NEW ISSUES AND VARIETIES

by Rob Talbot

Christmas (7 October 2009) SC51a-i

A huge improvement in the "Design-a-Stamp" competition designs by children. To me the stand-out design is the \$2.30 "NZ Pigeon". Despite its tenuous connection to Christmas, it is a really bold and colourful design. Likewise the traditional designs are as good as any of its forerunners.

A note of philatelic interest is a design error on the \$2.80 value. The winner's name is incorrectly spelled "Apun" – it should be "Apurv", a matter of some consequence to a 7 year old!

Designed by Stephen Fuller, Wellington (Traditional) and "Design-a-Stamp" winners as below. Printed by Southern Colour Print, Dunedin, by offset litho in four process colours and metallic gold (PMS871).

- Gummed sheets of 50, Tullis Russell 104gsm Red Phosphor gummed stamp paper. Perforation 14.3, mesh horizontal.
- Two booklets of 10 for each of 50c and \$1.80 values, Avery Dennison B100 PS1 gloss-back adhesive 210gsm paper. Perforation (die-cut) 10.1 x 9.8, mesh horizontal.
- Retail roll of 100 x 50c self-adhesive. No change to booklet technical details..
- Se-tenant pair of 50c and \$1.80 self-adhesive from jumbo roll printing. No change to roll technical details except matrix is stripped.

Note: All self-adhesive formats are phosphor-tagged with a straight-sided box on stamp margins.

Designs are: 50c Pohutukawa (Felix Wang – 11 yrs)
50c Shepherds (Traditional)
\$1.00 Mary, Joseph & Jesus (Traditional)
\$1.80 Magi (Traditional)
\$2.30 NZ Pigeon (Dannielle Aldworth -10yrs)
\$2.80 Presents (Apurv Bakshi – 7yrs)
50c Shepherds (s/adh roll)
50c Shepherds (s/adh booklet)
\$1.80 Magi (s/adh booklet)

Sir Peter Blake 1948-2001 (25 November 2009) S1171-5

A winning design on all fronts. Easy to read denomination, apposite and striking graphic design and appropriate, well-chosen images. What doesn't come across in the facets of Sir Peter's claim to fame noted in the various inscriptions is his genuine and engaging personality – one of the real good guys of sport and an exemplary ambassador for New Zealand. Tragic that a good life should be terminated so perversely (by Amazonian pirates!).

Designed by Cue Design, Wellington. Printed by Southern Colour Print, Dunedin, by offset litho, in four process colours plus silver (PMS877).

- Gummed sheets of 25, Tullis Russell 104gsm Red Phosphor gummed stamp paper. Perforation 13.4 x 13.6, mesh horizontal.
 - Gummed miniature sheet incorporating one of each value se-tenant (1 x 5). No change to technical details.
 - Gummed miniature sheet carrying 50c value only imperforate, mesh now vertical. The sheet also incorporates a ticket (valued at \$16.00) which is valid for adult entry to the Sir Peter Blake Tribute and Exhibition at the Voyager New Zealand Maritime Museum. This miniature sheet is only found in the presentation pack of which only 4,000 were produced.
- Note: That the price for this miniature sheet is set at \$21.00 and \$25.00 for the FDC.

Designs are: 50c Inspirational Leader

\$1.00 Yachtsman

\$1.80 Record Breaker

\$2.30 Passionate Kiwi

\$2.80 Environmentalist

Ross Dependency – 50th Anniversary of the Antarctic Treaty (25 November 2009) RD113-17

I have to admit the graphics are excellent and integrate unequivocal elements of Antarctica in a visually appealing way. However, this series, since the 1990's, has always delivered such stunning real-life images – surely the main attraction for Antarctic thematics – that one feels a bit short-changed to be served up effigies. On the other hand, they do very fairly represent the inscription to which they relate.

Designed by Inhouse Design, Auckland. Printed by Southern Colour Print, Dunedin by offset litho in four process colours.

• Gummed sheets of 25, Tullis Russell 104gsm Red Phosphor gummed stamp paper.

Perforation 13.4 x 13.6, mesh horizontal.

Designs are: 50c 50th Anniversary of the Antarctic Treaty

\$1.00 Antarctica Shall be used for Peaceful Purposes Only

\$1.80 Freedom of Scientific Investigation in Antarctica

\$2.30 International Co-operation in Scientific Investigation in Antarctica

\$2.80 Preservation and Conservation of Living Resources in Antarctica

REPRINTS

Plus reproduction of \$20.00 "Images of New Zealand" (PC27a) in offset litho and overgloss (no recess printing) overprinted "SPECIMEN".

Designs are: 50c Sir Edmund Hillary (S1116)

\$1.00 Mt Everest, Hillary and Tenzing (S1117)

\$2.50 Order of the Knight of the Garter (S1120)

Definitive Reprints (October? 2009)

Note: Both booklets see a return to phosphor tagging with a straight-sided box.

"I am very pleased to tell you that my Catalogue arrived yesterday (Saturday 5th Dec) and I am absolutely thrilled by it. I took time to put the paperwork in the correct places and it is possible that I will change it about a bit. How marvellously clear the stamps are on the Permanent Pages. The Temporary Pages seem to be set out much more clearly than in the old Catalogue and there seems to be much more information and explanation given. It seems to be very much better than the old Catalogue in all respects, bearing in mind that I had only a few hours to look at it. But I wanted to give you some first impressions.

Incidentally, thank you for all the stamps on my parcel. I wanted a \$20 stamp used."

CALs CORNER Part 17

by Andrew Dolphin

2009 Waldrom Paintings CALs

A set of five different 50c CALs has been released in September 2009, featuring paintings by New Zealand artist David Waldrom of Paekakariki. Entitled 'Postcards from Paekakariki', the paintings are taken from the artists book of poems and artwork titled 'Sun, Surf and Sea: Portraits of Kapiti'. The subjects of these five paintings are Steam Engine, Railway Signal Hut, Trees, Sunset at the Beach and Kapiti Island. A set of five MaxiCards were also available.

2009 Christmas, 2nd Issue

Felix Wang is the 11 year old winner of the Design-a-Stamp competition for NZ Post's 2009 50c Christmas stamp. Felix, of ACG Parnell College, described his painting as "NZ's Christmas is summer and I love to sit on a chair, enjoy the view and relax. Also lots of people called the Pohutukawa the New Zealand Christmas tree". This stamp was issued on 7 October as part of NZ Post's Christmas set of nine. This painting has now also been turned into a \$1.00 CAL in a similar style to the issued stamp.

2009 Animal Re-Homing

A set of two CALs 50c and \$1.00 has been issued on 19 November 2009 with FDC's postmarked Auckland for animal re-homing, sponsor Vet Care, adopt an animal. Both CALs feature the circular Animal Re-Homing logo.

Adsons - First Day

From 'Captain COOK' the Newsletter of the Christchurch Philatelic Society (Inc). PO Box 29, Christchurch, No. 703, December 2009, Volume 37 No.11, comes a most interesting article by Jim Robb wherein strong evidence is given principally by Henry Hume, New Zealand Government Stamp Printer who stated in November 1893 that stamps printed at the Government Stamp Printing Office, Wellington with advertisements on the back were first issued on 8 February 1893. Furthermore, this 8 February 1893 date is agreed to by Dr Robin Gwynn as most probably the date on which they were first issued through the country's Post Offices.

We will thus be listing 8 February 1893 as their issue date on Temporary Page D11, in the Section D Revision from the forthcoming 2010 CP Catalogue Supplement.

"I received your package of offerings of New Zealand stamps and was duly impressed."

"Thank you for the cheque for £----- pounds received today. I am so pleased for the Estate and your fair way of doing business."

**This month, instead of 'Eighty-Five Years Ago' and 'Fifty Years Ago',
we have '62 Years Ago' and '40 Years Ago'.**

From the Auckland Philatelic Society Newsletter, PO Box 1932, Shortland Street, Auckland 1140. Issue 153, November 2009.

Here is an interesting article including a letter written by the New Zealand Post Office to CP in 1948!

Some Things Never Change

"Two issues that have exercised the minds of stamp collectors and philatelists lately are poor cancellation of the mail, and the number of stamps issued each year by New Zealand Post. That these issues are not new is illustrated by the following two pieces.

" The first published in Pim's Pacific Stamp Review of October 1948, is a letter from the Acting Chief Postmaster in Auckland to Campbell Paterson, who wrote on behalf of some of Pim & Co.'s customers who had complained that slogan cancellations were ruining the stamps on their mail. The Acting Chief Postmaster, W.G. Morgan wrote in response:

"Dear Sirs- In reference to your communication... concerning the postmarks of correspondence: I have to inform you that, if all mail posted were treated as philatelic mail and date-stamped lightly and clearly, mailroom sorters would be handicapped in their work. Letters are passed through the modern postmarking machine at the rate of 600 a minute and this speed is essential to keep the sorters fully employed.

The primary aim of postmarking is to secure cancellation of stamps and impress on mail matter the date of posting. This is achieved by the present practice, and the Department does not propose to vary it. To do so, would mean serious delays in the dispatch of mail.

Yours faithfully, W.G. Morgan, Acting Chief Postmaster, Auckland C.1

"This is a letter written from the APS to the Federation of New Zealand Philatelic Societies on 30 August 1970, regarding the issuing by the New Zealand Post Office of too many stamps:

*"The Secretary, Federation of N.Z Philatelic Societies,
Auckland*

"Dear Mr McFarlane,

At the last General Meeting of this Society a motion was passed that a letter of protest be sent to the Federation at the increasing number of new stamps to be issued by the NZ Post Office in the next 12 months.

"This includes the three stamps making up the Christmas issue, two for the Chatham Islands, numerous provincial and local centenaries and other commemorative [sic] issues.

"This feeling is aggravated [sic] by the fact that a complete and very extensive set of new definitives is being issued at intervals during the same period, and the fact that many very high value stamps of the current definitive set have been on issue for a very short period.

"This Society desires the Federation to give serious consideration to these facts and if necessary make overtures to the Post Office to limit the number of new stamps to be issued in a given period.

Yours sincerely, R.A. Dexter, Honorary Secretary"

The completion of the address appended in pencil and the letter on-sent to the addressee there. No German censorship. **Note:** The German takeover in Greece was in April 1941. THE SANDY INNES-SMITH COLLECTION

Part Two

If not quite the value of "Part One" you will find at least as much of interest here. Sandy's collection is characterised by the more scarce (often unique) items over and above the usual missing colours, perf and colour shifts and so on. This does not always mean 'high-priced' so do check this listing. Enjoy... but wait... there's more coming next month too!
