can be obtained at the Head Office, or at the District and Resident Agencies.

LOANS REPAYABLE BY INSTALMENTS.—The department is prepared to make advances on mortgage, not exceeding three-fifths of the value of the property mortgaged, in sums of money from £100 to £3,000, repayable by half-yearly instalments extending over 12, 15, or 20 years, on the following terms:—

The district following name of Agency indicates the District or Resident Agency of which the Agency is a sub-office.

Prospectus, forms of application, and full particulars can be obtained from any of the above Agents.

There are branches of the Bank of New Zealand at all agencies marked thus *. Policy-holders remitting overdue premiums to the Head Office at Wellington may do so at par at any of the above-named branches of the Bank, on obtaining the proper form of Bank receipt from the local Agent.

Policy-holders leaving the colony to reside in Great Britain can, on giving due notice to the Head Office at Wellington, arrange to pay their premiums yearly or half-yearly at the office of the Agent-General, 7, Westminster Chambers, Victoria Street, London, on or before the due date, as no days of grace are allowed outside New Zealand and the Australian Colonies.

Policy-holders residing in Australia can, on giving due notice, arrange to remit their premiums through the branches of the Bank of New Zealand at Melbourne, Sydney, or Adelaide, free of exchange, and on similar terms through the Agents of the Bank of New Zealand at Brisbane, Perth, and Hobart.

PUBLIC TRUST OFFICE.

Capital and Interest guaranteed by the State.

The Office undertakes the following Business:—

1. The Administration of all Intestate Estates of which Letters of Administration have not been granted to the widow or other person entitled, the realisation and distribution of the personality, the payment of the debts, and the care of the realty for the absent heir.
2. The Executorship of the Wills of persons who may appoint the Public Trustee their executor, and thus avoid the necessity of committing their friends to the responsibilities involved by such a position.
Also the Administration of Trusts renounced by previously-appointed Trustees.
3. The Administration of all kinds of Money Trusts, including Marriage Settlements and every kind of fund the trusts of which are definitely set forth in the deed creating the Trust.
4. The Administration of the Estates of Lunatics and Lunatic Patients.
5. The management of property as Attorney or Agent for the owner.
6. The Protection and Administration of all Lands lying waste, of which the owner is unknown, or has been absent from the colony for ten years without having left any known agent.
7. The Deposit of Wills for safe custody.
8. The colony guarantees the integrity of the capital funds of properties placed in the Public Trust Office where there is no direction for the investment of such funds, or where there is no other direction for their investment than generally, at the option of the Public Trustee, in the securities in which, unless expressly prohibited, he may invest all capital funds.
9. The colony also guarantees on such capital funds for investment a **common rate of interest**, to be credited quarterly, *free of all office charges*, to the proprietors from which the funds arise.
10. The value of this guarantee will be obvious when it is considered that it is—
 - (1.) The guarantee of the colony against loss from investments in bad or insufficient securities;
 - (2.) The guarantee of the colony against loss from delay in the investment of money;
 - (3.) The guarantee of the colony that the interest determined by Order in Council shall be regularly and punctually paid, *free of all charges of the Public Trust Office*.
11. A person making a will or arranging a trust must always be seriously concerned as to the security of the capital funds; and the larger the capital funds the greater will be the concern for security, and the less for a high rate of interest; and it will be found that the charges for the administration of a property by the Public Trustee will compare very favourably with the expense of an administration by any other means.
12. In private trusteeships, death and absence render necessary numerous and expensive deeds not required by Public Trustee's administration, which has, besides, the office solicitor's advice without expense to the estates. By all who know or have experienced the contingencies of private trusteeships these advantages must be appreciated.
