GENERAL REGULATIONS.

LETTERS.

1. The prepaid rates of postage on letters posted in New Zealand are—
For delivery—

- (a.) Within the colony—
 - (1) From the post-office at which they are posted 1d. for each $\frac{1}{2}$ oz. or fraction thereof.
 - (2) From any other post-office than that at which posted 2d. for each $\frac{1}{2}$ oz. or fraction thereof.
 - (b.) In the Australian Colonies and the South Sea Islands 2d. for each $\frac{1}{2}$ oz. or fraction thereof.
 - (c.) All other places 2 $\frac{1}{2}$ d. for each $\frac{1}{2}$ oz. or fraction thereof.
2. Letters not fully prepaid or posted wholly unpaid are charged double the deficiency at the prepaid rate, on delivery.
3. No letter should exceed 2ft. in length or 1ft. in width or depth.
4. Letters containing valuables must be registered.

Late-fee Letters, &c.

- Late-fee letters must bear, in addition to the ordinary postage—
- 1d. for inland letters.
 - 2d. for letters for Australia and the South Sea Islands.
 - 2 $\frac{1}{2}$ d. for all other places.

Such letters may, as a general rule, be posted at the post-office up to twenty minutes of the time the mail leaves the office, and in the railway travelling post-offices, guards' vans, and on board steamers up to the time of departure of train or steamer. Late-fee letters posted on board trains and steamers without the fee will be charged double the late-fee on delivery. A concession is, however, made in respect to letters, &c., posted on trains while at a flag-station or railway-siding at a place where there is no post-office. No late-fee is charged on letters, &c., so posted if the words "Posted at [Name of flag-station or siding]" are written or printed on the address side of the letter. $\frac{1}{2}$ "C."

Consignees' Letters and Loose Letters.

Consignees' letters are letters in closed covers concerning goods, and sent at the same time as the goods. They must be marked "Consignee's Letter." Loose letters are letters other than consignees' letters which make part or the whole of their journey before being handed to the post-office. Both consignees' letters and loose letters must be prepaid at the rate of 2d. for each $\frac{1}{2}$ oz. if they originate in New Zealand or Australia, and 2 $\frac{1}{2}$ d. if they originate elsewhere. Any deficiency in postage is doubled. Consignees' letters are not liable to any late fee, but loose letters must bear the late fee, or they will be charged 2d. in addition to double the deficient postage, if any. In all cases stamps of the country of origin are fully credited on consignees' and loose letters.

Letters sent loose to the United Kingdom are treated on arrival in England as wholly unpaid letters.

Bills of Lading, &c., in Open Covers treated differently.

Consignees' letters should not be understood to include bills of lading or bills of lading or consignees' advice-notes, posted in open covers on board ships and trains. Each bill of lading or consignees' advice-note is charged 1d. if not exceeding 4oz., and $\frac{1}{2}$ d. each additional 2oz., without late-fee, any deficiency being doubled. Other bills of commercial papers posted loose are liable, in addition to the ordinary postage of 2d. for each $\frac{1}{2}$ oz., to a late-fee of 1d. If the late-fee is not prepaid the packet will be charged 1d. on delivery, together with double the deficient postage, if any. (See under "Commercial Papers" for rates when posted at a post-office, and under "Late-fee Letters, &c.," above for rates when posted at railway flag-stations and sidings.)

1. Letter-cards for transmission within New Zealand and the Australian Colonies, issued by the Postmaster-General, are sold to the public at 1 $\frac{1}{2}$ d. each.
2. Letter-cards for other places must bear an additional postage in adhesive stamps, for the South Sea Islands— $\frac{1}{2}$ d.

LETTER-CARDS.

1. Letter-cards for transmission within New Zealand and the Australian Colonies, issued by the Postmaster-General, are sold to the public at 1 $\frac{1}{2}$ d. each.
2. Letter-cards for other places must bear an additional postage in adhesive stamps, for the South Sea Islands— $\frac{1}{2}$ d.
3. If anything be enclosed in a letter-card the addressee will be charged letter-rates of postage in addition to the postage impressed on the card.

POST-CARDS. Rates of Postage.

- The rates of postage are—
For delivery within the colony, Australia, and the South Sea Islands ...
For delivery in any other country ...

Each single post-card, 1d.
Each reply-paid post-card, 2d.
Each single Postal Union post-card, 1½d.
Each reply-paid Postal Union post-card, 3d.

How treated.

2. Post-cards must be sent unenclosed. The face is reserved for the postage-stamp, for inscriptions relating to the Postal Service—such as "Registered," "Acknowledgment of Delivery," &c.—and for the address, which may be written or shown on a gummed label not exceeding 2in. in length by 1in. in width.

The sender has also the option of indicating his name and address on the face or on the back of the card, either in writing or by means of a stamp, autograph-stamp, or any other typographical process.

On the reverse side any letter or other matter may be written, printed, engraved, or designed. Excepting stamps for prepayment and the address labels above mentioned, nothing whatever may be joined or attached to a post-card, unless it be addressed for delivery within the colony, in which case a receipt-stamp may be affixed to the back.

Reply Cards.

3. The reply-half of a post-card received from any place outside of the colony can be sent without extra charge only to the country in which it originated; if addressed to any other country it is treated as an unpaid letter. Each of the two halves must fulfil the conditions laid down for single post-cards; one half is doubled over the other, and they must not be closed up in any manner whatsoever.

Irregular or Unpaid.

4. Any post-card exhibiting anything of an obscene, libellous, or obviously objectionable character will be detained and sent to the Dead Letter Office.

5. Post-cards infringing any of the above rules, except the last, are treated as unpaid letters.

6. Post-cards posted insufficiently prepaid or unpaid (such as post-cards not issued by New Zealand, or cards which have already been used for transmission) will be charged as insufficiently-prepaid or unpaid letters.

Private Cards.

7. Private cards bearing adhesive stamps may also be used as post-cards. They must be composed of ordinary cardboard not thicker than that used for post-cards of the Government pattern. The size must be 5in. by 3in., as nearly as may be. For inland transmission the cards may be entirely plain; but for transmission to places beyond the colony single cards must bear the printed words, "New Zealand Post-card," and reply-cards the words, "New Zealand Post-card Reply." They are otherwise treated like officially issued post-cards. Private cards will be received from the public, and impressed with the penny postage-stamp, under conditions which may be ascertained upon application to the Secretary of the General Post Office.

BOOK-POST.

1. The book-post is divided into two classes: (a) Commercial Papers, and (b) Printed Papers. For transmission by book-post as a "commercial paper" or "printed paper" articles must be sent in covers entirely open at one or both ends, or in open envelopes with the flap turned inside.

NOTE.—Letters will not pass as commercial papers even if they are sent in open covers. The only way to send a letter is by letter-post, or by writing it on the back of a post-card or on a letter-card.

(A.) COMMERCIAL PAPERS.

Rates of Postage.

- The postage for commercial papers is—
(a.) Within New Zealand,—

(1.) For delivery from the office at which posted (town deliveries) ...
For any single commercial paper not exceeding 10z. ... 1d.

- (2.) For delivery from any other office than that at which posted, and for town papers exceeding 10z. ...
Not exceeding 4oz. ... 1d.

For every additional 2oz. or fraction thereof ... 1d.

- (b.) To Australia and all other places ...

Definition.

3. Commercial papers include all papers or documents written or drawn wholly or partly by hand (except letters or communications of the nature of letters, or other papers or documents having the character of an actual and personal correspondence). Any expression in the following table referring to print or printing shall be held to include type-printing, engraving, lithography, or autography, &c., easy to recognise. The expression "writing" shall be held to include type-writing as well as ordinary script.

The following documents, provided they conform to the conditions, are regarded as commercial papers:—

Description of Document.	Conditions.
Acceptances, bills of exchange, invoices, bills of lading (separately or enclosed with invoices), consignees' advice-notes (marked "consignee"), drafts, orders for goods, pay-sheets, ships' manifests, way-bills	Nothing may appear in writing in the documents save dates, the names and addresses of the parties, the particulars and prices of any goods, or the particulars of any sums of money to which the document relates, and the mode of consignment of any such goods or money.
Accounts (receipted or unreceipted), formal receipts, demands for rates or calls, invoices, premium renewal notices	Only accounts, &c., for the person whose name appears on the cover may be enclosed in the same envelope. The words "With thanks" may be added to receipted accounts, but anything, printed or written, in the nature of a request for payment will subject the account to letter rates of postage. No other document, printed or written, shall be enclosed. Accounts and receipts cannot be sent beyond the colony for less than letter rates.
Advocates, briefs, deeds, depositions, powers of attorney, recognisances, scrip	Any matter other than aforesaid shall be wholly in print, and shall relate exclusively to the subject-matter of the document or the terms on which business is transacted by the person or firm from whom the document issues.
Proposals and policies of insurance, private friends' and medical reports concerning proposals for insurance, returns of banks, public companies, &c., pass-books, stock-sheets, balance-sheets	Nothing to appear in writing or print which does not form part of the document as a legal instrument.
Manuscript for press, manuscript sermons ...	The document, as a rule, to consist of a printed form.
Specifications (with and without plans), examination papers, written music	Any written matter on such document to consist merely of information or statements appropriate to the form and necessary to the completion of the document.
Old or spent letters (packets of) ...	Any written or printed matter not forming part of the document must refer solely to the arrangement of the type. The covers must be marked "Manuscript for press," &c.
	Any written or printed matter not forming part of the document itself must relate exclusively to its subject-matter.
	The letters must clearly have served their original purpose, and must be at least two months old.

* See page 3 for special regulations affecting bills of lading and consignees' advice-notes when posted loose on trains and steamers.

(B.) PRINTED PAPERS (INCLUDING BOOKS).

4. The postage for printed papers, except newspapers, is—

To any place within or beyond New Zealand ... 1d. per 2oz.

Copies of *Hazard*, if enclosed in the authorised wrapper, will be sent free of charge to any place within the colony.

Definition.

5. Printed papers generally comprise all impressions or copies obtained on paper, parchment, or cardboard, by means of printing, engraving, lithography, autography, or any other mechanical process easy to recognise, except the copying-press or type-writer; anything, not of glass, usually attached or appurtenant to any of the under-mentioned articles in the way of binding, mounting, or otherwise; and anything convenient for their safe transmission by post. No writing whatever is allowed on printed papers, except as specified hereafter.

Cards bearing the inscription "Post-card" are not accepted at the rate for "printed papers."

Postage-stamps, whether obliterated or not, and all printed articles or stamps constituting the sign of a monetary value, are excluded from transmission as printed papers, and must bear letter or parcel rates of postage. As an exception to this rule, stamped and addressed single envelopes or single post- or letter-cards to be used for replies may be enclosed with circulars, &c.

The following is a list of the more prominent articles accepted as "printed papers":—

Description of Article.	Remarks.
Books, magazines, &c. (stitched or bound), drawings, engravings, fashion-plates, maps, printed music, notices of all kinds entirely printed, paintings, papers impressed for the use of the blind or cardboard drawing-models stamped in relief, photographs, pictures, plans, valentines Christmas or other seasonable or complimentary cards	A dedication may be written on books, sheets of music, photographs, and engravings, and the invoice relating to any such work enclosed. If for places within Her Majesty's dominions, a complimentary or conventional remark, and the names and addresses of the sender and addressee may be written. (For example: "To John Smith, with best wishes from Mary Smith, Christmas 1895.") For other countries any writing is forbidden. Cards bearing communications such as "Write soon," "Hoping to see you shortly," &c., must be paid for at letter rates.
Cards of invitation, notices of meetings	The name of the person invited, and the date, object, and place of the gathering, may be added in manuscript. In notices of meeting of Friendly and Masonic Societies the amount of any subscription due may also appear in writing.
Visiting-cards	The address and title of the sender, and conventional initials, such as "P.P.C.," may be added in writing.
Travellers' cards	Cards to be of the size of 5½ in. x 3½ in., and unfolded, merely advising customers of the intended visit of the traveller. The name of the traveller and the date of his visit may be inserted in writing, and a list of prices current printed on the back of the card. The list of prices may be in writing, but no other matter will be permitted. If the card is not enclosed in an envelope, the whole of one side must be reserved for the postage-stamps and the address.

Description of Article.	Remarks.
Ships' advices	The date of departure may be added in writing.
Catalogues, prices-current, stock- and share-lists, tenders for advertisements	The prices and figures may be inserted or altered in manuscript.
Circulars, i.e., printed letters in identical terms posted in quantity	If produced by any other mechanical process than printing, at least twenty copies must be submitted to the post-office simultaneously for posting, and special attention called to their nature. The word "Circular" must be written or printed on the circular and on the envelope containing it. Circulars produced by the mimeograph or other kindred processes from type-written originals will be accepted for inland transmission. Inland circulars may, when posted in quantities of not less than 2,000 at one time, be prepaid in cash instead of stamps. A few hours' notice should in such case be given to the Postmaster.
Proofs of printing, with or without the manuscript relating thereto	Manuscript additions and alterations relating to the subject-matter or the arrangement or correction of the type may be inserted.

In the above table expressions referring to print or printing shall be held to include any species of type-printing, engraving, lithography, or autography, &c., easy to recognise.

When Writing is permitted.

6. Printed papers, of which the text has been modified after printing, either by hand or by means of a mechanical process, except as specified herein, or which bear any mark whatever of such a kind as to constitute a conventional language, cannot be sent at printed-paper rates.

7. As exceptions to the above rule, it is permitted—

- To indicate *on the outside* of the missive the name, commercial standing, and address of the sender;
 - To indicate or alter in a printed paper, in manuscript or by a mechanical process, the date of despatch, the signature, and the commercial standing or profession, as well as the address, of the sender;
 - To correct errors in printing in printed documents;
 - To erase certain parts of a printed text, in order to render them illegible;
 - To make prominent, by means of marks, passages of the text to which it is desired to draw attention;
 - In requisitions sent to libraries (printed and open, and intended as orders for books, newspapers, engravings, pieces of music), to indicate on the back, in manuscript, the works required or offered, and to erase or underline, on the front, the whole or part of the printed communications;
 - To paint fashion-plates, maps, &c.
8. Additions made in manuscript, or by means of a mechanical process, which would deprive a printed paper of its general character and give it that of individual correspondence or communication, are forbidden.

GENERAL BOOK-POST REGULATIONS.

APPLYING TO BOTH "PRINTED PAPERS" AND "COMMERCIAL PAPERS."

How to Pack.

9. A book-packet may be posted either without a cover (in which case it must not be fastened in any way) or in a cover entirely open at one or both ends, so as to admit of the contents being easily withdrawn for examination. For the greater security of the con-

tents, however, it may be tied at the ends with string, but the string must be easy to unfasten.

10. Address-cards and all printed matter of the form and substance of an unfolded card may be forwarded without wrapper, envelope, fastening, or fold. The face is reserved for the postage-stamps, indications relative to the Postal Service, and the address. The sender is permitted to indicate there his name, profession, and address, by means of a stamp, autograph stamp, or any other typographical process. Requisitions to libraries may also bear the printed words "Library Order" (or Requisition).

Limits of Size and Weight.

11. The limits of size for book-packets are 18in. in any direction. If made up in the form of a roll, a packet may measure up to 2ft. 6in. in length and 4in. in diameter. Packets exceeding these limits will be detained and sent to the Dead Letter Office. The weight must not exceed 4lb.

Short Paid or Irregularly Posted.

12. Book-packets posted wholly unpaid, if addressed to countries beyond New Zealand, are detained, advertised for one month on a list exhibited at the office of posting, and, if not paid for in the meantime, sent to the Dead Letter Office. Unpaid or insufficiently-prepaid packets addressed to any place within the colony, and insufficiently-prepaid packets for places beyond the colony, are sent to destination, charged with double the deficiency, at prepaid rate, on delivery.

13. If "commercial papers" or "samples" are enclosed with "printed papers" the rates for "commercial papers" or "samples" respectively must be paid. The enclosure of handbills, &c., with invoices and accounts is prohibited.

14. "Commercial papers" and "printed papers," photographs, cards, &c., marked on the outside as such, bearing or containing writing other than that authorised, or closed against inspection, or containing enclosures not authorised by the foregoing rules, or any enclosure addressed to a name which differs from that on the cover, if addressed for any place within the colony, are sent to destination surcharged simple letter rate, minus the postage already prepaid. (The fine thus imposed on open packets not to exceed 6d., unless the written matter enclosed represents more than a foolscap sheet of writing.) If addressed to any place beyond New Zealand such packets are detained and sent to the Dead Letter Office.

PATTERNS AND SAMPLES.

Rates of Postage.

1. The rates of postage for patterns and samples are—

For all places within and beyond New Zealand	For each packet not exceeding 4oz. ... 1d. For each additional 2oz. or fraction thereof ... 1d.
--	--

2. Unpaid or insufficiently-prepaid pattern- or sample-packets are treated in the same manner as unpaid or insufficiently-prepaid "printed papers."

3. If "commercial papers" are included in a pattern- or sample-packet, then the rates applicable to "commercial papers" must be paid on such packets. "Printed papers" may be enclosed with pattern- and sample-packets.

4. Pattern- and sample-packets (except such as are absolutely prohibited) bearing or containing writing beyond that authorised in section 8, or such as may be closed against inspection, or contain enclosures not authorised by these rules, if posted for any place within the colony, are sent to destination surcharged simple letter rate, less the postage already affixed. (The fine thus imposed on open packets will not exceed 6d. if the written matter does not represent more than a foolscap sheet of writing.) If addressed to any place beyond the colony, such packets will be detained, and sent to the Dead Letter Office for disposal.

Definitions.

5. The pattern and sample post to countries beyond New Zealand or Australia is restricted to *bond fide* trade patterns or samples of merchandise, and patterns or samples for such places must possess no saleable value, or they will be detained and sent to the Dead Letter Office.

Samples of eider-down, raw or thread silk, woollen or goats' hair thread, vanilla, or isinglass are deemed inadmissible if they weigh more than 3oz.

Wedding-cake may be forwarded by sample-post to places within the colony, but should be indorsed "Sample Post." For places beyond the colony wedding-cake must be paid for at letter rates of postage.

6. Packets not *bond fide* samples or patterns may be sent by parcel-post to any of the countries with which parcel-post exchanges exist. Such packets may, however, be sent at the sample-post rates to any place within the colony.

How to Pack.

7. Patterns or samples, when practicable, must be sent in covers open at the end, and packed in such manner as to be easy of examination; but samples of seeds, drugs, and such-like articles, which cannot be sent in covers of this kind, may be posted enclosed in boxes or in bags of linen, or other material, fastened in such a manner that they may be readily opened.

No Writing allowed.

8. Patterns and samples must not bear any writing except the name and address of the sender, the address, a manufacturer's trade-mark, numbers, prices, and indications relative to weight or size, or to the quantity to be disposed of. Writing in characters such as Chinese, &c., will render the packet liable to letter rates of postage.

Dangerous Articles.

9. Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch-machinery, metal tubing, pieces of metal or ore, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail-bags and to the officers of the Post Office, while at the same time they may be easily examined, may be forwarded as samples. Liquids and glass (except as provided in the next section), anything of a greasy nature, or any explosive, noxious or deleterious substance, indigo, and colouring, or other powders likely to damage the correspondence are prohibited.

10. Glassware so packed as to obviate risk of damage to mail-matter or officers, and bottles containing fluid (except dangerous liquids, such as acids, &c.), if securely corked and packed in metal or strong wooden boxes, with a sufficient quantity of cotton-wool or other absorbent material to prevent damage to correspondence in case of breakage, may be forwarded at sample rates to any place in New Zealand and the Australian Colonies, and to the United States *via* San Francisco. Such articles, if for delivery in New Zealand or the Australian Colonies, must not exceed 1ft. in length, 8in. in width, 4in. in depth, and 1lb. in weight; if beyond these limits they can only be forwarded at parcel rates. For the United States the same dimensions will apply, but the weight is limited to 12oz. Packets posted in contravention of any of the above conditions will not be transmitted.

Live Bees, &c.

11. Live bees and harmless entomological specimens may be forwarded at sample-post rates to any place within the colony and to the United States, provided they are enclosed in covers so constructed as to avoid all danger and to allow the contents to be ascertained.

Limits of Size and Weight.

12. Packets addressed to places within the colony, or for the United Kingdom, must not exceed 2ft. in length, or 1ft. in width and depth, and 5lb. in weight, and those directed to the Australian Colonies are limited to 1lb.

Pattern- and sample-packets sent to any other place, except Austria-Hungary, Belgium, Egypt, France, Hawaiian Islands, Italy, Portugal, and the United States, must not exceed 1ft. in length, 8in. in width, 4in. in depth, and 8oz. in weight, unless they be in the form of a roll, for which the maximum dimensions are limited to 1ft. in length and 6in. in diameter. Those for Austria-Hungary, Belgium, Egypt, France, Hawaiian Islands, Italy, Portugal, and the United States are subject to the same dimensions, but may weigh up to 12oz.

NEWSPAPERS.

Rates of Postage.

1. The postage for the transmission of newspapers is—
(a.) For places within the colony—For each newspaper, 1d.
(b.) For the Australian Colonies (except Queensland) and the South Sea Islands—For each newspaper, 1d.
(c.) For Queensland and all other countries—Each newspaper, 1d. for the first 4oz., and 1d. for each additional 2oz.

2. If more than one newspaper be enclosed in a packet, an additional rate must be affixed for each newspaper.
3. Newspapers, if addressed to places beyond the colony and posted unpaid, are detained and advertised as in the case of "printed papers." Unpaid and insufficiently-prepaid newspapers intended for delivery within the colony, and insufficiently-prepaid newspapers for places beyond the colony, are forwarded to destination charged double the deficiency at the prepaid rate.

Conditions of Transmission.

4. Newspapers published in the colony must be registered at the General Post Office.

5. A newspaper is a publication consisting wholly or in great part of political or other news, or of articles relating thereto or to other current topics, with or without advertisements. It may be printed and published in New Zealand or elsewhere, but shall be published in numbers at intervals of not more than thirty days. The full title and date of publication shall be printed at the top of the first page, and the full title part of the title and the date of publication at the top of every subsequent page.

6. A supplement to a newspaper shall be deemed to be part of such newspaper for the purposes of the regulations, and shall consist wholly or in great part of newspaper for that of a newspaper, or of advertisements, printed on a sheet or sheets or on a piece or pieces of paper, or consisting wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper. The supplement shall in every case be published with the newspaper, and shall have the title and date of publication of the newspaper printed at the top of every page, or, if it consist of engravings, prints, or lithographs, at the top of every sheet or side. Insets, advertising-sheets, prints, or are not allowed to pass as supplements.

Exemptions from Postage

7. Single copies of newspapers addressed to the Manager, Librarian, or other person having the charge of any New Zealand Athenaeum, Mechanics' Institute, Hospital, Lunatic Asylum, Public Library, Young Men's Christian Association, or Free Reading-room; to the Catholic Reading-room, Wellington; Sailors' Rests, Dunedin and Port Chalmers; Chambers of Commerce, Auckland and Dunedin; certain Charitable Institutions in the Christchurch Postal District; or to the Royal Colonial Institute, London, are permitted to pass through the post free. If directed to the care of the officer or to a name at the institution they will be treated as ordinary newspapers.

8. "Newspaper exchanges" (i.e., single copies of newspapers exchanged between newspaper offices in the colony, and addressed to the Editor, Proprietor, Publisher, or Manager) are permitted to pass through the post free of postage. The title of the newspaper and the words "Newspaper Exchange only" must be written or printed on each cover above the address. Newspaper exchanges not complying with these rules will be charged as ordinary newspapers.

9. Not more than one copy of any issue of a newspaper intended for free transmission under the two preceding paragraphs, 7 and 8, will be forwarded free of charge. If more than one be posted not prepaid with postage a charge of 1d. will be made for each extra newspaper enclosed.

Must not contain Enclosure or Writing.

10. A newspaper for any place within the colony must not contain any enclosure other than the supplement or supplements proper to the newspaper. Any other printed enclosure contained therein will render the addressee liable to double the charge for "printed papers," less the postage affixed.

11. If a "commercial paper," "pattern," or "sample" be enclosed in a newspaper for any place within the colony, double the postage for "commercial papers" and "patterns and samples" respectively, less the postage affixed, will be charged.

12. A newspaper must not contain any writing beyond the name and address of the addressee, the initials or name and address of the sender, and any marks or signs simply intended to call attention to passages in a text.

13. Newspapers intended for delivery within the colony which infringe the preceding rule, or are fastened in their covers by means of gum, sealing-wax, postage-stamps, or otherwise, are sent to destination surcharged simple letter-rate minus the postage affixed. The fine so imposed will, however, not exceed 6d. unless the writing enclosed represents more than one sheet of foolscap. Such newspapers, if addressed to any place beyond the colony, are detained and sent to the Dead Letter Office.

How to Pack.

14. A newspaper must be posted either without a cover or in a cover entirely open at both ends, so as to admit of its easy removal for examination.

15. Newspapers addressed to places beyond the colony are subject to the same conditions respecting dimensions and weight as "printed papers."

REGISTERED ARTICLES.

Fee in addition to Postage.

1. The fee for registration is 3d., in addition to the ordinary postage, and must be prepaid.
2. The sender of a registered article may obtain an acknowledgment of its due receipt by the addressee on payment, at the time of posting of the article, of an "acknowledgment-fee" of 2d., in addition to the ordinary registration-fee.

What may be Registered.

3. Any letter, letter-card, post-card, book or other packet, newspaper, or inland parcel will be accepted for registration. Parcels for places beyond the colony cannot be registered.
4. No article directed to initials, or to a fictitious name, can be registered.

How and when to Register Letters, &c.

5. Every letter, &c., to be registered should be presented at the counter, and a receipt claimed for it, and must on no account be dropped into the letter-box.
6. No letter-carrier, messenger, or other servant of the Post Office is allowed to carry a letter for any person to be registered.
7. Letters may be registered during ordinary office-hours, and for despatch by any mail, up to within one hour before the closing of such mail.

Advantages of Registration.

8. The registration of an article renders its transmission much more secure, and the loss of a registered packet is a very rare occurrence. Nevertheless, the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account.

Compulsory Registration.

9. Valuable articles sent in *unregistered* letters are exposed to risk. All inland and Australian letters or packets, therefore, which unquestionably contain coin or bank-notes, even though they be posted without registration, are treated as "registered," and charged double the registration-fee, in addition to the ordinary postage; and any such letters, &c., which cannot be registered in time to be forwarded by the mail for which they are posted are detained for the next despatch.

Prohibitions.

10. It is prohibited to send to any of the countries mentioned at Table B, pages 19 to 23, any registered article marked on the outside with the declared value of the contents; and Postmasters must refuse to receive articles which are so marked.
11. It is forbidden to send coin, jewellery, or precious articles by letter-post to any of the countries enumerated at Table B, pages 19 to 23, which are not marked (b).
12. Jewellery, &c., if addressed to countries which do not admit of their transmission by letter-post, and with which New Zealand has parcel exchanges, may be sent by parcel-post, except in cases in which they are specially prohibited, see pages 104 to 119 of Postal Guide.
13. The registration to some countries is incomplete. In such cases articles are as a rule registered to the port of arrival, and the continuation of the registration thence to destination is left at the discretion of the country of arrival.

Redirection.

14. Registered articles are redirected free of charge on the same conditions as ordinary letters.

SOLDIERS' AND SAILORS' LETTERS.

- Letters addressed to or forwarded by any non-commissioned officer, members of the Cape regular service, army schoolmaster (not of the first class), army schoolmistress, soldier, or woman, while actually employed in Her Majesty's service, may be transmitted within the colony, and between the colony and the Australian Colonies, India, British Ports in the Mediterranean, and the United Kingdom, at a charge of 1d. each; and to any post-office provided that the following regulations are observed:—
- (a.) Each letter must not exceed 3oz. in weight.

- (d.) If sent by any such privileged person, it must be superscribed with the name of the writer, his description or class in the regiment or vessel, and signed by the officer at the time in command.
- (e.) If addressed to any such privileged person, his description or class in the regiment or vessel must be specified thereon.
- (d.) If posted within the colony, the postage must be prepaid.
- Letters of this description posted or received in the colony not in accordance with the foregoing regulations, or if addressed to foreign countries, will be treated as ordinary letters.

REDIRECTION.

Conditions of Free Redirection.

Redirected letters, post- and letter-cards, commercial papers, printed papers, newspapers, and sample-packets are treated as if they were addressed direct from the first office of posting to their ultimate destination, no charge whatever being made for intermediate redirections. When letters are fully prepaid for their first destination they are charged on delivery only the actual difference between the postage from the first office of posting to the ultimate place of destination and the postage originally affixed to the letters. Thus, a $\frac{1}{2}$ oz. letter prepaid 2d. and posted at Wellington for Auckland would be redirected free of charge thence to Dunedin, or to any place in Australia, but if subsequently redirected, say, from Dunedin to London, it would be charged on delivery "1d."—i.e., the postage from Wellington to London, 2½d., less stamps affixed 2d. Redirected letters not fully prepaid for their first destination are charged double the difference between the postage from the original office of posting and the last place of redirection and the postage affixed to the letters.

Parcels treated differently.

Parcels are, when redirected, liable to additional postage at the prepaid rate for each redirection, except where the original and corrected addresses are both within a free delivery from the same post-office.

Redirection of Registered Letters.

Registered letters, &c., the redirection of which is desired after delivery, must not be dropped in the letter-box, but must be handed in at the office counter.

Notices of Removal.

Notices of removal and applications for the redirection of letters, &c., must in all cases be signed by the persons to whom the letters are addressed. The printed form of notice, which will be supplied on application at any post-office, should be used wherever practicable.

UNCLAIMED LETTERS.

On the first day of each month a list is exhibited at each post-office in the colony of the addresses of all letters received from places beyond the colony that have remained unclaimed for two months at such post-office, exclusive of the month in which they were received; and such of these letters as remain unclaimed at the end of a further period of one month are then forwarded to the Dead Letter Office, to be returned unopened to the countries where they originated. Unclaimed letters originating in the colony are not advertised, but at the end of one month are forwarded (excepting special-request letters) to the Dead Letter Office, Wellington, there to be opened and returned to the writers.

SPECIAL-REQUEST LETTERS.

Letters posted in the colony, having the names and addresses of the senders written, printed, or embossed on the address side or on the fly of the envelopes, are returned unopened to the writers or senders by Chief Postmasters, when not claimed within thirty days; and all such letters which have, in addition, a request on the address side of the cover that the letters be returned if not claimed within a stated period, are also returned unopened by Chief Postmasters. No such letters, however, will be returned unless they have remained in the post-office to which addressed at least ten days.

Letters of this class originating at hotels, clubs, or places of public resort are not returned unopened by Chief Postmasters unless, in addition to the printed or embossed address on the cover, the name of the actual sender also appears.

The above instructions do not apply to the following classes of letters, which are sent to the Dead Letter Office: Registered and official letters (excepting those otherwise specially directed), surcharged letters, and letters containing coin.

Special-request letters are recommended to be marked as follows, near the left-hand upper corner: "If not claimed in ten days return to [name and address]."

BUSINESS HOURS.

All post-offices are opened for delivery of letters, sale of stamps, receipt and delivery of parcels, and registration of letters, &c., from 9 a.m. to 5 p.m. on week-days only. Money-order and savings-bank business is transacted at certain offices and hours named at pages 125-127 of the Postal Guide, on week-days only.

Certain post-offices specially authorised by the Postmaster-General may be closed during the periods of sorting and despatching mails.

Telegraph.—The hours of attendance at offices where telegraph business is transacted, and a list of these offices, will be found at pages 144-161 of the Postal Guide.

Post Office and Telegraph Holidays.—The statutory post-office and telegraph holidays are New Year's Day, Good Friday, Queen's Birthday, Prince of Wales's Birthday, and Christmas Day. Partial holidays are observed on Easter Monday and Boxing Day.

DELIVERY.

To facilitate the delivery of letters a letter-box should be affixed to every house-door. Deliveries from office counters, &c., are made from 9 a.m. to 5 p.m. on week-days, but certain post-offices specially authorised by the Postmaster-General may be closed during the periods of sorting and despatching mails.

Letter-carriers and messengers are prohibited from distributing any letters, newspapers, &c., except such as have passed through a post-office. They are not allowed to deliver in the street or elsewhere except at houses or places of business, even to addressees; nor are they allowed to deliver under doors. They are not permitted to receive any payment beyond the postage for the delivery or collection of any letter or newspaper, or to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas gratuities. For delivery of parcels by parcel-post, see regulations under "Parcel Post."

No person living within the town free delivery can claim to have his letters delivered at the office if a delivery by letter-carrier is about to take place; but letters which arrive by mail, after which there is no immediate delivery by letter-carrier, may be obtained by any person on application at the office, so long as it is open for delivery.

Letters must be given for all registered articles upon delivery thereof. Letters addressed to the post-office, or to be kept till called for, may be obtained within the office, except where it is ascertained that it is the practice of persons living near the town delivery to have their letters so addressed, in which cases they will be sent by letter-carrier. Letters for persons residing beyond any official delivery will be delivered on application at the office. It is not permitted to return any letter to the writer or sender, or to any one else, or to delay forwarding it to its destination according to provisions for special request, see "Special-request Letters", as every letter must be delivered to the person to whom it is originally directed, and to him alone. No information must be given by a postal officer respecting letters, &c., which pass through a post-office, except to the persons to whom they are addressed.

TIMES FOR POSTING CORRESPONDENCE.

Sea-borne mails, as a general rule, are closed for ordinary correspondence one hour previous to the despatch of the mails from the post-office, but by payment of a late-fee (see page 2), letters may be posted until within twenty minutes of the time the mail leaves the office. Late letters may also be posted on board steamers, and in the travelling post-offices and "guards' vans of the principal trains. The late fee in all cases is, for places beyond the colony, an extra single rate of postage; and, for delivery within the colony, one penny additional postage.

POSTAGE AND REVENUE STAMPS, POST-CARDS, AND NEWSPAPER WRAPPERS.

Every Postmaster is required to keep for sale to the public a sufficient stock of the various postage and revenue labels and post-cards in use in the colony, and to sell them at the following prices:—

	s. d.		s. d.
Halfpenny labels ...	0 1 each	One-shilling labels ...	1 0 each
Penny labels ...	0 1 "	Also stamps of such higher value as the work of any office may render necessary.	0 1 "
Twopenny labels ...	0 2 "	Post-cards ...	0 2 "
Twopence halfpenny labels ...	0 2½ "	Reply-paid post-cards ...	0 1½ "
Threepenny labels ...	0 3 "	Letter-cards ...	0 10 "
Fourpenny labels ...	0 4 "	Newspaper Wrappers—	12 6 "
Fivepenny labels ...	0 5 "	Parcels of 18	
Sixpenny labels ...	0 6 "	Parcels of 270	
Eightpenny labels ...	0 8 "		

No person excepting a postal officer may, unless specially licensed by the Stamp Department, sell postage-stamps, post-cards, or newspaper wrappers. The penalty for such illegal sale is ten pounds.

To prevent the purloining of postage-stamps by the employees in large establishments, the stamps may be perforated with the initials of the firms, &c., so as to render the improper sale of such stamps a matter of difficulty. The perforation with initials of the stamps on post-cards and newspaper wrappers is also allowed; but permission in all cases must first be obtained from the Postmaster-General.

Stamps should be placed on the front of the letter, and upon the right-hand corner of the upper side. On redirected letters care should be taken not to place fresh stamps over the stamps which have been previously used.

Stamps which have been torn, cut, or otherwise rendered imperfect, except by perforation, cannot be used.

English, Victorian, and New South Wales postage-stamps may be obtained by persons desirous of sending a stamp or stamped envelope to their relatives or friends in the United Kingdom, Victoria, and New South Wales, in order to relieve them of the cost of the postage when sending replies. These stamps cannot be purchased in quantities of more than two shillings and sixpence worth at one time, nor are they permitted to be used for the purpose of making remittances.

REPURCHASE OF STAMPS.

Postmasters in charge of money-order offices are permitted, though not compelled, to purchase from the public New Zealand postage-stamps of not less value than 10s. (provided the stamps be not soiled or otherwise damaged), at a discount of 5 per centum.

To prevent the temptation to steal stamps attached to letters, which might be afforded by facilities for selling them, single stamps cannot be purchased. The stamps must in all cases be presented in strips of not less than two.

PRIVATE BOXES AND BAGS.

Private letter-boxes are provided for merchants and others upon payment, in advance, of the following fees:—

- For a term exceeding six calendar months and not exceeding one year, one pound (£1).
- For a term not exceeding six calendar months, ten shillings (10s.); and
- Provided that no private box shall be let for a term less than six months, to date from the day on which the same shall be let; and that, where there are two or more applicants for the same box at the same time, the preference shall be given to the person desiring to have the same for the longest term.

No private box can be held in the joint names of a number of persons unless it be known that the applicants are in business partnership. Private persons are not permitted to join in renting a private box. Subject to the above restrictions, any person can have a private box who is willing to pay the appointed rent. No person can be permitted to engage a private box for Sunday or for a certain day or days only.

Letters directed to any person renting a private box, and letters directed to members of the family or servants, also letters directed to the care of the box-holder, will be deposited in the box (unless written notice be given to the contrary). The registered and unpaid correspondence will be retained by the delivery-clerk, and the box-holder notified by means of cards placed in the box.

Each box is provided with a door, lock and key, which must be kept in repair at the holder's expense.

Private-box lobbies at chief post-offices are open on week-days from 8 a.m. to 10 p.m. At all other offices the hours are irregular, and vary from 8 a.m. to 10 p.m., and 9 a.m. to 5 p.m., according to local requirements. The lobbies are also open on Sundays and holidays, but at irregular hours.

Persons residing upon mail-routes requiring the accommodation of private bags can obtain the same upon payment, in advance, of the under-mentioned fees to the Chief Postmaster of the district, and subject to the following regulations:—

- The fees payable for private mail-bags shall be—For a term exceeding six calendar months and not exceeding one year, two pounds (£2); for a term not exceeding six calendar months, one pound (£1). Provided that no private mail-bag shall be let for a term less than six months, to date from the day on which the same shall be let. If taken delivery of at the office at which it is made up the fee is the same as for a private box.
 - The bag must be provided with a lock and two keys, and kept in repair at the cost of the person requiring it. When empty it must not exceed two pounds in weight. All private bags must be approved by the Postmaster.
 - The Postmaster must securely lock the bag before despatching it, and it must be returned to the Postmaster in the same manner.
 - The bag must only contain correspondence for persons connected with the establishment of the owner of the bag, or who may be in his employment; and it must be distinctly understood that such owner is responsible for the postage of all unpaid letters, and for returning receipts for all those which may be registered.
- Mail contractors are bound to convey and deliver, free of charge to the holders, all private bags given to them by Postmasters or under their instructions, but are not required to deviate from the prescribed mail-route, and are on no account to be delayed. Should a return bag not be ready at the appointed time and place, the contractors are not required to wait for it.

MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered); nor is it responsible for any injury which a packet may sustain during its transmission.

Secure Packing recommended. To guard against their being injured, all postal packets which are likely to suffer from dampness or from great pressure should be placed in strong covers; and it is recommended that such articles should be sent by parcel-post. Fragile articles should not be sent by post.

The main business of the Post Office being the transmission of letters, the forwarding of book-packets and newspapers (which no one is compelled to send through the Post Office), though an important, is only a secondary object, for which no arrangement can be made which would interfere with the quick and regular conveyance and delivery of letters. Books and packets, therefore, which would be injured by being thrust into a bag and hurriedly pressed down like a bundle of letters, should not be sent through the post.

In order that no failure may occur in the delivery of newspapers through the covers becoming detached, it is recommended that the addresses be written on exposed parts of the newspapers themselves, as well as on the covers.

Postmasters and the Public. No information can be given respecting letters which pass through a post-office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public. A Postmaster may, however, give an address if he has no reason to believe that the person whose address it is would disapprove of his doing so.

Except in the case of "special-request" letters, post-cards, or circulars which cannot be delivered, Postmasters are not allowed to return any article to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address.

Postmasters are not bound to weigh letters, books, packets, or newspapers for the public, but they may do so if their duty be not thereby impeded. This rule does not apply to parcels, which are tested both as to weight and size before being accepted.

Postmasters are not bound to give change; and when money is paid at a post-office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

No postal officer is permitted to take money in prepayment of postage (except in the case of inland circulars posted in quantities of not less than two thousand at one time), or to affix postage-stamps on letters, &c., posted at any post-office. Postage-stamps should in all cases be affixed by the sender or person posting the correspondence.

All Articles should bear Sender's Address.

Every letter or other article should contain the full address of the sender, in order to insure its return if the person to whom it is directed cannot be found. A much larger portion of the undelivered letters could be returned if the names and addresses of the senders were always plainly written at the end of the letters or embossed on the envelopes.

Use of Sealing-wax discouraged.

The practice of sealing with wax (except such as is specially prepared) letters passing to and from countries with hot climates is attended with much inconvenience, and frequently with serious injury, not only to the letters so sealed, but to the other letters in the mail, from the melting of the wax and adhesion of the letters to each other. The public are therefore recommended, in all such cases, to use either wafers or gum, and to advise their correspondents in the countries referred to to do the same.

Money and Valuables should be Registered.

Neither money nor any other valuable article ought ever to be sent through the post, except by means of a money-order, postal note, or in a registered letter. Any person who sends money or jewellery in an unregistered letter not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes.

Privilege of Postmaster-General.

Any person conveying (otherwise than by the post) a letter not exempted from the exclusive privilege of the Postmaster-General incurs, by law, a penalty of £20 for every letter so conveyed.

Addressing Correspondence.

Much difficulty is experienced in the delivery to their right owners of letters imperfectly addressed, and the Post Office has frequently incurred unjust censure either for unintentionally delivering such letters to wrong persons or for declining the responsibility of delivering them at all. The address of every letter ought to be full and distinct; and, in the case of the larger towns, the name of the street and the number of the house should always form part of the address. The practice of addressing letters to a town only prevails to a large extent, and in such cases the letters are not only liable to suffer delay, but to be lost altogether through being delivered to wrong persons.

Examination of Packets.

It is the duty of Postmasters, whenever they have ground for suspecting an infringement of any of the conditions relating to commercial papers, pattern- and sample-packets, newspapers, and printed papers generally, and occasionally even where there is no ground for suspicion, to open and examine packets posted at or passing through their offices.

Exceptional detention of Postal Packets other than Letters.

To prevent obstacles to the regular transmission of letters, a Postmaster may, when necessary, delay forwarding any book-packets or newspapers, samples, and parcels until the following despatch.

Circulars.

Circulars should be tied in bundles, with all the addresses in one direction, and should be posted early in the day.

PROHIBITED ARTICLES.

1. Any indecent or obscene print, painting, photograph, lithograph, engraving, book, or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character; matches of any kind; also any explosive, dangerous or noxious substance, any living creature, excepting live bees and harmless entomological specimens for delivery in the colony, Australia, and the United States (see section 10, page 9), or anything likely to injure the contents of the mails or any officer of the Post Office.

(Under the Inland Parcel-post, however, fish, meat, game, eggs, &c., razors, scissors, needles, knives, forks, or other sharp instruments, are permitted to be forwarded if so packed as to prevent all risk of injury to other parcels or to the officers of the Post Office. Liquids, or semi-liquids, such as paint, &c., or glass in any form, are also received if so packed as to be secure from breakage.)

The transmission by post of gold, silver, precious stones, jewellery, &c., is prohibited in all countries mentioned at Table B, pages 19 to 23, which are not marked (b). Such articles may, however, be sent to such of the countries not so marked as have parcel-post exchanges with New Zealand, except in cases where the Parcel-post Regulations specially exclude their admission. Vine-cuttings, except such as are addressed to the care of the Agricultural Department, are not permitted to be imported into New Zealand; any received through the post, unless so addressed, will be delivered to the Customs.

2. Tobacco, cigars, cigarettes, or snuff cannot be sent to the United Kingdom or New South Wales by letter- or sample-post. The United Kingdom, however, admits samples of unmanufactured tobacco not exceeding 4oz. The introduction into New South Wales of opium by post is prohibited.

3. In Luxembourg the registration of packets containing gold, silver, jewellery, &c., is compulsory, and everything of value, except coin or bullion, is liable to duty.

4. In the under-mentioned colonies, viz.,—

Bermuda,	Gibraltar,	Malta,	Sierra Leone,
Ceylon,	Hongkong,	Montserrat,	and
Falkland Islands,	Labuan,	Newfoundland,	Straits Settlements,
Gambia,	Lagos,	St. Vincent,	

articles of value are transmissible, and, with the exception of jewellery addressed to Ceylon, New South Wales, and St. Vincent, are exempt from Customs duty. Their transmission is also permitted in

Cyprus, Grenada, and Jamaica;

but they are liable to Customs duty, with the exception of gold and specie in Cyprus, gold, silver, and diamonds in Grenada, and diamonds in Jamaica.

5. In France engravings, prints, drawings, and chromo-lithographs are liable to Customs duty, and cannot be sent by post to that country in quantities sufficiently large to have a saleable value, but small quantities can be sent as *bond fide* specimens.

6. In the Dutch East Indies articles of value are admissible, except wrought gold and silver, but the packets containing them must be registered.

7. Special prohibitions in the Cape of Good Hope, Italy, Norway, Serbia, South African Republic (Transvaal), Dutch East Indies, and United States of America: anything relating to foreign lotteries.

8. In Italy or other countries sent forward on Italy, letters, if containing gold or silver money, jewels, or precious articles, registered or otherwise, are opened, the articles counted, and the letters sent on to destination.

9. In *Spain* and *Victoria* jewellery is dutiable, and liable to confiscation. Samples of cloth, woven fabrics, felt, and paperhangings addressed to *Spain* by post must not exceed 40 centimetres in length or width, unless the latter be well defined by a border, when it may be the full width of the piece.

10. *Romania*.—Stitched or bound books, being liable to Customs duty, cannot be sent at printed-paper rates.

11. *Russia*.—Printed matter in the Russian language is prohibited; and even such trifling articles as photographs and Christmas cards are liable to duty, though a single photograph may be sent to Russia by post. All letters or packets containing prohibited or dutiable articles of any kind, however small the value, are confiscated in that country. Russian Government bonds cannot be enclosed in ordinary or registered letters to Russia, and if discovered in correspondence 25 per cent. will be deducted from their amount in Russia at a fine.

1. The postage must be fully prepaid in postage-stamps, which should be affixed by the sender or the person handing in the parcel to a label which may be obtained at the counter. The label must then be affixed to the right-hand top corner of the parcel.

Parcels not to be dropped into Letter-box.

2. Packets for transmission by parcel post must bear the words "Parcel Post" written or printed conspicuously in the left-hand top corner, and must be handed in at a Post Office counter or delivery-window. Every parcel should bear the name and address of the sender on the cover, but in such a position as not to be mistaken for the address of the parcel. The officer to whom it is handed will check the size, weight, and postage affixed before accepting the parcel. Parcels must not be posted in posting-boxes; infringements of this rule render inland parcels liable to a fine of 6d. on delivery, and foreign parcels to detention.

3. Postmasters are forbidden to hand a parcel back to the sender, except as provided in clause 19.

Customs Declaration.

4. The sender of a parcel addressed to any place beyond New Zealand will require to make a Customs declaration (on a form to be obtained at any Post Office) describing the contents and stating the value, and also giving the name of the office of destination and the sender's signature and place of residence. False declaration involves the forfeiture of the parcel, and renders the sender liable to prosecution under the Customs laws.

Limits of Weight and Size.

5. Parcels not exceeding 11lb. in weight, 3ft. 6in. in length, or 6ft. in length and girth combined, are accepted for transmission to all places within the colony, excepting those not served by railway, coach, or steam-boat (see next section), to the Australian Colonies, and the United Kingdom. Thus a parcel measuring 3ft. 6in. in length could be 2ft. 6in. in girth, while one of 3ft. in length might be 3ft. in girth, &c. The limits of weight and size of parcels for other countries will be found at pages 104 to 119. Wheels must not exceed 2ft. in diameter.

6. Parcels for or from New Zealand offices not served by railway, coach, or steamer, a list of which is given at pages 120 to 124, must not exceed 5lb. in weight, 2ft. in length, and 1ft. in breadth or depth; nor can parcels for those offices be accepted which are of too fragile a nature to permit of their safe transmission in mail-bags.

How to Pack.

7. The public will greatly facilitate the work of the Post Office and help towards the safe delivery of parcels by taking care that they are in all cases compactly, strongly, and securely packed, especially those with fragile or perishable contents. It should be borne in mind that a parcel must be frequently handled before it reaches its destination, and, although every care will be taken by the officers through whose hands it passes, it will be impossible to avoid occasional damage if the packing be defective.

8. Parcels containing perishable articles, such as game, fish, eggs, &c., may be accepted for inland transmission. Razors, scissors, needles, knives, forks, or other sharp instruments, liquids, or semi-liquids, such as paints, &c., bottles, or glass in any form, may be forwarded both inland and to such of the countries beyond the colony as do not specially prohibit their introduction (see prohibitions at pages 104 to 119, last column). *All such articles must, however, be securely packed, so as to prevent all risk or injury to other parcels or the officers of the Post Office.*

Prohibitions.

9. Parcels bearing or containing writing or marks of an offensive or indecent character, or containing gunpowder, cartridges, matches of any kind, or anything explosive or liable to sudden combustion, bladders containing liquid, live animals, offensive or filthy matter, or any substance likely to cause injury to other parcels or to the officers of the Post Office, are not accepted for transmission. Parcels addressed to countries beyond the colony must not contain any perishable articles, such as fish, game, &c. Vine-cuttings may not be imported into New Zealand, and any found in the post as received from abroad will be handed over with wrappings to the Customs. In addition to the above, parcels are liable to the further prohibitions indicated at pages 104 to 119, last column.

Coin, Paper-Money, and Letters Prohibited.

10. Parcels must not contain any letter, coin, or bank-notes, or any packet or parcel intended for delivery at an address other than that borne by the parcel itself. Unsigned and cancelled bank-notes may, however, be forwarded to places in the colony in sealed packets, provided the cover of the packet indicates the contents. For every letter so enclosed, and for each article directed to an address other than that on the parcel, the parcel becomes liable to a surcharge of double the postage which such enclosure would have cost if sent separately. Invoices may, however, be sent in parcels addressed to offices within the colony. Parcels having written thereon any communication in the nature of a letter are subject to a fine of 6d.

Bullion and Jewellery.

11. Parcels containing bullion, jewellery, and such-like valuables should be securely packed, and, if addressed to any place within New Zealand, are recommended to be registered. Their transmission to certain countries is not permitted (see prohibitions, pages 104 to 119, last column). Parcels containing gold mined in the North Island, if addressed to countries beyond the colony, can only be posted at Money Order Offices, and senders will have to pay thereon the gold export duty (2s. per ounce) in addition to the usual parcel postage. Coin and bullion for the Australian Colonies cannot be sent by parcel-post, but may be forwarded by letter-post.

Registration and Certificates of Posting.

12. Parcels for delivery in the colony may be registered on the same conditions as letters, and for an additional fee of 2d. a receipt will be obtained from the addressee on delivery and forwarded to the sender. Parcels directed to places beyond the colony cannot be accepted for registration, but the sender may obtain a certificate of posting on payment of a fee of 2d. Neither certificate of posting nor registration involve any liability on the part of the department beyond that named in clause 23.

Parcels may be Examined.

13. Parcels may be opened and examined by postal officers, but this does not make it obligatory that the ends shall be left open by senders. After so opening the examining officer will securely refasten them.

Delays in Transmission.

14. Parcels may be delayed when their transmission would interfere with the despatch of letter-mails.

15. The Postmaster-General is not responsible for any loss which may arise through the delay of any parcel.

Delivery of Parcels.

16. At places served by letter-carriers delivery of parcels will be made by them as far as practicable. Where letter-carriers are not employed, or where they are unable to deliver parcels, delivery must be taken at the Post Office. Senders are recommended to inform addressees by post of the despatch of parcels, so as to assure prompt delivery.

17. Parcels addressed to a Post Office "To be called for" will, after they have remained in the office seven clear days (excluding Sundays and holidays), be charged demurrage at the rate of 1d. a day. No demurrage, however, will be charged on parcels for places at which there is no house-to-house delivery, or for persons on board ship.

18. Parcels cannot be delivered until all charges due thereon, such as Customs duty, redirection fees, &c., are paid.

Undelivered and Unclaimed Parcels.

19. When a parcel is refused by the addressee, or known to be undeliverable, the sender will be immediately communicated with, and he may elect to have it redirected to another place or returned, but he must pay a fresh rate of postage for such redirection or return.

20. Unclaimed parcels will be retained at the office from which they should be delivered for one clear month, exclusive of the one in which they are received. At the end of that period the sender will be advised that they cannot be delivered, as provided in the preceding section.

21. Inland parcels, if not claimed by the addressees or senders within three months, exclusive of the one in which they have been received, will be disposed of as the Postmaster-General may direct. Parcels with perishable contents may be destroyed immediately they become offensive. Parcels from countries beyond New Zealand, if unclaimed, will be retained until the expiry of six months from the date of posting of the advice of non-delivery, and then returned through the Dead Letter Office to countries of origin.

Redirected Parcels.

22. Redirected parcels are liable to a new rate of postage for each redirection.

Postmaster-General's Liability.

23. In the event of any damage or loss occurring during transit, the Postmaster-General shall in no case be liable to pay, by way of compensation to the owner or otherwise, a greater sum than two pounds sterling in respect of any parcel.

INDIA.

Amounts of Money Orders issued in New Zealand on India are paid in rupees, annas, and pies; the rupee being the standard of value in India.

As, however, the value of the rupee is subject to constant variation, no tables of conversion can be given. All Orders on India are issued in sterling, and the equivalent in rupees is settled by the Post Office at Madras on the arrival of the Advice List from New Zealand.

Money Orders drawn in India on New Zealand are issued in the currency of India, and the equivalent in sterling is calculated by the Post Office at Madras at the rate of exchange current in India at the date of preparing the Advice List for despatch to New Zealand.

Limit of Amount of Money-order.

No single Order payable in New Zealand, United States and Canada, and Australia and Tasmania, can be granted for more than £20. To other places the limit is £10.

No Fractions allowed.

No order is allowed to contain a fractional part of a penny.

Particulars required.

No money-order can be issued unless the applicant furnish in full the surname and, at least, the initial of one Christian name both of the remitter and payee, together with the remitter's address. The exemptions are as follow: If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; if a firm, trading under the name of the persons comprising it, the usual designation of such firm will suffice. The remitter is at liberty to desire, at the time of issue, that the order be crossed thus: and Co., and be made payable through a bank, in which case it is left to his option to give or withhold the name of the payee. Prefixes, such as Mr., Mrs., Miss, Messrs., Revd., Doctor, are not allowed. The remitter, when applying for an order payable to a married woman, should be careful to give the forename of the payee and not that of her husband.

Application Forms.

Particulars of money-orders required must be furnished to the issuing Postmaster on

the printed forms of application. Wherever practicable the form should be filled up by the applicant.

Orders cannot be cancelled.

An order once issued cannot be cancelled, and should repayment or transfer be required, application must be made on a form provided for the purpose, which can be obtained at any Money Order Office.

Payment of Money Orders.

When a money-order is presented for payment (otherwise than through a bank) the Postmaster has first to see that the signature of the payee (which must be written in ink) is in agreement with the name given in the advice. The Postmaster has then to request the applicant to furnish the name of the remitter, and, if the reply be correct, pay the order, unless he has good reason for believing that the applicant is neither the rightful claimant nor sent by him.

When an order is presented through a bank, crossed by stamp or in writing with the name of the bank by a person known to be in its employment, payment will be made without the signature of the person named in the advice as the payee.

Order may be crossed by Holder.

The holder of a money-order is always at liberty to direct, by crossing it, that the order be paid through a bank, notwithstanding that its payment was not originally so restricted.

Payment cannot be demanded on Day of Issue.

Payment of a money-order not issued for transmission by telegraph cannot under any circumstances be made on the day of issue.

No Liability after Payment.

After once paying a money-order, by whomsoever presented, the Department is not liable to any further claim.

Void Orders.

If payment of an order, whether issued in this colony or abroad, be not obtained before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of next January) all claim to the money will be lost.

Telegraph Orders.

Money-orders for transmission by telegraph can be issued and made payable at Money Order Offices within the colony where there are Telegraph Offices, and similarly in the Australian Colonies and in Tasmania.* See list of Money Order Offices.

* The total amount which can be remitted to the Australian Colonies and Tasmania by any one person to the same payee in one day must not exceed £40.

Orders on India, Japan, and Foreign Countries, &c.

As payment in Germany, India, Japan, and Foreign Countries, &c., is not made upon the orders issued in this colony, but upon new orders issued by the German, Indian, Hongkong, or London Offices, and forwarded by post to the payees in accordance with the address furnished by the issuing office, it is very important that the complete postal address of the payee should be given.

The remitter should retain the order issued here, but should advise the payee of the name of the remitter as given to the issuing office, and also of the delay in payment of the order which may probably occur from the transmission of the advice through the German, Indian, Hongkong, or London Offices.

Orders on the United States and Canada.

The full postal addresses of both payees and remitters must be furnished by the remitters of orders issued for payment in the United States or Canada for entry in the relative advices.

Natives of India.

In the case of natives of India, the name of tribe or caste and father's name must be given.

Payment can be stopped by Remitter.

The remitter of an order has full control over the money until payment has been made by the Department, and can therefore stop payment, obtain repayment, or alter name of payee.

Money Orders Lost, &c.

Application for the issue of a duplicate order, for stoppage of payment, or transfer from one office to another must be made to the chief office of the country in which the order is payable.

Application for repayment, alteration of name, or correction of error in name of payee or remitter must be made to the post-office of the country in which the order was issued. All such applications should be made on the prescribed forms, which can be obtained at any Money Order Office.

In the case of applications for duplicate orders or alteration of the name of payee or remitter, they must be accompanied by an additional inland commission in postage-stamps.

Repayment or transfer, whether of an original or duplicate order, will not be authorised until it has been ascertained that payment has been stopped at the office on which the order was originally drawn.

Postal Notes.

Postal notes for fixed sums from 1s. up to £5 are issued and paid at all Money Order Offices in New Zealand.

1. The following are the amounts for which postal notes are issued, together with the poundage payable in respect of each note:—

Amount of Note.	Poundage.	Amount of Note.	Poundage.
s. d.	d.	£ s. d.	d.
1 0	...	0 12 6	3
1 6	...	0 15 0	3
2 6	...	0 17 6	3
5 0	...	1 0 0	3
7 6	...	5 0 0	6
10 0	...		

Broken amounts may be made up by the use of postage stamps, not exceeding 3d. in value affixed to the back of any one postal note. These stamps must be affixed only by the sender or remitters of such postal notes.

2. The person to whom a postal note is issued may, before parting with it, fill in the name of the person to whom the amount is to be paid, and may fill in the name of the Money Order Office at which the amount is to be paid (except in the case of the £1 and £5 notes, which are payable on demand).

The person so named must sign the receipt at the foot of the note, and must also fill in the name of the Money Order Office, if that has not been already done.

3. Every person to whom a postal note is issued should keep a record of the number, date, and name of the office of issue, to facilitate inquiry if the note should be lost.

4. If a postal note be crossed "and Co.," payment will only be made through a banker; and if the name of a banker is added, payment will only be made through that banker. This rule does not, however, apply to the £1 and £5 notes.

5. After a postal note has once been paid, to whomsoever it is paid, the Postmaster-General will not be liable for any further claim.

6. If any erasure or alteration be made, or if the note is cut, defaced, or mutilated, payment may be refused.

7. The regulations under which postal notes are issued allow the Postmaster to refuse or delay the payment of a note; but he must at once report his reasons for so doing to the Postmaster-General.

8. These notes are not payable out of the colony.

9. Postal notes are issued and paid at Money Order Offices during the hours that those offices are open for the transaction of money-order business, and are also issued but not paid at the under-mentioned offices:—

Post Office Savings Bank.

Where established.

Every Money Order Office, except the following—

Manganahia
Patenron
Pohangina

Rangiwahia
Waikoikoi

Waipori
Weber

is also a Post Office Savings Bank, and open for Bank business during the same hours as for Money Orders.

The Savings Bank Offices at Auckland, Christchurch, Dunedin, Invercargill, Napier, New Plymouth, Wanganui, and Wellington close, however, at 1 p.m. on Saturdays, but open again from 7 to 8.30 p.m. on Saturdays for the receipt of Savings Bank deposits and the opening of new accounts only.

Amount of Deposits.

Deposits of one shilling, or of any multiple of one shilling, may be made at any Post Office Savings Bank.

Interest.

Interest is allowed to each depositor at the rate of 3½ per cent. per annum when the balance at the credit of his account does not exceed £200, and at the rate of 3 per cent. when it exceeds £200; but no interest will be allowed on more than £500.

The calculation is made from the first day of the calendar month next following the day on which a complete pound has been deposited up to the last day of the calendar month preceding the day on which the money is withdrawn. The interest due to each depositor is calculated to the 31st December in each year, and is then added to and becomes part of the principal due to him.

Name, Address, and Occupation to be furnished.

A person upon opening an account must furnish his Christian name or forename and surname, occupation, and residence, and he must also sign a declaration to the effect that he is not directly or indirectly entitled to any sum or sums standing in his name or in the name or names of any other person or persons in the books of the Post Office Savings Bank (unless it be as trustee of another person or as a member of a friendly or other society), and that he consents to his deposits being managed according to the regulations of the Post Office Savings Bank.

Such declaration must be witnessed by the Postmaster, or by some person known to him, or by a Justice of the Peace.

Intending Depositors residing at a Distance from a Post Office.

Applications in writing from persons residing at a distance from any Post Office who may be desirous of opening an account, but are unable to attend personally to make the usual declaration before a Postmaster, will be received and acted upon. In such cases the Postmaster will forward a blank form of declaration, which must be filled up and signed by the intending depositor in the presence of and attested by a Justice of the Peace, or by any respectable person known to the Postmaster. The Postmaster will also forward a deposit book, in which the signature of the intending depositor is to be affixed in the place assigned for it, and be similarly attested. Both documents, with the money to be deposited, must be returned to the Postmaster without delay. On their receipt the Postmaster will enter the sum in the book in the usual manner, and return the book to the depositor.

Deposit to be entered in Depositor's Book, and acknowledged from the General Post Office.

Every deposit in a Post Office Savings Bank must be immediately entered by the Postmaster, or other person receiving it, in the depositor's book, and the Postmaster or other person receiving the deposit must affix his signature and the stamp of his office to each entry.

In addition to the receipts which the depositors will thus obtain in their deposit-books, they will receive for each deposit an acknowledgment by post from the General Post Office. If the acknowledgment does not reach the depositor in proper time, or if, when it reaches him, it shows any signs of erasure, or does not agree with the entry in his book, the depositor should immediately apply to the Secretary of the General Post Office by letter, and should renew his application again and again until he obtains a satisfactory reply.

By whom Deposits may be made.

Besides deposits by ordinary persons, deposits may be made—

(a.) By a trustee on behalf of another person, in the joint names of that person and the trustee; but repayment of the same, or any part thereof, will not be made without the receipts of both parties. A person may act as trustee in any number of accounts, and at the same time have an account in his own name.

(b.) By two or more persons jointly on their own behalf, provided they are not already depositors either jointly or severally.

(c.) By persons under twenty-one years of age. In the case of children under the age of seven years the declaration must be made by one of the parents or by a friend on behalf of the depositor, and the money cannot be withdrawn till the minor attains that age, when it will be payable to the signature of the minor alone.

(d.) By women, whether married or single. Deposits made by a married woman, or made by a woman who afterwards marries, will be repaid to any such woman.

(e.) By the trustees (or treasurer in cases where there are no trustees) of any friendly, charitable, or provident society or institution, or penny-bank, the rules of which have been certified or approved.

Applications, accompanied by a copy of the rules, must first be sent to the Controller, Savings Bank Department, Wellington.

Such societies, &c., are allowed to deposit without limit as to amount.

(f.) By legally-constituted societies, Corporations, and by Education Boards and School Committees appointed under the Education Act.

(g.) By the manager of an Industrial School, in trust for an inmate, for the deposit of the savings of the latter.

Depositor's Book to be sent once a Year to the Chief Postmaster.

On the anniversary of the day on which an account was opened the deposit-book should be forwarded to the Chief Postmaster for examination, insertion of interest, &c. Covers for the purpose can be obtained at every Post Office Savings Bank.

Depositor's Book Lost.

If a depositor lose his book a duplicate thereof shall be supplied to him upon application being made on the proper form, accompanied by a fee of two shillings.

Postage on Depositor's Books, &c.

No charge for postage will be made upon depositors for the transmission of their books to the Chief Post Office for examination, &c., or when communicating with the Controller on Savings-Bank business.

Repayment of Deposits.

Any depositor at the principal office in the postal district can make withdrawals thereof without the necessity in all cases of making application in writing; but any depositor at a sub-office of the postal district wishing to withdraw the whole or any part of the sum deposited by him must make application for the same on a printed form, called a notice of withdrawal, which he can obtain at any Post Office Savings Bank. When he has properly filled up this form, he must fold and secure it, and forward it by post as if it were an ordinary letter. In return for it he will receive a warrant for the amount required by him, payable at the Post Office Bank named by him in the notice of withdrawal. The warrant should be presented for payment immediately, as the amount ceases to bear interest from the date of issue.

The Postmaster-General will endeavour to prevent fraud, and to identify every depositor transacting business with the Post Office Savings Bank; but if any person shall fraudulently represent himself to be a depositor, and, by presentation of the depositor's book, and compliance with the rules of the Department, shall obtain any sum of money belonging to that depositor, the Postmaster-General will not be responsible for the loss thereof.

Repayments shall be made only to the depositor in person, or to the bearer of an order under his hand, signed in the presence of and attested by a person known to the Postmaster, a Justice of the Peace, or, in case of sickness, of the medical attendant or a minister of religion.

If the depositor be resident out of the colony, his signature must be verified by a Governor, Judge, Mayor, Magistrate, Justice of the Peace, or other constituted authority of the place in which he resides. Printed forms of orders can be obtained at any Post Office Savings Bank.

Applications to withdraw money deposited by any friendly, charitable, or provident society, or savings-bank must be signed by the sole trustee, or two of the trustees of any society or savings-bank, or, when there is no trustee, then by the treasurer, or some officer performing the duty of treasurer; and the names of the trustee or treasurer, or other officer of the society authorised to receive the amount to be withdrawn, shall be stated in the notice of withdrawal. The warrant for payment of the amount shall be made out in the name of such trustee, treasurer, or officer, and the receipt of such person apparently authorised shall be a sufficient discharge for the same.

Funds of Deceased Depositors not exceeding £100.

In case any depositor shall die leaving any sum of money not exceeding one hundred pounds, exclusive of interest, deposited in the Post Office Savings Bank, and probate of his will or letters of administration be not produced to the Chief Postmaster of the postal district; or if notice in writing of the existence of a will, and intention to prove the same or to take out letters of administration, be not given to the Chief Postmaster of the postal district, at his chief office, within the period of one month from the death of the depositor; or if such notice be given but such will be not proved, or letters of administration be not taken out, and the probate or letters of administration (as the case may be) produced to such Chief Postmaster of the postal district within the period of two months from the death of the depositor, it shall be lawful for the Postmaster-General, after such period of one or two months, as the case may be, to pay all just debts due or owing by such deceased depositor, and to defray the expenses of his funeral, so far as the said sum of money shall extend, and divide the surplus, if any, at his discretion, to or among the widow or relatives of the deceased depositor, or any one or more of them; or, if he shall think proper, according to the Statute of Distributions.

Funds not exceeding £50.

Provided that where the amount standing to the credit of any deceased depositor is not more than £50 (exclusive of interest), and the Postmaster-General is satisfied that he may justly pay such amount to the person or persons applying for the same, the Postmaster-General may at his discretion, and upon receiving such indemnity and such proof of death, identity, and otherwise as he shall deem satisfactory, pay such amount to the person or persons appearing to be lawfully entitled thereto.

When there is no will or letters of administration, setting forth the grounds on which the depositor's account must make a statutory declaration, together with certificates he claims, and forward the declaration to the Chief Postmaster, and of his identity. A statement showing, as far as may be, where deceased was born, what relatives he had in New Zealand and elsewhere, and what debts he left, if any, must also be produced.

Funds of Deceased Depositors exceeding £100.

In case any depositor shall die leaving any sum of money in the Post Office Savings Bank which (exclusive of interest) shall exceed the sum of one hundred pounds, the same shall only be paid to the executor or administrator on the production of the probate of the will, or letters of administration of the estate or effects of the deceased depositor, to the Chief Postmaster of the postal district, who, after satisfying himself as to their authenticity, will forward an attested copy or extract, with the usual application, to the Controller, Savings Bank Department, Wellington, for the decision of the Postmaster-General. But in any case, within the terms of this and the two last-mentioned regulations, the Postmaster-General may require such additional evidence as to the death or identity of the deceased depositor or otherwise as he shall be advised or require.

Payment on Death of a Depositor being Illegitimate and Intestate.

If any depositor, being illegitimate, shall die intestate, leaving any person or persons who, but for the illegitimacy of such depositor, or of such person or persons, would be entitled to the money due to such deceased depositor, it shall be lawful for the Postmaster-General, with the advice in writing of the Attorney-General or other Law Officer of the Crown, to pay the money of such deceased depositor to any one or more of the persons who in his opinion are entitled to the same according to the Statute of Distributions as modified by "The Administration Act, 1879," or any other Act of the New Zealand Legislature.

Incapacitated Depositors.

If any depositor shall be found insane by inquisition or other competent authority, or become otherwise incapacitated to act, and the same shall be proved to the satisfaction of the Postmaster-General, and if the Postmaster-General shall be satisfied of the urgency of the case, he may authorise payment from time to time, out of the funds of such depositor, to any person whom he shall deem to be entitled thereto, and the receipt of such person shall be a good discharge for any such payment: Provided that where the deposits of any such depositor are claimed by the Public Trustee under any law for the time being in force authorising him in that behalf, the Postmaster-General may, if he thinks fit, cause such deposits to be paid to the Public Trustee or to any agent whom he may by writing appoint.

Settlement of Disputes.

If any dispute shall arise between the Postmaster-General and any individual depositor, or any executor, administrator, next of kin, or creditor or assignee of a depositor who may become bankrupt or insolvent, or any person claiming to be such executor, administrator, next-of-kin, creditor, or assignee, or to be entitled to any money deposited in the Post Office Savings Bank, then and in every such case the matter in dispute shall be referred to arbitration, as provided by the 47th section of "The Savings Bank Act, 1858," one arbitrator to be chosen and appointed by the Postmaster-General, and the other by the party with whom the dispute arose. And for the purposes of this regulation the said 47th section shall, subject hereto, be deemed to be incorporated herewith. And whatever award, order, or determination shall be made by the said arbitrators shall be binding and conclusive on all parties, and shall be final to all intents and purposes, without any appeal.

Secrecy.

The officers of the Postmaster-General engaged in the receipt or payment of deposits shall not disclose the name of any depositor, or the amount deposited or withdrawn by him, except to the Postmaster-General, or to such of his officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Act.

ELECTRIC TELEGRAPH.

REGULATIONS UNDER WHICH TELEGRAMS ARE AUTHORIZED TO BE TRANSMITTED ON THE TELEGRAPH LINES BELONGING TO THE GOVERNMENT OF NEW ZEALAND.

Non-liability for Errors, &c.

1. Neither Her Majesty the Queen nor the Government of the colony shall be responsible for errors, omissions, or delays in the transmission of any telegram, or for the non-delivery or non-transmission of any telegram.

Charges.

2. The charges for transmission of a telegram within New Zealand are,—

For twelve words or less, including address and signature—	
Urgent	One shilling.
Ordinary	Sixpence.

Extra words, 2d. and 1d. each respectively.

On Sundays these rates are doubled.

When more than one telegram, apparently part of a message previously lodged, is presented by the same sender during any one day, such telegrams may be treated as one continuous telegram, and charged for accordingly, unless it be shown to the satisfaction of the Officer in Charge that they have no connection with each other.

3. Postage stamps must be used for payment, and any person sending a telegram is required to affix such stamps to the message forms.

Receipts for Charges.

4. Receipts for the amounts paid for international and intercolonial telegrams may be obtained by the sender free of charge at the Telegraph Office at the time of presenting such telegrams for transmission. A receipt for the amount paid for an inland telegram will be given at the time of presenting such telegram for transmission on payment of a fee of twopence.

How and upon What to be written.

5. Inland telegrams presented for transmission shall be written either in ink, or with pencil, or in manifold, in a clear and legible manner; cable telegrams shall be written in ink or in manifold. All telegrams shall contain a proper address, and bear a genuine signature in the usual handwriting of the sender, or in that of his authorized agent, but when written by the agent the latter shall add his name or initials, not for transmission, but for the information of the Post and Telegraph Department.

6. In order to prevent errors in the transmission of telegrams, all words must be written in full, and no abbreviations will be allowed that are not in general use and in accordance with the usage of the language. All numbers should be written in words in full, and not in figures.

7. Printed forms upon which telegrams should be written may be obtained at all telegraph offices on application; but all telegrams, whether written upon the prescribed form, upon any other printed form, or upon plain paper, shall (subject to the provision hereinafter stated), be considered as presented for transmission under the several conditions contained in these regulations: Provided that telegrams written upon printed forms other than those supplied by the Government shall be first approved of by the Electric Telegraph Commissioner, or the same may be refused when presented for transmission.

How to be signed.

8. When it is not intended or desired that the sender's signature should be telegraphed, it must be written on the back of the message. The message may then be transmitted without a signature, or with any signature known to the receiver, such as "Kate," "Harry," "Mamma," which the sender may insert for transmission; but the receiver may have the full signature telegraphed by paying for the necessary telegrams.

Special Instructions.

9. When the sender desires that special instructions, such as "Private," "Confidential," "To be opened at once," "Per Te Anau," "By first steamer," or the like, shall be written on the envelope of the message, he shall write those instructions immediately after the address of the receiver, and pay for them as part of the message. The words shall also be written in the space for instructions.

Cipher Telegrams.

10. Telegrams may be written in cipher, which will be counted according to the following scale, whether for figures or letters: Separate ciphers count as one word; groups of five ciphers, or fractional part of five ciphers, count as one word; and any fractional portion remaining is to be counted as one word.

11. The use of a cipher address is prohibited on messages for transmission within the colony.

Telegrams may be dropped into a Letter-box.

12. Persons not wishing to send to a Telegraph Office may post a telegram in an envelope addressed "Telegram Immediate," in a wall- or pillar-box, or at a receiving office or sub-post-office. Telegrams so posted are sent on by the next collection or the next mail to the Telegraph Office to which the letters included in the collection are taken, and are thence transmitted and delivered free of extra charge, provided the proper amounts for transmission and for portage (if any) have been prepaid. The time of arrival at the Telegraph Office is regarded as the time of receipt from the public. Telegrams may also be posted not enclosed in envelopes, and when so posted they will be treated in the same manner.

Order of Priority of Transmission.

13. Telegrams will be transmitted in the following order of priority:—
- (1.) Telegrams of the Government marked urgent.
 - (2.) Service telegrams.
 - (3.) Urgent private telegrams.
 - (4.) Non-urgent (ordinary) private telegrams.

Replies may be prepaid.

14. The cost of a reply may be prepaid, and a reply-form will then be delivered to the addressee, who will be at liberty to send another telegram of the value prepaid, from any Telegraph Office, at any time within six weeks. If the form be not used its value will be refunded to the sender of the original telegram on his applying within six weeks to the Accountant, General Post Office, and on the production of the form. A reply-form need not necessarily be used for a reply, but may be used to prepay any single inland message.

Collect Telegrams—Sender responsible for Transmission Charges.

15. Telegrams may be taken from the sender with the word "Collect" written thereon in the space for instructions, and in such case the value of the telegram will be collected from the receiver; but, in the event of the department being unable to collect the amount, the sender will be held responsible for the due payment thereof, and in such case, if the sender fails to pay the charges upon being requested to do so, the Officer in Charge of the Telegraph Office at which the telegram was delivered for despatch may in his own name, in any Court of competent jurisdiction, sue for and recover from the sender of such telegram all charges due for the transmission thereof.

16. The sender of a "Collect" telegram shall, if requested to do so, lodge the cost of it. Any difference between the sum required and that lodged will be settled, or any refund will be made, upon delivery of the telegram. The sender of a "Collect" telegram is at liberty to direct that delivery shall be conditional only on the addressee first paying the charges. In such cases the words "Delivery conditional" must be inserted in the instructions and paid for.

Repetition at Request of Sender to Insure Accuracy.

17. Telegrams can be repeated, if the sender desires it, by being signalled back from office to office. No copy is, in such case, given to the sender. The charge for repetition is one-half the ordinary tariff; a fraction of a penny being reckoned as a penny. Telegrams containing mercantile quotations or figures, and telegrams written in cipher, or according to a preconcerted code, should always be repeated.

Repetition at Request of Addressee to Detect Errors.

18. If the receiver of a telegram doubts its accuracy, he may have it repeated by paying half the amount paid for its transmission to him, fractions of a penny being reckoned as a penny. Should he require only a portion of the message to be repeated, a payment must be made at the rate of $\frac{1}{4}$ d. for each word embraced in the repetition. For example, if 15 words in a message of 30 words are to be repeated the payment would be eightpence. The minimum charge, however, for repetition (even of a single word) is threepence. The money will be refunded if it should turn out that the telegram has been incorrectly transmitted.

Extent of Free Delivery.

19. In multiple telegrams (meaning two or more telegrams of the same text addressed to different persons on the same forms) the names and addresses will be included in the number of chargeable words, the first telegram being charged at full rates and the other or each of the other telegrams at half-rates, provided both or all are addressed to the same place. If the telegrams are sent to different places, or are written on separate sheets, they will be treated as separate telegrams and each charged full rates. All multiple telegrams must be prepaid.

20. Except as notified in the printed list of telegraph offices published from time to time in the Post and Telegraph Guide, all telegrams shall be delivered free of charge within a distance of one mile by the nearest practicable road of the office to which they may be transmitted by wire.

For any distance not exceeding half a mile beyond the free delivery

For any distance over half a mile but not exceeding one mile beyond the free delivery

For any distance over one mile but not exceeding two miles beyond the free delivery

s. d.

The foregoing charges provide for ordinary delivery only. For telegrams to be delivered by special messenger, the cost of such delivery shall be added and paid for. If required to be delivered beyond the distance of three miles, all moneys disbursed in payment of cab-fares, omnibus-fares, horse-hire, portage, or any other expenses incurred in delivery, shall be charged and paid. All telegrams shall bear any expenses incurred to defray ferrage and tolls. To prevent the non-delivery or detention of telegrams, when the sender of a telegram objects or refuses to pay the above charges, or any of them, the telegram will be posted immediately on its arrival at the office to which it is transmitted by wire.

Sender responsible for Delivery Charges.

21. The sender of a telegram shall be responsible for the payment of all charges incurred in the delivery, and, if the sender fails to pay the charges upon being requested to do so, the Officer in Charge of the Telegraph Office at which the telegram was delivered for despatch may, in his own name, in any Court of competent jurisdiction, sue for and recover from the sender thereof the charges due on such telegram.

Redirected Telegrams.

22. Telegrams redirected to a corrected address are liable to an additional charge of 6d. if delivery can be effected from the original receiving office, but if the corrected address requires the message to be re-telegraphed from the receiving office, a charge will be made equal to the original amount paid.

Fee for Search.

23. On the application of the sender or the addressee of any telegram, search will be made by the department for the copies thereof in its possession. A fee of five shillings shall accompany each application for search, or for search with copies, so as to cover cost of the search and the copy or copies required. Any excess or insufficiency in this amount, determined by the length of time occupied in the search, will be adjusted before copies are handed to applicants. The rate of payment for search is two shillings and sixpence per hour or fraction thereof. For copies of inland telegrams a charge of sixpence each will be made, and for copies of cable telegrams fivepence for every hundred words or fraction thereof. No application is entertained unless at the request of the sender or of the person to whom any telegram is addressed.

24. In the case of allegation of error on the part of the department in the transmission of any telegram, no inquiry will be made unless the telegram was a repetition-paid telegram, or unless a fee equal to half the cost of the original message is paid.

Accidents to Lines.

25. In the event of serious delays occurring through accident to the lines, which may prevent the transmission of a telegram within a reasonable time, or may destroy the value of any telegram, the acceptance of telegrams may be refused for the time being; and, in the case of a telegram already accepted, the sender may, on an application to the General Post Office through the Officer in Charge of the Station at which such telegram was presented and paid for, receive back the amount paid thereon, and the telegram will be cancelled.

In the event of partial interruption of the lines by accident or stress of weather, the department may refuse to accept all telegrams except urgent telegrams.

Monopoly of Line forbidden.

26. The transmission of telegrams presented in quantity, or of telegrams of great length, may be delayed when their transmission would give an undue monopoly of the line to the sender or addressee.

Prohibitions.

27. Telegrams which are indecently or obscenely worded, or which appear to contain matter of a treasonable, seditious, libellous, or grossly offensive character, shall not be transmitted.

URGENT TELEGRAMS.

28. Telegrams marked *Urgent* are received at any Telegraph Office and transmitted in the order of their priority with other messages of the like code.

Urgent telegrams take precedence of all ordinary messages.

The fee for an urgent telegram is double of that for an ordinary telegram.

All ordinary telegrams accepted for transmission at any Telegraph Station after 8 p.m. are treated as *Urgent*, and charged for accordingly.

Urgent telegrams lodged on Sunday are charged four rates.

When the sender of an urgent telegram desires to pay for an urgent reply, the words "*Urgent, reply paid urgent*" must be inserted in the instructions. When the reply required is not to be urgent the instruction should be "*Urgent, reply paid*."

CHARGES FOR MESSAGES RELATING TO SICKNESS OR DEATH.

29. Telegraphic messages relating to sickness or death or other urgent matters may be accepted and transmitted from any to any telegraph office after ordinary hours (provided the attention of the terminal office can be obtained), on payment of double rates, and the following fees:—

For calling upon a postmaster or operator in charge to transmit a message after his ordinary hours of duty, and when the office is closed, 2s. 6d., to be paid even if the telegram fails to reach its destination, but in the latter case the tariff rates collected will be refunded.

In addition to the foregoing charges a further fee of 2s. must be paid for delivery within a mile from the office.

30. Charges for ferries, tolls, or for any extra cost incurred for delivery beyond the ordinary limits must also be paid by the sender at time of presenting the telegram. The sender will also be liable for short charges, should it be subsequently found that the amount collected for carriage was insufficient.

WEATHER TELEGRAMS FOR SHIPPING.

31. Masters of vessels are permitted to forward messages at one uniform rate of sixpence for each message (including reply) to the Harbourmasters of the several ports seeking information as to the state of the weather, &c., at the port to which they are bound, or from any port which may lie in their route. These telegrams must be concise, and should be filled in in accordance with the directions to be seen at telegraph-offices.

In no case will a larger number of words in the body of the telegram than twelve be allowed.

TRANSMISSION OF TELEGRAMS BY TELEPHONE.

32. (1.) Subscribers to telephone exchanges may, by application to the telegraph-office, have telegraphic messages which are addressed to them forwarded by telephone from the office of destination to their business or private address. Such messages will, after transmission, be posted for delivery to such address, and be marked on the front "Transmitted by telephone."

(2.) This system may be availed of during the ordinary hours for attendance of officers at the telegraph-office, except in the case of offices where officers are on duty until 10 p.m. when the telegrams may be telephoned up to that hour.

(3.) The charges for transmitting telegrams as above shall be as follows:—

	s.	d.
A fee of £5 5s. per annum, paid in advance; or, in other cases, for each separate transmission, provided the telephone conversation does not exceed three minutes	0	6
For each additional three minutes or fraction thereof	0	6

When the fee is paid by time, one conversation may include two or more messages, including any referred to in the next succeeding section. The fee to be affixed in stamps to a docket which will be provided, and presented to the telegraph-office immediately after the message has been telephoned.

(4.) Telephone exchange subscribers may also telephone to any telegraph-office connected with a telephone exchange, during the ordinary hours of telegraph attendance, if the exchange is open, any messages, not exceeding fifty words in length, to be further transmitted from the telegraph-office to the respective destinations of such messages as telegrams, provided the usual cost of such telegrams is paid in addition to the above rates.

(5.) Prior to telephoning any such message the sender shall have reduced such message to writing, and, immediately after transmission, if telephoned before 5 p.m., deliver the written message to the telegraph-office, with the charges affixed in stamps. Messages telephoned after 5 p.m. and before 8 p.m. must be handed in to the telegraph office not later than 10 o'clock the following morning.

(6.) The department reserves the right to exclude any person from the privilege of sending or receiving telegrams by telephone under this system until any arrears of fees which may be due are fully paid, and to demand a deposit before registering any application.

(7.) The transcribed copies of messages telephoned by subscribers will, so far as the department is concerned, become the original telegrams, and the department will not assume or be subject to any liability by reason or on account of any failure, delay, or mistake in or about the transmission, receipt, or delivery of any telegram under this system, from whatever cause the same may arise.

(8.) On payment of a fee of 6d. and the charge for the transmitting—at the prescribed rates for urgent or ordinary telegrams, as the case may be—of such words as may be required to convey the direction hereafter mentioned, the sender of a telegram may insert in the place for instructions thereon the direction "To be telephoned," and thereupon such telegram, upon arrival at the telegraph-office of destination, shall be forthwith telephoned through the Telephone Exchange to the addressee, if such addressee be a subscriber to such Exchange; and in other respects the provisions made for the transmission of telegrams to addressees through Telephone Exchanges at their own request shall, as far as applicable, apply to such telegram.

EXCEPTIONS TO THE ABOVE SCALE OF CHARGES.

Telegrams for evening papers are not transmitted at Press rates on Sundays.

Evening newspapers publishing before 5 p.m. are allowed to receive at any period of the day of publication telegrams amounting in the aggregate to 1,000 words during the recess of Parliament and 1,500 words during the session at evening rates. 500 additional words are also allowed on the day the San Francisco mail reaches Auckland for telegrams containing news received by the mail steamer. When the San Francisco mail arrives at Auckland on Sunday, the 500 additional words are allowed on the day following.

During the session of Parliament Press parliamentary reports are accepted until 1 a.m. at the 6d. rate, and between 1 a.m. and 2 a.m. at the 8d. rate, for all offices open during these hours for Press messages from Wellington.

CABLE NEWS.

Press messages lodged at Wakapuka between 8 a.m. and 5 p.m. repeating news received by cable from beyond the colony, and bearing the words "Cable news" in the instructions, are chargeable with the evening rates for Press messages. Every such message must be charged separately.

Press messages lodged at and forwarded from any telegraph office, when specially re-opened after the usual closing hour, are forwarded as under:—

At the rate of 2s. per 100 words up to 1,000 words, the minimum charge to be 7s. 6d. For every additional 100 after the first 1,000 words, at the rate of 6d. per 100 words or fraction thereof.

The additional payment to be made in all cases by the applicant.

At least six hours' notice should be given the General Post Office, Wellington, of the desire to have an office specially reopened for Press news.

CHARGES FOR PRESS TELEGRAMS RELATING TO EXTRAORDINARY EVENTS, ETC.

Press telegrams containing intelligence of extraordinary events, such as collisions, wrecks, large fires, explosions, &c., may be accepted for transmission between offices open for the midnight cable service, after those offices are closed for the receipt of other Press messages, on the following conditions:—

No message must exceed 100 words.

The rate of 1s. to be charged for each message.

The Officer in Charge may refuse to accept any such message which in his opinion does not contain news of an urgent nature.

These messages will not be permitted to interfere with or delay the transmission of the midnight cable news.

Telegrams forwarded by Members of General Assembly.

During the session of Parliament, and for one week immediately before and one week immediately after the same, members of the General Assembly may send telegrams at the following rates, viz.:—

	s.	d.
For the first thirty-six words or any fraction thereof, including address and signature	0	6
For every four words or fraction of four words after the first thirty-six words	0	1

During the recess members of the General Assembly may also send telegrams to Ministers of the Crown at the foregoing rates.

Such telegrams shall be restricted either to domestic, public, or parliamentary business. Any disregard of this condition will render the telegram presented liable to be treated and charged for as an ordinary telegram.

"Collect" telegrams addressed to a Minister by any member of Parliament shall not be accepted for transmission at any telegraph office unless the Minister has by telegram requested such member to send him a reply "free," and proof thereof be given to the transmitting officer.

GENERAL RULES FOR COUNTING TELEGRAMS BETWEEN PLACES WITHIN THE COLONY.

1. No combination of two or more words is counted as one word, with the exception of those words which the usage of the language allows to be written together, or coupled by hyphens, as shown in Webster's Standard Dictionary, and which are so written by the sender of a telegram. For example, five per cent and New Year's Day are counted as three words; while Road Board, Park Lane, in transit, prize fight, wheat meal, ox tongues, surgeon dentist, all right, post office, flour mill, gold fields, one farthing, Christmas Day, and post card are two words; and half-yearly, shipmaster, first-class, bootmaker, everything, halfpenny, one penny, twopenny, postpaid, o'clock, today, tonight, and tomorrow, one word.

2. (a.) Words written together, and expressing a single number or numeral adjective under one hundred, as twenty-four, thirty-first, seventy-eight, and ninety-nine, count as one word. When the letter s is added, as in twenty-fives or forty eights, the combination would count as two words; but single words—that is, words which, without combination, express figures—count as one word whether written in the singular or plural: thus, the single word fives or eights or fifties would count as one, like six or eight or fifty. After ninety-nine, numbers will, of course, be counted as written—viz., one hundred and seventy-three, four words.

(b.) When the word one is followed by another single word to express the figures forming a fraction, the combination will count as one word: thus, one-half or one-fourth or one-eighth will count as one word, while seventeen-ths or twenty-two fiftieths will count as two words, and seven thirty-fifths or twenty-seven thirty-fifths will count as three words.

3. The abbreviations of auxiliary verbs designated by an apostrophe, such as can't, don't, won't, I'll, you'll, couldn't, shouldn't, &c., are counted as one word, but unabbreviated abbreviations, such as Asia for Australasia, combinations, such as Queenslanders, or alterations of words contrary to the usage of the language, such as alright for all right, are not admitted.

4. All names, with the exception of those mentioned in Rule 5, are counted as compound words if composed of more than one word: thus, Southern Cross is counted as two words; Ladybird, one; E. U. Cameron, three; New South Wales, three; Mail of the Mist, four; Sir Tatton, two; New Caledonia, two. But any mere prefix to a proper name is not to be counted separately: thus, St. George, St. Albans, St. Leonard, De Costa, De Beer, De Bourbel, McDonald, O'Donnell, St. Aubyn, San Francisco, will be counted each as one word.

5. The proper names of post or telegraph offices in New Zealand are the special exceptions to Rule 4: thus, Port Chalmers, New Plymouth, Castle Point, White's Bay, Government Buildings, and compound names of stations will be counted as one word each. No word, however, is to be included which does not form part of the actual name of the town or station: thus, Port Lyttelton will be two words, Lyttelton alone being the proper name of the port.

6. Initials and separate characters, separated by full stops or spaces, count as separate words: thus, E. M. T. Spence would count as four words, and 6.4.7. or 6.4.7 as three. An underline also counts as a word. The initial letters of separate words, when written to represent such words and not forming trade-marks, must be regarded as separated by stops or spaces, and counted as separate words accordingly: thus, PO for Post Office, is counted as two words; MHR, for Member of the House of Representatives, as three words; UK, for United Kingdom, as two words. In trade-marks, and such commercial terms as fob, cif, B/L, the letters and figures composing them must only be counted as separated by stops when they are so separated.

7. Bars of division used in the formation of numbers are counted as figures. A bar of division is also counted as a figure when used in connection with groups of mixed characters. When used in connection with letters only it is only counted as a letter.

8. Numbers expressed in figures are counted at the rate of five figures to a word, plus one word for any excess. The same rule applies to counting groups of letters and words not forming part of any authorized language, and to unintelligible combinations of letters. Where a group of figures is followed by a letter, the letter is counted as a word: thus, 102a counts as two words. Letters added to figures to form ordinal numbers are counted as figures, as in 25th, which counts as one word.

9. When the sender of a telegram desires words to be underlined, an extra word for each separate underline must be charged; and when to be placed in a parenthesis or inverted commas, two extra words must be charged.

10. If roman numerals are to be signalled, two extra words are charged for each group of such figures.

11. The following examples determine the interpretation of the rules to be followed in counting words:—

4 11 6	 3	XIII	 3

12. In telegrams containing preconcerted (code) language or cipher (letters or figures having a secret meaning) language the plain words are to be counted in conformity with paragraphs 1 to 5 inclusive. Words in admissible preconcerted language are to be counted and charged for at the rate of ten letters to a word. Words, names, or collections of letters not admissible in plain or preconcerted language, and groups of figures or letters, are counted according to the rules laid down in paragraphs 6 to 9 inclusive.

13. Every combination of words expressing the title of the sender or receiver in the signature or address of a message must be counted as it would be counted in the text of the message (see list under clause 18). The signature in every case must be the usual signature, written by the sender or by his authorised agent, but when written by the agent the latter must add his name or initials, not for transmission, but for the information of the department. When it is not intended or desired that the sender's signature should be telegraphed, it must be written on the back of the message. The message may then be transmitted without a signature, or with any signature known to the receiver, such as "Kate," "Harry," "Mamma," &c., which the sender may insert for transmission; but the receiver may have the full signature telegraphed by paying for the necessary service telegrams. When two or more signatures are affixed to a message, only the last is to be counted and coded as that of the sender.

14. When the sender desires that special instructions, such as "Private," "Confidential," "To be opened at once," "Per To Anan," "By first steamer," or the like, shall be written on the envelope of the message, he must write those instructions, immediately after the address of the receiver, and pay for them as part of the message. The words must also be written in the space for instructions.

LIST OF TELEGRAPH OFFICES.

The names of the telegraph offices in New Zealand are to be written in the addresses of telegrams as given in this list, and the name of each office as it is thus required to be given must be counted as one word. For instance, *Abbotsford* in the address of a telegram will count as one word, and *Norfolk*, *Dunedin*, as two words.

When a telegraph message is addressed to a place not a telegraph office, but bearing the same name as a telegraph office, as well as to the office to which the message is to be telegraphed—thus, "*Dunedin, Christchurch*"—the names of both places must of course be telegraphed, and the transmitting office through which any message so addressed may pass must regard the first of the two names as that of a place which is not a telegraph office.

Unless otherwise stated, offices are closed on Sundays and public holidays.

Money-order telegrams can be sent between all offices except those marked *.

Telegrams lodged during hours that offices are open for receipt of press telegrams must be paid for at urgent rates.

Telegrams lodged after 8 p.m. must be paid for at urgent rates, and be coded "Urgent," whether marked or not.

Urgent telegrams lodged on Sundays are charged four rates.

When telegraph lines are obstructed and urgent telegrams for places within New Zealand are required, telegrams for places beyond the colony are also accepted, but treated as urgent on New Zealand lines, and table the New Zealand charges on cable telegrams collected.

TELEPHONE EXCHANGES.

1. At any place where telephone exchanges have been established, Edison-Bell or any other approved telephones connected with the exchanges will be placed in offices or private residences within three miles of the central office, so that subscribers can converse with other subscribers at their offices or residences.

2. Every person desiring to hire any telephone instruments or set of telephones connected with a telephone exchange shall make application to the Superintendent of Electric Lines on the form supplied for that purpose by the department.

3. All applicants for a first connection with a telephone exchange, in addition to the rates in force for connection with an exchange, will be required to pay an entrance-fee of £1 when delivering the application for connection.

4. Subscribers at each exchange will be furnished with a list of persons with whom they may communicate by telephone, and, as new subscribers are connected with the system from time to time, notification of the fact will be given by the department.

5. The Electric Telegraph Commissioner or Superintendent of Electric Lines may refuse to connect with the telephone exchange any place of business, house, or premises which in the opinion of the Commissioner is or are used for any illegal, immoral, or improper purpose, and may, either with or without previous notice, exclude from the telephone exchange any subscriber who allows the telephone instruments in his custody or control to be damaged or destroyed, or put to any improper use, and may remove or cause to be removed any instruments allotted to the use of such subscriber. No person shall have any claim for damages or otherwise whatsoever in consequence of the refusal of the said Commissioner or Superintendent to

connect any place of business or house with the exchange for any of the causes aforesaid, or in consequence of the removal of any instruments, or the exclusion of any subscriber as aforesaid.

6. All charges payable in respect of the hire of any telephone instruments shall be paid half-yearly in advance, for distances up to two miles and under, and for distances over two miles, quarterly in advance, the first payment to commence from the date when the connection with the telephone exchange is completed.

7. If such payment be not made within one week after demand, the connection with the exchange may, at the discretion of the said Superintendent, be discontinued without prejudice to any proceedings for the recovery of any moneys then due or otherwise.

8. Telephones connected with exchanges are to be used on the business of the subscriber or that of his employes, family, or guests.

CHARGES.

On and after the 1st April, 1897, in addition to the entrance-fee of £1, the charge per annum payable in respect of the hire for any telephone instrument connected with a Government telephone exchange shall be as follows:—

To every subscriber for a single wire, as from the date of connection:—	Per Annum.
At exchanges which are open continuously—	£ s.
Business establishments	7 0
Private residences	5 0
At exchanges which are not open continuously—	
Business establishments and private residences ..	5 0
Extra telephone (in addition to cost of fitting) ..	1 0
Special instruments or appliances, as per agreement ..	Free.
Printing name of subscriber in telephone list ..	0 10
Printing of additional names in connection with the same number: For each additional entry ..	

The above rates are for connections with a telephone exchange of warehouses, stores, shops, and business places not more than half a mile from the exchange, and of private residences not more than one mile from the exchange.

For every additional quarter of a mile or fraction thereof, for each year commencing from the date of connection, and for every following year, 10s.

Where any connection with an exchange is over one mile in length, the applicant will be required to hold the same for three years.

If a connection with a telephone exchange necessitates the erection of a new line of poles beyond one mile, then the additional charge after the first mile will be at the rate of £1 for every quarter of a mile or fraction thereof.

For connections over three miles in length the subscriber will be charged at ordinary rates on the first three miles. For the portion beyond that distance he will be required to pay the cost of erection of the line, and an annual maintenance charge of £1 for each quarter of a mile or fraction thereof if the line is on new poles, or 10s. for each quarter of a mile if the wire is on an existing line of poles.

BUREAU STATIONS.

A "bureau station" means any ordinary telegraph office connected by telephone with an exchange, and includes any station so connected.

The following are the charges to be paid by the public for the use of Government telephones in the colony at a bureau station:—

Where the line used is not more than six miles long, a uniform charge of 6d. for the use of same for any period not exceeding three minutes, and a further charge of 6d. for every additional three minutes or portion of three minutes.

Where the line used is over six miles long, the charges are 1s. for the use of the same for any time not exceeding three minutes, and a further charge of 1s. for every additional three minutes or portion of three minutes.

The above regulation as to time (three minutes) shall only apply to bureau stations within the limits of a town where an exchange is situated.

For bureau stations outside the limits of a town, the charge will be for the first six minutes, and every additional six minutes or fraction of six minutes.

When subscribers are connected through an exchange to a bureau station, or from a bureau station to a subscriber, half the above rates will be charged.

When a message to the effect that any person is required at a telephone is delivered by the department from a bureau station, 3d. will be charged for delivery within the ordinary circuits of delivery. These charges must be paid by the sender. Messages outside the limits described above are subject to special charges for delivery, according to the extra expense thereby incurred.

Any one person may only use the wire for six minutes at a time—that is to say, that if another person requires the wire, at the end of six minutes he must have it. Should the wire not be asked for, then the person using it may continue to do so at tariff rate. On Sundays ordinary rates only are charged.

PRIVATE WIRES.

CONDITIONS UNDER WHICH LINE WILL BE CONSTRUCTED, SUPPLIED WITH INSTRUMENTS, AND MAINTAINED.

Cost of Construction.

Application should be made direct to the Superintendent of Electric Lines, Wellington, for any information regarding cost of construction and conditions under which private lines will be constructed or supplied with instruments.

Maintenance and Wayleave.

The charge for maintenance of each private line will be as under, payable yearly in advance, viz.:—

For the first mile or fraction thereof, £2 per annum, and 10s. for every additional quarter of a mile or fraction thereof.

If the wire cannot be erected on any existing line, and therefore entails the erection of a new line, then for such new line the maintenance will be at the rate of £4 per annum for the first mile or fraction thereof, and £1 for every additional quarter of a mile or fraction thereof.

Use of Line.

The applicants must only use the line for their own *bona fide* business, and on no account, directly or indirectly, allow the wire to be used for any purpose which might be construed into an attempt to defraud the department of its revenue.

CONDITIONS UNDER WHICH TELEGRAMS ARE TRANSMITTED TO PLACES BEYOND THE COLONY.

Telegrams for places beyond the Australian Colonies are described as *international* and those for Australia and Tasmania as *intercolonial*.

MODE OF WRITING AND ACCEPTANCE OF TELEGRAMS.

1. No responsibility is accepted for any delay or errors in the transmission of telegrams, nor for the non-transmission or non-delivery of telegrams from whatever cause arising. Every care, however, will be taken to insure both accuracy in transit and speed in delivery.

2. In order to guard against mistakes, attention is called to the great importance of legible writing. Every interlineation, reference, erasure, or alteration must be authenticated by the sender or his representative.

3. Telegrams may be composed of plain language or of secret language, i.e., of code words, or of figures or groups of figures. Letter ciphers, i.e., letters or groups of letters having a secret meaning, are only admitted in Government telegrams.

4. Telegrams in plain language must present a clear meaning in any one or several of the languages admitted for telegraphic correspondence.

5. Telegrams in code must consist of words, each of them presenting a clear meaning, but not forming intelligible phrases.

6. These words are taken from vocabularies admitted for this description of correspondence.

7. Telegrams in code may contain words of *ten letters at most*, taken from any or all of the following languages: English, French, German, Italian, Dutch, Portuguese, Spanish, and Latin. No other languages can be used. Code words containing more than ten letters will be dealt with as groups of letters, and will be charged at cipher rates (vide rule 35); but words composed of more than ten letters, used in their natural sense in code messages, will be charged for at the rate of ten letters to the word (vide rule 33).

8. Proper names of persons, places, &c., in the text of code telegrams will only be accepted when used in their natural sense.

9. The office at which the telegram is tendered for transmission may call for the production of the code for the purpose of verifying the authenticity of the words employed.

10. Telegrams in cipher may be composed of figures or groups of figures.

11. The text of secret telegrams may be wholly secret or partially so.

12. Telegrams consisting merely of the address, i.e., without text, are accepted.

13. The following abbreviations are counted as one word:—

(D)	Urgent telegram.	(XP)	Express paid.
(EP)	Reply prepaid.	(XP fr. X)	Express paid, x francs.
(RPX)	Reply paid, x words.	(XPT)	Telegraph express paid.
(RPD)	Reply paid urgent.	(XPP)	Express paid letter.
(RPDX)	Reply paid urgent, x words.	(RO)	To be delivered open.
(IC)	Collated.	(MP)	To be delivered to addressee only.
(PC)	Telegram with telegraphic acknowledgment of receipt.	(TR)	Telegraph <i>restante</i> .
(PCP)	Telegram with postal acknowledgment of receipt.	(PG)	Post <i>restante</i> .
(FS)	Telegram to follow.	(PGR)	Post <i>restante</i> registered.
(PR)	Post registered.	(TMX)	Communicate all addresses.

14. Any instructions the sender may have to give as to the delivery at destination, prepayment of reply, acknowledgment of receipt, repetition (collationnement), &c., should be written immediately before the address of the telegram and are charged for. These notices may be written in the above abbreviated form adopted for official instructions, in which case they are placed between parentheses and counted as one word only, the parentheses not being transmitted.

15. The address of a telegram must consist of at least two words, the first representing the name and address of the addressee, and the second the place of destination. These words must be inserted and charged for as part of the telegram. The consequences of an incomplete or incorrect address must be borne by the sender.

16. The Government will, at any of its offices, register for a fee of 10s. per annum for each address, the names and addresses of persons receiving telegrams, or proper names, or words as ciphers, so that this information may be given in two words, but not less than two words, thus: "ARIEL, WELLINGTON." This registration can only be effected locally. If a firm in Wellington should desire to register a code address in any other place, they must instruct their correspondents in the town where the telegram is addressed to make the necessary application at the telegraph office. When the telegram is addressed to the care of a person who has registered a code address, his name, or the words representing the code address, must be preceded by one of the instructions "at," "care of," or any other equivalent.

17. In all cases where it is desired to register a code address, a proper name or a dictionary word must be chosen.

Such combinations as "Cornmart" for "Cornelius Mart," "Granotel" for "Grand Hotel," &c., being neither proper names nor dictionary words, cannot be accepted for registration, nor can such irregular combinations be admitted in the text of telegrams.

18. These registrations apply, however, only to telegrams received at the station where the registration is effected, and not to telegrams forwarded from such station.

19. The sender of a private telegram is bound to prove his identity when requested to do so. The sender may have his signature legalised, and include such legalisation in his telegram. The number of words required for this purpose must be paid for.

20. The sender of a private telegram is bound to prove his identity when requested to do so. The sender may have his signature legalised, and include such legalisation in his telegram. The number of words required for this purpose must be paid for.

RECTIFYING TELEGRAMS.

21. The addressee of a telegram may have the whole or part of it repeated, on payment of the cost of the telegram demanding the repetition, and of the reply to the same. Should a reply to the request for repetition not be received within a reasonable time a second request will be sent without charge.

Rectifying-telegrams relating to *intercolonial* telegrams are to be charged half rates when the repetition shows that no error was made in the transmission of the original message.

22. The sender can also have the whole or any portion of his telegram repeated, on payment of the cost of the telegram he forwards, and of the reply, if one be required.

23. The demand for the repetition must be made within seventy-two hours (Sundays excluded) after receipt or despatch of the telegram, and should be written in the following manner:—

"Wellington from London [These words are not charged for].

S.R. " (R.P.) [i.e., reply paid].

"Twenty-sixth [date of original telegram]. Brown [addressee of original telegram]. Repeat first, fourth, ninth [meaning text-words in the original telegram]." Or

"Twenty-sixth. Brown. Repeat word [or words] after . . . Or
The reply will be as follows: S.R. "London from Wellington [These words are not charged for] "Brown [words repeated]."

24. The number of words in the reply will thus exceed by one the number of words to be repeated.

25. The charges will be refunded if the repetition proves that the original telegram has been seriously mutilated in transmission.

26. In case some of the words repeated are shown to have been correctly transmitted, the cost of the words employed to obtain the repetition of the same, both in the telegram of inquiry and reply, will be retained.

27. No refund will be made when the mutilation has been caused by illegible handwriting on the part of the sender, or when the repetition is obtained direct, instead of by means of an official service telegram.

28. No reimbursement of the charge for the original telegram will be allowed.

29. The sender may also rectify any error or omission in a telegram forwarded by him. This rectification should take the following form:—

EXAMPLE OF A RECTIFYING TELEGRAM SENT BY THE SENDER.

"S.T. Paris via Darwin. 7/4 [number of words]. Thirteenth Krichbaum. [Date and name of receiver of telegram to be rectified.] "Replace third [word of text] 20 by 200."

The charges paid for this class of telegrams are not refunded.

COUNTING AND CHARGING.

30. Telegrams are charged according to a tariff per word, including the names and addresses of the sender and addressee; but, unlike inland telegrams, the charges must be paid for in cash.

31. The name of the station of origin, the date, hour, and minute of the deposit of the telegram, will be officially inserted in the telegram, and supplied to the addressee free of charge.

32. In *plain language* the maximum length of a word is fixed at 15 letters in both *international* and *intercolonial* telegrams, any additional letters being counted and charged for as extra words, at the rate of 15 letters to the word. Diphthongs count as one letter only.

33. In *code language* the maximum length of a word is fixed at 10 characters according to the Morse alphabet. Words in plain language when inserted in code telegrams are charged for at the rate of 10 letters to a word. This applies to both *intercolonial* and *international* telegrams. (See Rule 7.)

34. In the address, however, the name of the receiving office and the name of the country in which the telegram has to be delivered are each counted as one word only, irrespective of the number of letters required to express them, subject to these proper names being written as they appear in the official nomenclature of the International Telegraph Office.

35. *Code-words* containing more than 10 letters, and words not belonging to any of the languages admitted for international correspondence, are charged for in both *international* and *intercolonial* telegrams at the rate of 5 letters to the word. (See Rule 7.)

36. All separate characters, whether letters or figures, underlines, parentheses, or inverted commas, are counted as a word.

37. Initials are charged as so many separate words.

38. Words joined by a hyphen or separated by an apostrophe are counted as so many separate words.

39. Nevertheless English and French compound words to be found in a standard dictionary, joined by a hyphen or separated by an apostrophe, are counted as one word if so written, subject to the limitation of letters in preceding paragraphs.

40. Illegitimate combinations contrary to the usage of the language, and abbreviated and wrongly-spelt words, are inadmissible.

41. If a short charge has been made on a telegram owing to the sender having employed words or combinations contrary to the usage of the language the amount short-charged will be collected from the addressee. When this power is exercised the telegram is not delivered to the addressee until the supplementary charge is paid. The sender is informed by service telegram in case the payment is refused. In every case where charges on cablegrams have to be collected on arrival, the telegrams are only to be given over to the addressee upon payment of the amount due.

42. Proper names of towns, countries, places, squares, streets, ships, and numbers written at length, whole or fractional numbers written entirely in letters and compound words, also patronymics belonging to one person, are counted according to the number of words employed by the sender to express them, the respective limitation as to the number of letters referred to in Rule 32 being always applied.

43. In both *international* and *intercolonial* telegrams each group of five figures or less is charged for as one word; larger groups also are charged at the rate of five figures to a word. The same rule applies to the counting of letters where admitted. (See Rule 3.)

44. In *international* telegrams signs of punctuation, apostrophes, hyphens, and fresh paragraphs are not transmitted unless paid for. Decimal points, commas, bars of division and stops used in the formation of numbers are each counted as a figure.

45. Letters added to figures to form ordinal numbers are each counted as a figure.

46. The words "fob" (meaning "free on board"), "cif" ("cost insurance freight"), and "c&i" ("cost freight insurance") are accepted as one word if written together. If written separately as "F.O.B.," "C.I.F.," and "C.F.I.," they are counted as three words each. The abbreviations "B/L" ("Bill of Lading"), "c/o" ("care of"), and "%" ("per cent.") are each accepted as one word.

47. The actual as distinguished from the chargeable number of words will be denoted by the use of a fraction, of which the numerator indicates the number chargeable, and the denominator the actual number.

48. The following are examples for counting and charging telegrams:—

(1) In this case the expression "Hydepark" in a single word is only counted as one word, because the word "park" forms an integral portion of the name of the square.

(2) Hanover and Wurttemberg following Emmingen serve to complete the designation of two offices of the same name belonging to the same State, and they thus appear in the first column of the official nomenclature of the telegraph offices.

(1) Telegraph instruments cannot reproduce such expressions as 30s. 15 x 6, &c. Senders should be requested to substitute the meaning at length, as "15 multiplied by 6," &c.

* Cipher letter not admissible in private telegrams.

† This can only be rendered as AP/M and 3/M respectively.

PAYMENT OF CHARGES.

49. All charges must be prepaid, except those for supplementary services or special conveyance beyond the telegraph office of destination, which are claimed from the addressee.

50. A receipt can be obtained for any message landed in at any telegraph station.

51. Short charges and charges due by the addressee which are not recovered from him are to be paid by the sender.

52. Charges erroneously collected in excess are refunded.

STOPPAGE OF TELEGRAMS.

53. The Telegraph Administrations reserve to themselves the power to stop the transmission of any private telegram which may appear dangerous to the security of the State, or which may be contrary to the laws of the country or to public order or decency.

54. Any sender can, by proving his identity, stop, if in time, the transmission of a telegram deposited by him. When a sender withdraws or stops his telegram before transmission has been commenced, the charges are returned to him, less a fixed sum of 5d., the fee of the sending office. If the telegram is already transmitted by the office of dispatch, the sender's only means of requesting it to be cancelled is by means of a paid service.

DELIVERY AT DESTINATION.

55. Telegrams are delivered according to their address at the place of residence of the addressee, or *poste restante* at the Post Office, or *telegraph restante* at the Telegraph Office, and in the two latter cases they are only delivered to the addressee or to a person duly appointed by him.

56. A telegram taken to the place of residence may be delivered either to the addressee, the adult members of his family, to his employes, lodgers, or landlord, or to the porter of the house, unless the addressee has given special instructions to the contrary.

57. If the door is not opened at the address given, or if the messenger finds no one who will consent to take in the telegram, notice is left at the address given, and the telegram is brought back to the Telegraph Office, to be delivered to the addressee upon application.

58. When a telegram cannot be delivered, the delivery office advises the sending office of the cause of non-delivery, which advice, if practicable, is communicated to the sender. The latter can only complete, rectify, or confirm the address by a paid telegram.

59. Cable telegrams to Australia must now contain fuller addresses than a surname only, however well known the addressee may be. Telegrams for delivery in those colonies stated to be registered as cable-code addresses.

59A. Telegrams addressed to places beyond New Zealand which are handed in for transmission with the instruction "Post, Auckland," "Post, Bluff," &c., must not be accepted without a full postal address, the abbreviated or code address being only allowable in messages telegraphed to actual destination.

URGENT TELEGRAMS.*

60. Telegrams may be forwarded marked "urgent," for which three rates are charged throughout, with the exception of telegrams to Victoria and Tasmania, for which countries a concession on urgent telegrams is allowed, viz.: Victoria, on first ten words 6d., on each subsequent word 1d.; Tasmania, on first ten words 2s., on each subsequent word 2d. Telegrams may be accepted "Urgent N.Z. lines" only, in which case three inland rates, as per heading of "Table of Rates," should be charged.

PREPAID REPLIES.

61. The sender may prepay a reply to his telegram, which must not however exceed thirty words, unless it be to obtain the repetition of a telegram previously transmitted, under Rules 21 and 22. (See Rule 61.)

62. The words "reply prepaid," or "(RP)," are to be added to the telegram and paid for, and the sender must state the number of words he has prepaid; for instance, "reply prepaid twenty," or "(RP) twenty," the first instructions counting as 3 and the latter as 1 word. If the sender does not specify the number of words for which he prepays a reply, charge is made for an ordinary telegram of 10 words. When an urgent reply is required the indication "Reply paid urgent," or "RPD," must be inserted and paid for. Replies to RP telegrams exchanged with *intercolonial* offices must bear the word "collect" immediately before the address, and such word be charged for.

63. The amount prepaid by the sender is held for a period of six weeks at the disposal of the addressee.

64. Should such reply or other telegram contain more words than have been advised as prepaid, the excess must be paid for by the sender of the reply. In *intercolonial* telegrams this means the charges on all words in excess of 10, and the office to which the reply is sent must be advised accordingly.

* Urgent messages can be accepted for transmission through Great Britain or India, but during their transmission over the wires of those States they will take rank with ordinary telegrams.

65. In the case of *international* telegrams, if the addressee does not make use of the amount prepaid, he may, within the above-mentioned period of six weeks, return the voucher delivered with the original telegram and request that the money be refunded; or the sender. If the reply be sent and contains a less number of words than have been prepaid, the difference will be returned to the sender if applied for.

66. The amount prepaid for a reply to a redirected telegram must be telegraphed forward to the final place of destination; the addressee will thus be able to reply in accordance with the sender's intention. The cost of the redirection must be collected from the addressee on delivery of the redirected telegram.

REPEATED OR COLLATED TELEGRAMS.

67. The sender may have his telegram repeated from station to station on payment of an additional charge equal to a quarter of the ordinary rate. The words "repetition paid," or the abbreviated signal "(TC)," must be written before the address and charged for.

ACKNOWLEDGMENT OF RECEIPT.

68. The sender may request that the time at which his telegram is delivered to the addressee be notified to him either by telegraph or letter.

69. The words "acknowledgment paid," or the abbreviated signal "(PC)" for telegraph and "(PCP)" for post, must be inserted in his telegram and charged for. The cost of an acknowledgment of receipt by telegraph is equal to that of a telegram of 10 words, or by post on payment of 5d.

TELEGRAMS TO FOLLOW.

70. Telegrams for countries in Europe can be directed to several addresses "to follow," for instance, "John Brown, Hotel de Rome, Berlin, on Rümer, Frankfurt a/M, faire suivre." The sender pays the charges to the first destination, and the cost of further transmission is collected on delivering the telegram. The words "faire suivre," or the official code "(FS)," must be inserted before the address, for which the rate of two words is charged in the former and of one word in the latter case.

MULTIPLE TELEGRAMS.

71. Telegrams may be addressed—
a. To several persons in the same place;
b. To one person at several residences in the same place.
72. Telegrams addressed to several addressees, or to the same addressee, in different towns, are charged as so many separate telegrams.
73. Telegrams addressed to several persons in the same place, or to one person at several residences in the same place, with or without further dispatch by post, are charged as single telegrams, plus a copying-fee of 5d. for every 100 words or fraction of 100 words contained in the telegram for every additional address after the first.
74. In calculating the charge for the telegram all the names and addresses are included in the number of chargeable words.
Multiple telegrams are not accepted for places in North or South America.

TELEGRAMS TO PLACES BEYOND THE INTERNATIONAL SYSTEM.

75. Telegrams for places not connected by telegraph must have instructions added to the address as to the means by which they are to be forwarded to destination; for instance, "Express" (or post), Müller, Steglitz, Berlin.
76. The name of the telegraph office by which the telegram is to be sent on by post, express, or other means, is stated last.

CERTIFIED COPIES OF FOREIGN TELEGRAMS.

77. The sender or addressee of a telegram may, on furnishing full particulars thereof, obtain a certified copy of the telegram as handed in, or as delivered at destination, on payment of 5d. for every 100 words or fraction of 100 words. (In addition to this charge, a search-fee of 2s. 6d. must be paid when a search is necessary.)
78. As all telegrams are destroyed periodically, certified copies of telegrams more than twelve months old cannot be supplied.

REFUNDS.

79. Refunds are granted—
a. Of the cost of every telegram which has, through the fault of the telegraph service, failed to reach its destination, or suffered a notable delay, that is to say, which does not arrive sooner than by post, or which occupies more than 144 hours in transit;
b. Of the full cost of every repeated or collated telegram which has manifestly failed to fulfil its object through errors made in its transmission by telegraph;

c. In international telegrams the cost of every word omitted in the transmission of an ordinary telegram through the fault of the telegraph service (this rule, however, is not applicable when the addressee has discovered the omission and had it rectified under Rules 21 and 22).

80. A claim for refund of charges may be made to the office of origin or of destination by the sender or addressee of a telegram at any time within six months. The claim must be accompanied in the case of non-delivery by a written declaration of the office of destination or of the addressee that the telegram has not been delivered, and in the case of delay or of mutilation by the copy actually delivered to the addressee. Although a claim for refund may be accepted from the addressee of a telegram, the reimbursement of the charge is only made to the sender.

81. No refund, except as stated under Rule 79, c, can be made on account of errors or omissions in ordinary or non-collated telegrams, nor can any refund be granted on account of telegrams necessitated or rendered useless by the loss, delay, or omission referred to under Rule 79, a, b, c.

REGISTRATION OF ABBREVIATED ADDRESSES.

UNITED KINGDOM.

1. A register is open at the Central Telegraph Station, London, for the registration of the full address, at which telegrams reaching London from the provinces, or from abroad, and marked with an abbreviated or arbitrary address, are to be delivered.

2. The charge for registration is one guinea per annum, payable in advance, and becomes due on the 1st of August in each year.

3. For an address registered in London, the fee of one guinea should be remitted by means of a cheque on a London Bank, crossed "Bank of England," in favour of the Postmaster-General or order, or by Post Office order payable at the Chief Office, London.

4. The Postmaster-General does not undertake the delivery of any telegrams at addresses which are not either full and complete, or which have not been registered at the General Post Office, or which cannot be traced in the Post Office London Directory, whether the record of the actual address has already been notified to the Post Office or not.

5. In the provinces, and in Scotland and Ireland, the addressees of telegrams may have their addresses registered at the Chief Office of the Town in which they reside, upon payment at that office of the registration fee.

Persons in New Zealand desirous of availing themselves of this arrangement should request their correspondents in the United Kingdom to register any abbreviated address that may be agreed upon, at the Chief Office of the Town in which they reside.

The Telegraph Companies register names and addresses of telegraph correspondents free of charge at all their stations, and in London at 11, Old Broad Street, 8, Leadenhall Street, and 3, Great Tower Street.

NEW ZEALAND.

A register is kept at every Telegraph Office in New Zealand for the registration of code addresses of two or more words in cablegrams from places beyond the colony only. The charge for registration is 10s. per annum for each address.

TABLES OF RATES, INCLUDING ALL TELEGRAPH CHARGES FOR TELEGRAMS DESPATCHED TO PLACES BEYOND THE COLONY.

THE New Zealand inland charges, included in these rates (excepting "Press" messages), are—on *intercolonial* telegrams, 6d. for the first ten words, and 1d. for each additional word; and on *international* telegrams, 1d. for every word. On Sundays double inland charges are collected. Words contained in signature and address are to be counted as part of each telegram. The greatest length of a word is limited to fifteen letters in both *intercolonial* and *international* telegrams; any excess in either case counting as an additional word.

NOTE.—For "urgent" rate, see page 172.

Conditions.

1. The wires by the Eastern Company's route of telegraph from London, via Gibraltar and Malta, to India, and thence by the Eastern Extension Telegraph Company's route to Australia and New Zealand, are available to the Press for the transmission, at the reduced rate, of news or intelligence for publication in newspapers allowed by the Imperial and Colonial Governments respectively, to receive intelligence by telegraph at the reduced rate.

2. Such telegrams shall not interfere with the transmission of the ordinary telegram traffic, and in order to insure this the transmission of such news telegrams may be deferred or suspended, or interrupted, until any Government telegram or any ordinary or press telegrams at full rates that may be on hand shall have been transmitted and completed. But when Press Telegrams have been delayed over twenty-four hours they shall thereafter be forwarded in turn with ordinary telegrams.

3. The working of the wire or wires shall be subject to the rules and regulations of the International Telegraph Convention.

4. No telegrams at the reduced rate shall be sent except for publication in such newspapers, and they must be written in plain English, so as to be intelligible to the transmitting offices. Telegrams containing news or information not for publication, or containing code words or words of concealed meaning, or groups of figures or ciphers, shall be paid for at the full tariff rates in force for ordinary telegrams.

5. The newspapers, their Correspondents or Agents, are required to address their telegrams to a newspaper office, which shall be prohibited from selling, distributing, or communicating such telegrams to clubs, exchanges, or newsrooms, or disposing of them for any purpose whatsoever, directly or indirectly, other than for publication in newspapers allowed by the Imperial and Colonial Governments to receive them.

6. Telegrams can only be accepted from the authorized correspondent of a newspaper, and the news sent in such telegrams must be duly published in the newspapers, or satisfactory reasons be given for non-publication, in the absence of which full rates will be chargeable.

7. The Administrations reserve to themselves the right to terminate the present arrangements, but will in such case announce their intentions twelve months beforehand.

Government Life Insurance Department.

COMMISSIONER: JOSEPHUS H. RICHARDSON.

ASSISTANT COMMISSIONER: D. M. LUCKIE. ACTUARY: MORRIS FOX.

SECRETARY: W. B. HUDSON.

CHIEF MEDICAL OFFICER: THOMAS CAHILL, M.D.

ACCOUNTANT: G. W. BARLTROP.

ASSURANCES IN FORCE, OVER £9,000,000.

ANNUAL INCOME EXCEEDS £400,000.

ACCUMULATED FUND, OVER £2,500,000.

The Government Life Insurance Department is the only New Zealand Office devoted exclusively to Life Insurance.

No new business is transacted out of the colony: the full benefit of the low rate of mortality in New Zealand being thus secured, the extra risks of inferior climates are avoided, and the entire funds of the Department retained in the colony for investment.

Government Security for the Payment of every Policy.

The all-important consideration for insurers is the security for payment of the sum assured. Policy-holders in this Office obtain THE SECURITY OF THE COLONY, in addition to that of a strong Mutual Insurance Office.

Policy-holders are entitled by Law to the whole of the Profits.

£144,000 CASH PROFITS have just been divided amongst the policy-holder after a valuation of liabilities by a very SEVERE STANDARD, and making a SPECIAL RESERVE of £81,000 for future contingencies.

Moderate Premiums.

BONUSES are allotted every THREE YEARS, and LIBERAL INTERIM BONUSES are allotted to policies becoming claims in the period between two valuations.

This Office alone combines the advantages of MUTUAL ASSURANCE with MODERATE PREMIUMS and GOVERNMENT SECURITY. Instead of charging rates considerably higher than are necessary, and afterwards returning the excess, accumulated at a low rate of interest, in the shape of bonuses, this Office gives AT ONCE almost as large an Assurance as the premiums will bear with safety. In addition to this advantage, which is equivalent to an IMMEDIATE BONUS, all surplus profits that may arise belong entirely to the Assured.

GOVERNMENT LIFE INSURANCE DEPARTMENT—continued.

Liberal Regulations.

LIBERAL SYSTEM OF NON-FORFEITURE.—Owing to the numerous changes which mark colonial life, it is found that not infrequently people commence insurances, the payments on account of which they may, from various causes, be unable regularly to continue. In order that every Government policy-holder may receive a full equivalent for the amount of premiums he has paid, it has been determined to adopt the following system, which will be a condition of every policy, viz.: When the premium on any policy which has acquired a surrender value becomes *overdue* by non-payment within the thirty days of grace, the policy will still remain in force for the full amount assured until the cash surrender value for the time being is no longer sufficient to cover arrears including loans (if any) and accrued interest (without payment of any further premiums during that period), and should a claim occur within that time the same will be paid, deducting only the arrears and loan (if any) and accrued interest thereon. Any bonus additions attaching to the policy will be taken into account in arriving at the cash surrender value for the purpose above specified.

POLICY-HOLDERS MAY AUTHORIZE DEDUCTION OF THEIR PREMIUMS WHEN DUE FROM THEIR POST-OFFICE SAVINGS-BANK ACCOUNTS, if they desire such convenience.

POLICY-HOLDERS CAN BORROW ON SECURITY OF THEIR POLICIES to the extent of 90 per cent. of the cash surrender value.

POLICY-HOLDERS MAY TRAVEL or reside in any part of the world without license or extra charge.

POLICY-HOLDERS may engage in any occupation without license or extra charge.

POLICIES ARE FROM DATE OF ISSUE, if age has been admitted, **IRREFUTABLE AND UNCHALLENGEABLE,** on any grounds whatever, except fraud, or suicide of the insured within the first six months.

POLICIES ARE PROTECTED FROM BANKRUPTCY to extent of £2,000 immediately on issue, in nearly all cases.

PROPOSERS NEED NOT PAY AN INCREASED PREMIUM, but may have in lieu of the loading an equivalent debt indorsed on policy, which will be satisfied should the assured attain the average duration of life.

PROOF OF AGE MADE EASY on application to the Head Office or any agent of the Department. Failing certificate of birth or baptism, a certified copy of entry in family Bible or other register, or statutory declarations by the assured and a friend, will readily be accepted. A mistake in age will not make the policy void; and, although death should take place before the age is admitted, the claim will be paid on production of satisfactory evidence such as that before mentioned.

For **TOTAL ABSTAINERS** there is a **SPECIAL SECTION**, in which **PROFITS** are **ALLOCATED SEPARATELY.**

LOANS ON MORTGAGE.—The Office is now lending money on approved Freehold Security to the extent of three-fifths the value offered at exceptionally low rates of interest. The maximum amount which can be advanced to any one person is fixed by statute at £10,000. Particulars and forms of application can be obtained at the Head Office, or at the District, Branch, and Postal Agencies.

LOANS REPAYABLE BY INSTALMENTS.—The department is prepared to make advances on mortgage, not exceeding three-fifths of the value of the property mortgaged, repayable by half-yearly instalments extending over 8, 10, 12, 15, or 20 years.

PUBLIC TRUST OFFICE.

Capital and Interest guaranteed by the State.

The Office undertakes the following Business:—

1. The Administration of all Intestate Estates of which Letters of Administration have not been granted to the widow or other person entitled, the realisation and distribution of the personality, the payment of the debts, and the care of the realty for the absent heir.
2. The Executorship of the Wills of persons who may appoint the Public Trustee their executor, and thus avoid the necessity of committing their friends to the responsibilities involved by such a position.
Also the Administration of Trusts renounced by previously-appointed Trustees.
3. The Administration of all kinds of Money Trusts, including Marriage Settlements and every kind of fund the trusts of which are definitely set forth in the deed creating the Trust.
4. The Administration of the Estates of Lunatics and Lunatic Patients.
5. The management of property as Attorney or Agent for the owner.
6. The Protection and Administration of all Lands lying waste, of which the owner is unknown, or has been absent from the colony for ten years without having left any known agent.
7. The Deposit of Wills for safe custody.
8. The colony guarantees the integrity of the capital funds of properties placed in the Public Trust Office where there is no direction for the investment of such funds, or where there is no other direction for their investment than generally, at the option of the Public Trustee, in the securities in which, unless expressly prohibited, he may invest all capital funds.
9. The colony also guarantees on such capital funds for investment a **common rate of interest**, to be credited quarterly, *free of all office charges*, to the properties from which the funds arise.
10. The value of this guarantee will be obvious when it is considered that it is—
 - (1.) The guarantee of the colony against loss from investments in bad or insufficient securities;
 - (2.) The guarantee of the colony against loss from delay in the investment of moneys;
 - (3.) The guarantee of the colony that the interest determined by Order in Council shall be regularly and punctually paid, *free of all charges of the Public Trust Office*.
11. A person making a will or arranging a trust must always be seriously concerned as to the security of the capital funds; and the larger the capital funds the greater will be the concern for security, and the less for a high rate of interest; and it will be found that the charges for the administration of a property by the Public Trustee will, when the legal charges and commission allowed to executors and administrators in connection with private administrations are considered, compare very favourably with the expense of an administration by any other means.
12. In private trusteeships, death and absence render necessary numerous and expensive deeds not required by Public Trustee's administration, which has, besides, the office solicitor's advice without expense to the estates. By all who know or have experienced

the contingencies of private trusteeships these advantages must be appreciated.

13. The Public Trust Office, although a department of the State, is absolutely free from political interference or control.

14. Large powers are conferred by statute on the Public Trustee, thus supplementing powers contained in wills for the benefit of the testator's family.

15. For particulars as to the Office and its work apply to any of the Office Agents, or to the undersigned, at the Government Insurance Buildings, Wellington.

JAMES C. MARTIN,
Public Trustee.

ADVANCES TO SETTLERS.

1. By "The Government Advances to Settlers Act, 1894," the **Government Advances to Settlers Office** is established under the management of an officer called "The Superintendent," and all communications to the office should be addressed—

"The Superintendent,
Government Advances to Settlers Office,
Wellington, New Zealand."

2. The business of the office is the advancing of money in New Zealand on first mortgages of the following classes of lands, not being urban lands or suburban lands used for residential or manufacturing purposes, free from all encumbrances, liens, and interests other than leasehold interests, that is to say,—

- (1.) Freehold land held in fee-simple under "The Land Transfer Act, 1885," or freehold land held in fee-simple the title to which is registered under "The Deeds Registration Act, 1868."
- (2.) Crown land held on perpetual lease under "The Land Act, 1885."
- (3.) Crown land held under Parts III. and IV. of "The Land Act, 1892," including land held under occupation-with-right-of-purchase tenure.
- (4.) Crown land held on lease as a small grazing-run under "The Land Act, 1885," or under "The Land Act, 1892."
- (5.) Crown land held on agricultural lease under "The Mining Act, 1891."
- (6.) Crown land held on lease (not being for mining purposes) under "The Westland and Nelson Coalfields Administration Act, 1877."
- (7.) Native land held on lease under "The West Coast Settlement Reserves Act, 1892," or
- (8.) Land held on lease under "The Westland and Nelson Native Reserves Act, 1887."
- (9.) Land held under "The Thermal Springs Districts Act, 1881."
- (10.) Educational and other reserves which are subject to the provisions of "The Land Act 1877 Amendment Act, 1882," by virtue of Proclamation made under section 237 thereof, or "The Land Act, 1885," by virtue of Proclamation made under section 243 thereof, and are held on perpetual lease or lease in perpetuity, or on deferred-payment or small grazing-run systems.
- (11.) Crown land held by license on the deferred-payment system under Part III. of "The Land Act, 1885."
- (12.) Land held under lease from a leasing authority, as defined by "The Public Bodies Powers Act, 1887," and providing for the payment by the incoming tenant of valuation for improvements made upon the land, whether by the lessee named in such lease or any former lessee as tenant.

The class of land in each instance, and whether the land is or is not suburban land, shall be determined by the Board.

By the passing of the Amendment Act, 1896, the scope of subsection (10) hereof has, it will be observed, been enlarged so as to include leases which were hitherto ineligible.

3. Advances may now be made on **suburban lands** which are held or occupied for farming, dairying, or market-gardening purposes.

4. It is necessary to the granting of an advance under the Act that—

(a.) **The security**—that is, the property which the applicant offers to mortgage for the loan—shall consist of some one or more of the several classes of land mentioned in the foregoing paragraph 2, and shall, of course, be of the necessary value; and, if the security is **leasehold**, all the covenants and conditions on the lessee's part must be certified by the lessor to have been complied with, and all arrears of rent paid up to the date of the granting of the advance.

(b.) The person desiring the advance should make a **written application to the Superintendent** on the form of which a copy can be obtained from any Postmaster in the colony.

In the form of application all the particulars which the applicant can furnish, and for which the form provides, should be given respecting the property; and the applicant, if in possession of, or having access to, the title to the property, or knowing what the title comprises, should have no difficulty in filling up the form without assistance. Where any particulars cannot be stated with precision they should be given approximately.

A sketch showing roughly the shape of the land and its position with regard to roads, &c., will be sufficient for the purpose of the plan to be placed upon the application for the loan in cases where the applicant has no proper map or plan; but where practicable a copy or tracing of such a plan should accompany the application.

The Postmasters in the colony will supply applicants with envelopes for their applications, and afford to applicants any explanation which may be required respecting the use of the form of application.

In the case of an application for an advance on the security of an interest in land held under a lease or license subject to the Land Acts, and described in this circular as wholly or in part under class 2, 3, 4, 10, or 11, a notice of the application must be forwarded to the Commissioner of Crown Lands by the applicant upon a form which, with an envelope to enclose the notice, any Postmaster in the colony will supply.

(c.) The application should be for a loan of **not less than £25**, and of **not more than £3,000**, and should be accompanied by the valuation-fee according to the following scale:—

Scale of Valuation-fees to be paid by Applicant, in any event, and to accompany the Application.

	£	s.	d.
On an application for a loan not exceeding £100	..	..	0 10 6
Exceeding £100 but not exceeding £250	..	..	1 1 0
Exceeding £250 but not exceeding £500	..	..	1 11 6
Exceeding £500 but not exceeding £3,000	..	..	2 2 0

(d.) If the applicant has already obtained any advance under the Act, and is desirous of obtaining a further advance, either on the same security or on a separate security, the amount of the application, added to the amount of the advances already obtained, should **not exceed the sum of £3,000**.

(e.) The **value of the security** will be according to a valuation made by or on behalf of the Superintendent to the **satisfaction of the General Board**, on the basis of the land being used only for farming, dairying, or market-gardening purposes.

(f.) Where the security offered for the advance consists of **leasehold land**, the application in respect of such leasehold security should not be for more than **half the value of the lessee's interest in the lease**—that is to say, not for more than half the lowest estimated amount which a sale of the lessee's interest would realise.

Where the security offered consists of **freehold lands**, the application in respect of such freehold security should not in the case of instalment mortgages be for more than **three-fifths and for fixed loans not more than one-half of the realisable value of that security**.

5. Mortgages executed under the Act will be **subject to the following provisions** :—

(a.) On freehold security only the loan may be for a fixed term not exceeding 10 years at 5 per cent. interest, or may (subject as hereafter mentioned) be for a term of 35 years.

(b.) Instalment loans, with interest at the yearly rate of 5 per cent., shall (subject as aforesaid) be repaid by 73 half-yearly instalments, consisting partly of principal and partly of interest.

(c.) Every such half-yearly instalment except the last shall, for every £100 of the loan, be £3, according to the following table, which shows how much of each instalment is on account of principal and how much for interest, and what balance of principal the borrower will owe at the due date of each half-yearly instalment:—

(d.) The mortgagor may, notwithstanding the foregoing provisions, pay to the Superintendent, at any time, the whole balance of principal owing, and obtain a discharge of the mortgage debt on payment of the fees prescribed for such discharge.

For example: If the borrower of £100 under an instalment mortgage should, at the close of the first year, pay to the Superintendent, in addition to the second instalment, a sum of £98 19s. 9d., the whole balance of principal owing would be refunded, and the borrower could then obtain a discharge of the mortgage, on payment of the prescribed fees.

(e.) The mortgagor may also from time to time pay to the Superintendent, in addition to the half-yearly payments, sums of £5, or of a multiple of £5, in reduction of the mortgage debt; and, in the case of instalment mortgages, when the sums so paid amount, with the accumulated interest at an annual rate of 4 per cent. compounded yearly, to the balance of principal owing at the time according to the foregoing table, the mortgagor can obtain a discharge of the mortgage on payment of the prescribed fees.

If, for example, the borrower of £100 under an instalment mortgage should, at the end of the second year of the mortgage, pay, in addition to the fourth half-yearly instalment of £3, a sum of £50 in reduction of the mortgage debt, the half-yearly instalments would continue to be payable until the balance of the principal owing should not exceed the amount of £50 with interest compounded annually at 4 per cent.: that is to say, the instalments would be payable for 14 years, or until the 28th instalment had been paid, when the balance of principal owing would be £50 1s. 4d., and the sum of £50 would, with the accumulation of interest at 4 per cent. per annum, amount to £80 1s. A payment of 4d. would consequently then repay the whole balance of principal owing, and entitle the borrower to discharge of the mortgage on payment of the costs and fees for the discharge.

Payments in reduction of fixed loans will be credited as against the principal, and interest charged only upon the balance.

6. The fees and costs payable for the mortgages under the Act are as follow:—

Scale of Costs and Fees for Mortgages.

Mortgages under "The Land Transfer Act, 1883."

Law-costs of preparing, or perusing, and of registering mortgage (to be deducted from the advance),—

	£	s.	d.

Exceeding £500 but not exceeding £1,000	1	1	0
Exceeding £1,000 but not exceeding £3,000	1	11	6

With cash disbursements, which are the same in every case, namely,—

Mortgage form	2s.	With an additional 2s. for every certificate of title after the first.
Search fee	2s.	
Registration	10s.	
Costs and fees for discharge of mortgage,—		
Law-costs	5s.	With an additional 2s. for every certificate of title after the first.
Registration fee	5s.	

Mortgages under "The Deeds Registration Act, 1868."

Costs of preparing, or perusing, and of registering mortgage, including disbursements (to be deducted from the advance),—

	£	s.	d.
If advance be not exceeding £500	2	10	0
For every additional £500	0	15	0
Costs of discharge, including registration fees	1	1	0

No commission or charge or procuration fee for the promotion of an advance—that is, for the successful result of the application for the loan—should be paid or levied.

7. The officials of the Government Advances to Settlers Office are sworn to observe the strictest secrecy respecting the applications for advances, and are forbidden to give any information respecting the name of any applicant or the amount of the advance which the applicant may apply for or obtain, except to such of the officers as may be appointed to assist in carrying out the provisions of the Act.

No information as to the transactions of any individual with the Advances to Settlers Office in respect to an advance under the Act will be disclosed by the office or by the Government in any returns or statistics.
